

The Navel of the Moon

Wondrous Item, artifact (requires attunement)

Legend says that this is a piece of the moon itself, gifted by a long forgotten god of the moon to his chosen worshippers. It is said that while it can guide those who use it to their loved ones, those who try become little more than a memory. Others tell darker tales, of a mysterious gem that turns those who use it into savage monsters...

Spells. This gem has 7 charges and regains 1d4 + 3 expended charges daily at moonrise. You can use an action and expend 1 or more charges to cast one of the following spells (Spell Save DC 18, Spell Attack Modifier +10) from it: Wall of Light (3 charges), Moonbeam (cast at 3rd level, 1 charge), Mordenkainen's Faithful Hound (2 charges), or scrying (3 charges).

You can also use an action to cast the Unseen Servant spell from the gem without using any charges.

Shape of the Moon. When you attune to this gem, your body is infused with the energy of the night, and takes on aspects of an owl. Any hair you have is replaced with feathers, you grow a feathered tail, your eyes become larger and yellow in color, your skin becomes greyish, your nails turn black and longer, and your head becomes shaped like that of an owl's. You gain darkvision out to 120 feet if you do not already have it. If you already have darkvision to 120 feet, this does not extend it.

Otherworldly Connection. When you attune to the Navel of the Moon, the intense forces of the faewild play havoc with your body. You age 3d10 years and must succeed on a DC 10 Constitution saving throw or die from the shock. If you die, you are instantly transformed into a wight under the DM's control that is sworn to protect the artifact. In addition, while attuned to this artifact, you gain disadvantage on all attack rolls, ability checks, and saving throws when more than 30 feet from it, as you begin to lose your physical connection to the material world.

Charm of Metzli. While you are attuned to this gem, your speed increases by 10 feet, you cannot be charmed, and your dexterity increases by 2 to a maximum of 24.

Japhet, Barry Dov Walfish, 2017-06-12 This extraordinary commentary by a late twelfth century anonymous northern French exegete interprets the Song of Songs solely according to its plain meaning as a story of two young lovers and their developing relationship. The exegete pays attention to every detail of the text offering many enlightening insights into its meaning all the while expanding upon the way of lovers the ways that young people in love go about their lovemaking. The French background of the exegete is made clear by numerous references to knights coats of arms weapons chivalry and of course wine drinking. The edition is accompanied by an English translation and extensive introduction which analyzes the various linguistic literary and exegetical features of the text **Selections from the Calcutta Review** ,1882 *The*

Birthday Presence Brian L. Cox, 2012-06 PRAISE FOR BIRTHDAY PRESENCE These are tales of intensity and indignation of passion and pathos of angst and anger of grappling and grief. They're also tales of both humor and heart though each of these elements skews at times rather dark. Most of all these are tales of wounded spirits yearning for redemption reconciliation release or just a reason to live. Cox's characters step right up grab us by the lapels yank us toward them and Willy Loman like demand to be known. Using pulling and stretching exercises it increases flexibility strength and balance of the body to increase natural healing capacity. Presentation of exercises is clear systematic and easy to follow. There are exercises to address common complaints including headache backache PMS and shoulder pain as well as conditions such as diabetes and high blood pressure. Positions are explained in a detailed and friendly manner and are broken down into a step by step explanation *The Canadian Forum* ,1993 Includes critical reviews **Finding Beauty in the Bible** Robert D.

Miller, 2023-08-31 We approach Raphael's *Agony in the Garden* or Fra Angelico's *Crucifixion* for their beauty and not primarily to learn about fifteenth century fashion or even to decode the iconography. Yet the many books on the Song of Songs whether they try to read the book as an ancient Near Eastern love song or a Christian allegory miss the main point of this book its aesthetic elements. Aesthetics is the appreciation of beauty. Aesthetics examines literary form as a response to content the way poetics works with contents the use of loaded semantic terms even the sound created by words and what

cognitive science tells us it does to listeners This book uses the commentary format to accompany an individual's reading of the Song of Songs focusing on these neglected aspects of the text It both reads the book as it is meant to be read and opens up a new vista on this magnificent biblical text **The Inner Kālacakratāntra** Vesna Acimovic Wallace, 1995 **Bureau of American Ethnology**, 1916 The Rise and Fall of Paradise I. K. Fleming, 2015-12-14 Paradise or the ordered universe or the cosmos began with the discovery of time and its revelation that the universe operates according to universal laws As Earth's people endeavored to live in harmony with these newfound principles Paradise evolved into a religion as well as a science and its truths were meticulously recorded in the myths and symbols that are the archives of preliterate peoples worldwide The Rise and Fall of Paradise follows Paradise from its distant prehistoric beginnings through the many millennia of its evolution to its destruction in the Fall Though now deemed irretrievably lost enough of the ancient Paradise's scattered symbolism survives to offer an alternative perspective on how life might be lived on this Earth **An Anthology of Philosophy in Persia, Vol. 2** S.
