In The Footsteps Of Johnson And Boswell:

In the Footsteps of Johnson and Boswell Israel Shenker, 1984 The author follows the trail taken by James Boswell and Samuel Johnson on a tour through the highlands and western islands of Scotland

The Oxford Handbook of Samuel Johnson Jack Lynch, 2022-09-08 No major author worked in more genres than Samuel Johnson essays poetry fiction criticism biography scholarly editing lexicography translation sermons journalism His works are more extensive than those of any other canonical English writer and no earlier writer's life was documented as thoroughly by contemporaries Because it's so difficult to know him thoroughly people have made do with surrogates and simplifications But Johnson was much more complicated than the popular image of Dr Johnson suggests socially conservative but also one of the most radical abolitionists of his age a firm believer in social hierarchy but an outspoken supporter of women intellectuals an uncompromising Christian moralist but also a penetrating critic of family structures Labels fit him poorly In The Oxford Handbook of Samuel Johnson an international team of thirty six scholars offers the most comprehensive examination ever attempted of one of the most complex figures in English literature The book's first section examines Johnson's life and the texts of his works the second organized by genre explores all his major works and many of his minor ones the third organized by topic covers the subjects that were most important to him as a writer as a thinker and as a moralist

Footsteps of Dr. Johnson (Scotland) George Birkbeck Norman Hill, 1890

The Shadow in the Garden James Atlas, 2017-08-22 The biographer so often in the shadows kibitzing casting doubt proving facts comes to the stage in this funny poignant endearing tale of how writers' lives get documented James Atlas the celebrated chronicler of Saul Bellow and Delmore Schwartz takes us back to his own childhood in suburban Chicago where he fell in love with literature and early on found in himself the impulse to study writers' lives We meet Richard Ellmann the great biographer of James Joyce and Atlas's professor during a transformative year at Oxford We get to know Atlas's first subject the self doomed poet Delmore Schwartz And we are introduced to a bygone cast of intellectuals such as Edmund Wilson and Dwight Macdonald the tall pines as Mary McCarthy once called them cut down now according to Atlas by the merciless pruning of mortality and of course the elusive Bellow a metaphysician of the ordinary Atlas revisits the lives and works of the classical biographers the Renaissance writers of what were then called lives Samuel Johnson and the obsessive Boswell and the Victorian masters Mrs Gaskell and Thomas Carlyle And in what amounts to a pocket history of his own literary generation Atlas celebrates the biographers who hoped to glimpse an image of them as fleeting as a familiar face swallowed up in a crowd With black and white illustrations throughout

Samuel Johnson and the Culture of Property Kevin Hart, 1999-09-28 Kevin Hart traces the vast literary legacy and reputation of Samuel Johnson Through detailed analyses of the biographers critics and epigones who carefully crafted and preserved Johnson's life for posterity Hart explores the emergence of what came to be called The Age of Johnson Hart shows how late seventeenth and early eighteenth century Britain experienced the emergence and consolidation of a rich and diverse culture of property In

dedicating himself to Johnson's death Hart argues James Boswell turned his friend into a monument a piece of public property Through subtle analyses of copyright forgery and heritage in eighteenth century life this study traces the emergence of competing forms of cultural property a Hanoverian politics of property engages a Jacobite politics of land Kevin Hart places Samuel Johnson within this rich cultural context demonstrating how Johnson came to occupy a place at the heart of the English literary canon **Dictionary of National Biography** Sir Sidney Lee,1920 *The Dictionary of National Biography* Leslie Stephen,Sir Sidney Lee,1920 *Going Places* Robert Burgin,2013-01-08 Successfully navigate the rich world of travel narratives and identify fiction and nonfiction read alike with this detailed and expertly constructed guide Just as savvy travelers make use of guidebooks to help navigate the hundreds of countries around the globe smart librarians need a guidebook that makes sense of the world of travel narratives *Going Places A Reader's Guide to Travel Narratives* meets that demand helping librarians assist patrons in finding the nonfiction books that most interest them It will also serve to help users better understand the genre and their own reading interests The book examines the subgenres of the travel narrative genre in its seven chapters categorizing and describing approximately 600 titles according to genres and broad reading interests and identifying hundreds of other fiction and nonfiction titles as read alike and related reads by shared key topics The author has also identified award winning titles and spotlighted further resources on travel lit making this work an ideal guide for readers advisors as well a book general readers will enjoy browsing [Samuel Johnson](#) Peter Martin,2008 Benefiting from recent critical scholarship that has explored new attitudes toward Johnson Martin's biography offers a human and sympathetic portrait of the literary and social icon **Paragons of the Ordinary** Marvin Marcus,1992-12-01 *Paragons of the Ordinary* is about a quite extraordinary literary achievement a series of biographies of obscure scholar literati written by Mori Ogai one of Japan's most prominent writers and intellectuals Deeply concerned about the cultural toll taken by Japan's headlong modernization early in this century Ogai employed the format of newspaper serialization in presenting meticulously researched accounts of individuals who had come to embody exemplary traits and traditional virtues His unique project undertaken over the period 1916-1921 resulted in nine interconnected works the centerpiece of which is based on the life of Shibue Chusai an all but unknown individual toward whom Ogai developed a deep bond of kinship and reverence much like the sense of discipleship that Marvin Marcus holds toward Ogai In exploring Ogai's biographical project Marcus aim is to convey a sense of its unique power and authority and to show how this power derives from Ogai's deft use of anecdotal episodes to highlight the exemplary character of his subject Marcus places Ogai's work in the context of a long tradition of biographical narrative in Japan at the same time he calls attention to the author's relationship to the contemporary literary scene and its journalistic orientation Ogai's biographical works stand on their own as the unique artistic achievement of a giant of modern Japanese literature and culture They also constitute a brilliant critique of a society that had lost touch with its traditional values Marcus reading of a literature often considered inaccessible or elitist will be

relevant to the study of Japanese literature and history as well as to the craft of biographical research and of journalistic conventions that influence writers in Japan as elsewhere

The Dictionary of National Biography, 1920 Restless Travellers Antonio José Miralles Pérez, 2011-08-08 The first part of this book deals with Britain's imperial age its militants and its critics The selection of works generates a large field of debate explored using traditional or innovative approaches The 19th century is presented as a time for writers J E Aylmer E Marryat Norris G A Henty Conan Doyle who tell stories of Europeans venturing forth into uncivilised regions of the world where they meet other races But writers of a different outlook are also considered Before the twilight of Empire women were born in England Virginia Woolf and in Ireland Elizabeth Bowen who would use the ductile means of literature to narrate journeys into the female self instead of masculine tales set in distant lands The imperial experience is a subject of concern and reflection with special interest when authored by natives of former colonies such as Michael Ondaatje's Hindu Sirk hero in *The English Patient* and the Nigerian girls in some of Patience Agbabi's poems The idea of travelling into or out of the culture to which one apparently belongs and the contradictory feelings such an experience causes pervades the writer's mind and the ensuing narrative The second part can be regarded as a North American miscellany mostly devoted to the African culture although also dealing with European heritage In order to recognise Asian and South American influences as well authors such as Fred Wah Ariel Dorfman and Julia Alvarez have been included Black literature is represented by two 19th century writers Mary Ann Shadd and Martin R Delany who remind us of the fight against slavery and segregation and the path to equality Various 20th century writers Toni Morrison Ernest Gaines Harryatt Mullen August Wilson address the African Americans quest for identity presented by some as a journey southwards away from the place of birth or an unsatisfactory life and in search of self knowledge in the land of their forefathers These journeys provide materials for different genres and tones enabling readers to examine the aspirations and fears of a community whose contribution to the history and literature of America has stimulated continuous study The two parts of the book are connected by the underlying discussion of essential conflicts that have occupied travellers traversing imperial spaces or experiencing foreign lands as well as travellers who instead of exotic adventures or romantic sojourns want to settle in a new country be accepted by a nation their ancestors did not know or exercise rights they were denied on their native soil
