Extragalactic Adventure Our Strange Universe:

Extragalactic Adventure: Our Strange Universe Jean Heidmann, 1982-01-29 The extragalactic universe the immense world of a billion galaxies lying beyond our own is the subject of this book Our Sun is but a tiny star among a hundred billion others in our Galaxy the Milky Way which appears as a luminous veil trailing across the clear night sky Beyond the Milky Way we will soar into space amid galaxies clusters of galaxies radio galaxies and quasars of enormous energy out to the cosmological horizon which arrests our flight like an intangible barrier Why do galaxies seem to fly from us Is space so strongly curved that by going straight ahead we come up behind ourselves Did it all begin with an enormous explosion the famous Big Bang which decided our fate in the first quarter of an hour These are the questions which this rigorous and enthusiastic scientist tries to answer with complete honesty and non technical clarity

Space Station Friendship Dick Lattimer, 2017-09-15 The year is 2007 the fiftieth anniversary of the Space Age Space shuttle Discovery is about to dock at the first permanent U S space station which author Dick Lattimer called Friendship In all but name the space station depicted in these pages is based on NASA plans To help you project yourself on board Lattimer has created a fictional crew including three rookie crew members doctoral candidates who have been chosen to do special work on their theses By viewing the space station through their eyes you will learn about the important work to be done there Friendship reflects existing technology and projected plans As part of his extensive research Lattimer along with his son illustrator Michael Lattimer had the unique opportunity to spend several different days aboard the space station mockup at Huntsville Alabama Inevitably there will be design modification But life aboard our first permanent space station will probably resemble life on space station Friendship In these pages you will visit the many elements of the space station including the habitation modules the animal research facility and the industrial park You will learn about the modules of the European Space Agency and of Japan and about the mobile servicing station the next generation Canadarm As the staff members discuss their work with the rookies you will find the answers to their questions like these How will they handle emergencies How will they get supplies What kinds of R7D work will they do How will they use the Hubble Telescope How will they cope with isolation and confinement
