Religion, Tradition, and Restorative Justice in Sierra Leone Lyn S. Graybill, 2017-06-15 In this groundbreaking study of post conflict Sierra Leone Lyn Graybill examines the ways in which both religion and local tradition supported restorative justice initiatives such as the national Truth and Reconciliation Commission TRC and village level Fambul Tok ceremonies Through her interviews with Christian and Muslim leaders of the Inter Religious Council Graybill uncovers a rich trove of perspectives about the meaning of reconciliation the role of acknowledgment and the significance of forgiveness Through an abundance of polling data and her review of traditional practices among the various ethnic groups Graybill also shows that these perspectives of religious leaders did not at all conflict with the opinions of the local population whose preferences for restorative justice over retributive justice were compatible with traditional values that prioritized reconciliation over punishment These local sentiments however were at odds with the international community's preference for retributive justice as embodied in the Special Court for Sierra Leone which ran concurrently with the TRC Graybill warns that with the dominance of the International Criminal Court in Africa there are currently eighteen pending cases in eight countries local preferences may continue to be sidelined in favor of prosecutions She argues that the international community is risking the loss of its most valuable assets in post conflict peacebuilding by pushing aside religious and traditional values of reconciliation in favor of Western legal norms

Historical Dictionary of Sierra Leone Magbaily C. Fyle, 2006-03-27 Sierra Leone was founded albeit under British control with the highest hopes of being a refuge for liberated Africans and freed slaves When the country received its independence hopes for the future grew even stronger Alas its expectations came crashing down when the country's situation grew steadily worse after repeated military interventions and a devastating ten year civil war that raged throughout the 1990s Now that the war is over there is once again renewed cause for optimism about the country's future as Sierra Leone becomes an active participant in African and world affairs This new edition is based primarily on recent research on the country but covers the earliest known inhabitants the colonial era and the period of independence including the very confusing turmoil of the recent past The chronology briefly traces its history and the introduction provides an essential overview of all the recent developments in the country Hundreds of cross referenced dictionary entries describe significant leaders events political parties and movements ethnic groups and related political

economic and social aspects A bibliography is included to facilitate further research

The Legal Legacy of the Special Court for Sierra Leone Charles C. Jalloh, 2020-07-16 This important book considers whether the Special Court for Sierra Leone SCSL which was established jointly through an unprecedented bilateral treaty between the United Nations UN and Sierra Leone in 2002 has made jurisprudential contributions to the development of the nascent and still unsettled field of international criminal law A

leading authority on the application of international criminal justice in Africa Charles Jalloh argues that the SCSL as an innovative hybrid international penal tribunal made useful jurisprudential additions on key legal questions concerning greatest responsibility jurisdiction the war crime of child recruitment forced marriage as a crime against humanity amnesty immunity and the relationship between truth commissions and criminal courts He demonstrates that some of the SCSL case law broke new ground and in so doing bequeathed a legal legacy that remains vital to the ongoing global fight against impunity for atrocity crimes and to the continued development of modern international criminal law **World Englishes**

Hardback with Audio CD Andy Kirkpatrick, 2007-04-19 The model of English that should be used in classrooms has long been a subject of debate This book with an accompanying audio CD describes selected varieties of World Englishes and discusses the advantages and disadvantages of selecting a particular variety from the point of view of both teachers and learners It aims to examine and re evaluate concepts such as standard variety native speaker and non native speaker and to validate the role played by multilingual and multicultural English language teachers arguing that context and learner needs should determine the variety to be taught **Prayers That Avail Much 25th Anniversary Commemorative Hardback**

Germaine Copeland, 2005 Presents a collection of Scripture based intercessory prayers for all types of life situations **The White Book Service 2012 Volume 1 hardback and eBook**, The Genealogical Imagination Michael Jackson, 2021-04-05 In *The Genealogical Imagination* Michael Jackson juxtaposes ethnographic and imaginative writing to explore intergenerational trauma and temporality Drawing on over fifty years of fieldwork Jackson recounts the 150 year history of a Sierra Leone family through its periods of prosperity and powerlessness war and peace jihad and migration Jackson also offers a fictionalized narrative loosely based on his family history and fieldwork in northeastern Australia that traces how the trauma of wartime in one generation can reverberate into the next In both stories Jackson reflects on different modes of being in time demonstrating how genealogical time flows in stops and starts linear at times discontinuous at others as current generations reckon with their relationships to their ancestors Genealogy Jackson demonstrates becomes a powerful model for understanding our experience of being in the world as nobody can escape kinship and the pull of the past Unconventional and evocative *The Genealogical Imagination* offers a nuanced account of how lives are lived while it pushes the bounds of the forms that scholarship can take **Child Soldiers** Myriam Denov, 2010-03-25 Tragically violence and armed conflict have become commonplace in the lives of many children around the world Not only have millions of children been forced to witness war and its atrocities but many are drawn into conflict as active participants Nowhere has this been more evident than in Sierra Leone during its 11 year civil war Drawing upon in depth interviews and focus groups with former child soldiers of Sierra Leone's rebel Revolutionary United Front Myriam Denov compassionately examines how child soldiers are initiated into the complex world of violence and armed conflict She also explores the ways in which the children leave this world of violence and the challenges they face when trying to renegotiate their lives and self concepts in the

aftermath of war The narratives of the Sierra Leonean youth demonstrate that their life histories defy the narrow and limiting portrayals presented by the media and popular discourse

The Sierra Leone Special Court and its Legacy Charles Jalloh, 2014 The Special Court for Sierra Leone SCSL is the third modern international criminal tribunal supported by the United Nations and the first to be situated where the crimes were committed This timely important and comprehensive book is the first to critically assess the impact and legacy of the SCSL for Africa and international criminal law Contributors include leading scholars and respected practitioners with inside knowledge of the tribunal who analyze cutting edge and controversial issues with significant implications for international criminal law and transitional justice These include joint criminal enterprise forced marriage enlisting and using child soldiers attacks against United Nations peacekeepers the tension between truth commissions and criminal trials in the first country to simultaneously have the two and the questions of whether it is permissible under international law for states to unilaterally confer blanket amnesties to local perpetrators of universally condemned international crimes

The Fletcher Forum of World Affairs, 2006

In the Time of Ebola Jonah Lipton, 2014-11-15 The anthropologist Jonah Lipton was in Freetown Sierra Leone when the largest Ebola outbreak in history hit In the Time of Ebola is his account of the epidemic centering on the residents of a neighborhood swept up in the emergency Lipton follows the lives of young men and women over a period of seven years revealing what the epidemic looked like on the ground He explores its causes impacts and legacies in a place where crisis might be considered the norm not the exception The emergency was disruptive and challenging not least due to the short term international response Yet for many youths Ebola was a time of unusual clarity on the ambiguities around care work and coming of age experienced in a context of vast economic and social inequalities Lipton shows how residents of this historically cosmopolitan West African city drew on centuries old frameworks for managing foreign intervention In the Time of Ebola questions dominant framings of crisis and offers ways of theorizing researching and responding to emergencies that make the home the family and ordinary life their starting point
