**The Nameless Ones** Dell Shannon, 2014-07-28. Someone in Glendale is murdering elderly housewives in their homes. The signs point to a serial killer but could the police be mistaken? In each case the killer knew the victim's routine but what possible connection can there be between victims at opposite ends of town and who could know just where all of them would be at a given time? Vic Varallo is tasked with the investigation to discover the link between the victims. However, he has more than just murder on his plate with a new baby to contend with as well as a nasty flu epidemic sweeping through the department. My favourite American crime writer.
