In the Bunkers of Sinai Arnold Sherman, 1971 Daily life and conditions for Israeli troops on the Bar Lev Line along the Suez Canal during Nasser's war of attrition 1970      A History of Israel Howard M. Sachar, 2013-07-31 First published in 1976 Howard M. Sachar's *A History of Israel From the Rise of Zionism to Our Time* was regarded one of the most valuable works available detailing the history of this still relatively young country. Decades later readers can again be immersed in this monumental work. The second edition of this volume covers topics such as the first of the Aliyahs in the 1880s, the rise of Jewish nationalism, the beginning of the political Zionist movement, and later how the movement changed after Theodor Herzl, the Balfour Declaration, the factors that led to the Arab Jewish confrontation in Palestine and its role both during the Second World War and after the war of independence, and the many wars that followed it over the next few decades, and the development of the Israeli republic and the many challenges it faced both domestically and foreign, and still faces today. This is a truly enriching and exhaustive history of a nation that holds claim to one of the most complicated and controversial histories in the world.

Gangsters and Other Statesmen Danilo Mandić, 2020-12 How global organized crime shapes the politics of borders in modern conflicts. Separatism has been on the rise across the world since the end of the Cold War, dividing countries through political strife, ethnic conflict, and civil war, and redrawing the political map. *Gangsters and Other Statesmen* examines the role transnational mafias play in the success and failure of separatist movements, challenging conventional wisdom about the interrelation of organized crime with peacebuilding, nationalism, and state making. Danilo Mandić conducted fieldwork in the disputed territories of Kosovo and South Ossetia, talking to mobsters, separatists, and policymakers in war zones and along major smuggling routes. In this timely and provocative book, he demonstrates how globalized mafias shape the politics of borders in torn states, shedding critical light on an autonomous nonstate actor that has been largely sidelined by considerations of geopolitics, state-centered agency, and ethnonationalism. Blending extensive archival sleuthing and original ethnographic data with insights from sociology and other disciplines, Mandić argues that organized crime can be a fateful determinant of state capacity, separatist success, and ethnic conflict. Putting mafias at the center of global processes of separatism and territorial consolidation, *Gangsters and Other Statesmen* raises vital questions and urges reconsideration of a host of separatist cases in West Africa, the Middle East, and East Europe.      *Daily Report, Foreign Radio Broadcasts* United States. Central Intelligence Agency, 1970      *Sinai in Spring; Or, The Best Desert in the World* Montague John Rendall, 1911      **Handbook of the United Arab Republic** M. V. Malyukovskiy, 1969      **The Dalai Lama's Secret and Other Reporting Adventures** Henry S. Bradsher, 2013-04-08 For over a quarter of a century, award-winning journalist Henry Bradsher reported stories from around the world. In this lively and engaging account, Bradsher recounts episodes from a distinguished career that took him to the Himalayas, the jungles of Bhutan, Kremlin caviar receptions, China's Forbidden City, and the battlefields of Vietnam. Throughout, Bradsher emphasizes the unpredictability of a

correspondent's life and the strains, perils and privileges of standing witness to momentous world events. In South Asia, Bradsher reported the Dalai Lama's escape from Tibet in 1959 and the last five years that Jawaharlal Nehru led India with a side trip to hunt tigers in Nepal with Queen Elizabeth. In Moscow, he covered the downfall of Nikita Khrushchev and he later suffered the KGB bombing of his car in response to his tenacious reporting. His incisive coverage from Hong Kong led Chinese officials to label Bradsher as the most despicable journalist. But after a power shift, they welcomed him as the first American journalist allowed to work in China. In over a year, Bradsher predicted and reported Bangladesh's independence struggle and he worked in the Middle East covering Egyptian-Israeli peace arrangements. Access to the events that shaped the Cold War also led to Bradsher's meeting many world leaders, including Nehru, Khrushchev, Leonid Brezhnev, Zhou Enlai, Richard Nixon, Gerald Ford, Jimmy Carter, Ronald Reagan, Anwar Sadat, and Menachem Begin. Although Bradsher's reporting riled officials in Moscow, Beijing, and even the United States, prompting Henry Kissinger's attempts to thwart the publication of his reports, history has proven its accuracy. Bradsher's relentlessness in his own work accompanied a profound respect for fellow journalists worldwide who endanger themselves to keep the public informed.

**The Boys of Summer** Michael Casciaro, 2024-03-11. I remember their faces. I remember their pride in their unit, STRIKE AND KILL, but above all, I remember their happiness at the thought of going home to family, friends, loved ones, fiancés, and most of all, America. America for everything she stands for. America, the reason they all wore that uniform and the reason they served so far away from home. America must know. America must appreciate. America must miss their most valued treasure: their American soldiers. They ARE a part of something bigger; they always will be. Please let us all remember them together: these young American heroes from every corner of our nation who were willing to risk everything for our future. They are forever young; they will always be in the summer of their lives. They are the Boys of Summer.

The author, Michael Casciaro, served in the 3rd 60th Infantry Battalion as a rifle platoon leader in 1985 when his unit replaced the 3rd 502nd in the Sinai Peninsula to assume duties in the Multi-National Force and Observers (MFO) peacekeeping mission between Egypt and Israel. This is his story of the events leading up to and the aftermath of the Arrow Air Flight 1985 crash in Gander, Newfoundland, that killed 248 members of the battalion he replaced. It also chronicles the life of an Infantry Second Lieutenant fresh out of the Infantry Officer's Basic Course (IOBC) and U.S. Army Ranger School after reporting to his first unit. There, he endured rigorous training to prepare him to lead his soldiers in combat and perform duties of an officer in the MFO under one of the Army's most inspirational leaders in the 1980s. Leading men under those conditions was tough, not politically correct, and focused on one thing: ensuring your soldiers survived combat.

Olschner III, 2014-08-15 This paper is an historical study of the strategy tactics and weapons employed by Israel Egypt and Syria in the battle for air superiority from 1967 through 1973 The study is developed chronologically beginning with the 1967 War through the War of Attrition and ending with the cease fire in the 1973 War It has been compiled from an extensive review of unclassified primarily secondary unofficial sources The paper concludes that in a mid intensity war with modern air forces and air defense forces 1 The achievement of strategic tactical and or technological surprise can significantly influence the battle for air superiority 2 Missiles have demonstrated the capability to significantly influence the air superiority battle in surface to air air to air and air to ground operations 3 Air superiority can be achieved over the modern battlefield only by defeating both surface to air and air to air capabilities of the enemy 4 The achievement of air superiority over the battle area requires the combined efforts of air and land forces of which long range artillery may be the most effective weapon for the
