Desert Christians William Harmless, 2004-06-17 In the fourth century the deserts of Egypt became the nerve center of a radical new movement what we now call monasticism Groups of Christians from illiterate peasants to learned intellectuals moved out to the wastelands beyond the Nile Valley and in the famous words of Saint Athanasius made the desert a city In so doing they captured the imagination of the ancient world They forged techniques of prayer and asceticism of discipleship and spiritual direction that have remained central to Christianity ever since Seeking to map the soul s long journey to God and plot out the subtle vagaries of the human heart they created and inspired texts that became classics of Western spirituality These Desert Christians were also brilliant storytellers some of Christianity s finest This book introduces the literature of early monasticism It examines all the best known works including Athanasius Life of Antony the Lives of Pachomius and the so called Sayings of the Desert Fathers Later chapters focus on two pioneers of monastic theology Evagrius Ponticus the first great theoretician of Christian mysticism and John Cassian who brought Egyptian monasticism to the Latin West Along the way readers are introduced to path breaking discoveries to new texts and recent archeological finds that have revolutionized contemporary scholarship on monastic origins Included are fascinating snippets from papyri and from little known Coptic Syriac and Ethiopic texts Interspersed in each chapter are illustrations maps and diagrams that help readers sort through the key texts and the richly textured world of early monasticism Geared to a wide audience and written in clear jargon free prose Desert Christians offers the most comprehensive and accessible introduction to early monasticism

Desert Anzacs Neil Dearberg,2017-11-01 For 100 years the astounding story of Anzac horsemen cameleers aviators rough riders medics vets light and armoured cars hasn t been told Until now Championed by Australia s Lieutenant General Sir Harry Chauvel they overcame early feeble British political and military incompetence Fast open conflict rather than septic trenches suited their outback upbringing Part of the Egyptian Expeditionary Force they recovered the Holy Land after 730 years of Muslim control even saving Lawrence of Arabia and his cause Their stunning victory at the Battle of Beersheba was the last mass mounted charge of modern times The great ride offensive of the Desert Mounted Corps with 30 000 horsemen destroyed the Ottoman Empire and wreaked vengeance for Gallipoli This is the first detailed account of the extraordinary military campaign that set the stage for today s Middle East Dearberg s Anzac trilogy on World War I is now complete Gallipoli France Palestine **Desert Dust** Troy Lewis Péwé,American Association for the Advancement of Science,1981 *The Desert* Michael Welland,2014-09-15 From endless sand dunes and prickly cacti to shimmering mirages and green oases deserts evoke contradictory images in us They are lands of desolation but also of romance of blistering Mojave heat and biting Gobi cold Covering a quarter of the earth s land mass and providing a home to half a billion people they are both a physical reality and landscapes of the mind The idea of the desert has long captured Western imagination put on display in films and literature but these portrayals often fail to capture the true scope and diversity of the people living there Bridging the scientific and cultural gaps between perception and reality The Desert celebrates our fascination with

these arid lands and their inhabitants as well as their importance both throughout history and in the world today Covering an immense geographical range Michael Welland wanders from the Sahara to the Atacama depicting the often bizarre adaptations of plants and animals to these hostile environments He also looks at these seemingly infertile landscapes in the context of their place in history as the birthplaces not only of critical evolutionary adaptations civilizations and social progress but also of ideologies Telling the stories of the diverse peoples who call the desert home he describes how people have survived there their contributions to agricultural development and their emphasis on water and its scarcity He also delves into the allure of deserts and how they have been used in literature and film and their influence on fashion art and architecture As Welland reveals deserts may be difficult to define but they play an active role in the evolution of our global climate and society at large and their future is of the utmost importance Entertaining informative and surprising The Desert is an intriguing new look at these seemingly harsh and inhospitable landscapes **Sturt's Desert Drama** Ivan
