McNally,Radu Florescu,1997 This scholarly work rediscovers the roots of the Dracula legend in the historical figure of Prince Vlad of Transylvania It includes excerpts from Bram Stoker's diaries and the tale of Nicolae Ceausescu's attempt to make Vlad a national hero In Search of Dracula Raymond T. McNally,Radu Florescu,1979

In Search of Dracula Raymond T. McNally,1977

Our Vampires, Ourselves Nina Auerbach, 2020-03-04 This vigorous witty look at the undead as cultural icons in 19th and 20th century England and America examines the many meanings of the vampire myth Kirkus Reviews From Byron s Lord Ruthven to Anne Rice's Lestat to the black bisexual heroine of Jewelle Gomez's The Gilda Stories vampires have taken many forms capturing and recapturing our imaginations for centuries In Our Vampires Ourselves Nina Auerbach explores the rich history of this literary and cultural phenomenon to illuminate how every age embraces the vampire it needs and gets the vampire it deserves Working with a wide range of texts as well as movies and television Auerbach follows the evolution of the vampire from 19th century England to 20th century America Using the mercurial figure as a lens for viewing the last two hundred years of Anglo American cultural history this seductive work offers profound insights into many of the urgent concerns of our time Wendy Doniger The Nation The Transmedia Vampire Simon Bacon, 2021-10-22 This book explores vampire narratives that have been expressed across multiple media and new technologies Stories and characters such as Dracula Carmilla and even Draculaura from Monster High have been made more real through their depictions in narratives produced in and across different platforms. This also allows the consumer to engage on multiple levels with the vampire world blurring the boundaries between real and imaginary realms and allowing for different kinds of identity to be created while questioning terms such as author reader player and consumer These essays investigate the consequences of such immersion and why the undead world of the transmedia vampire is so well suited to life in the 21st century The Francis Ford Coppola Encyclopedia James M. Welsh, Gene D. Phillips, Rodney F. Hill, 2010-08-27 Francis Ford Coppola s career has spanned five decades from low budget films he produced in the early 1960s to more personal films of recent years Because of the tremendous popular success of The Godfather and the tremendous critical success of its sequel Coppola is considered to be one of the best directors of all time The entries in this encyclopedia focus on all aspects of Coppola's work from his early days with producer Roger Corman to his films as the director of the 1970s This extensive reference contains material on all of the films Coppola has played a role in from screenwriter to producer to director including such classics as Patton The

Godfather The Conversation The Godfather Part II and Apocalypse Now Each entry is followed by a bibliography of published sources both in print and online making The Francis Ford Coppola Encyclopedia the most comprehensive reference on this director s body of work The Science of Vampires Katherine Ramsland, 2002-10-01 Are any vampire myths based on fact Bloodsucking villain to guilt ridden loner what has inspired the redemption of the vampire in fiction and film What is Vampire Personality Disorder What causes a physical addiction to another person s blood Are there any boundaries in the polysexual world of vampires How could a vampire hide in today s world of advanced forensic science What is the psychopathology of the vampire What happens in the brain of a vampire s victim Si 100 American Horror Films Barry Keith Grant, 2022-03-24 A well plotted survey Total Film In 100 American Horror Films Barry Keith Grant presents entries on 100 films from one of American cinema's longest standing most diverse and most popular genres representing its rich history from the silent era D W Griffith's The Avenging Conscience of 1915 to contemporary productions Jordan Peele's 2017 Get Out In his introduction Grant provides an overview of the genre's history a context for the films addressed in the individual entries and discusses the specific relations between American culture and horror All of the entries are informed by the question of what makes the specific film being discussed a horror film the importance of its place within the history of the genre and where relevant the film is also contextualized within specifically American culture and history Each entry also considers the film's most salient textual features provides important insight into its production and offers both established and original critical insight and interpretation The 100 films selected for inclusion represent the broadest historical range and are drawn from every decade of American film making movies from major and minor studios examples of the different types or subgenres of horror such as psychological thriller monster terror gothic horror home invasion torture porn and parody as well as the different types of horror monsters including werewolves vampires zombies mummies mutants ghosts and serial killers The Origins of the Literary Vampire Heide Crawford, 2016-08-30 The long and distinguished tradition of the literary vampire began in Germany during the Age of Enlightenment German literature was the first to adapt the vampire figure from central European folklore and superstition and give it literary form Despite these German origins scholarly attention devoted to literary vampires has consistently focused on a select set of sources British and French literature Bram Stoker's Dracula and the phenomenon of the vampire superstition in general While there have been many illuminating studies of pre literary vampires and vampires that have already been firmly established as literary figures the story of the crucial moment of transition from folkloric figure to literary subject has not yet been told In The Origins of the Literary Vampire Heide Crawford redirects scholarly attention to the body of German poetry and prose where vampire folklore becomes vampire literature This book focuses on the adaptation of the vampire superstition from central European folklore by German poets in the 18th and early 19th centuries for an audience that had become increasingly interested in superstition and occult phenomena in an Age of Enlightenment In addition to establishing that the origins of the literary vampire in 18th

and 19th century German poetry and prose were informed by the stories and reports of vampires from Central Europe Crawford argues that the German poets who adapted this figure from superstition for their creative work immediately molded it into a metaphor for contemporary cultural anxieties and fears a connection that would inspire horror literature in general and the traits of the literary vampire in particular for the 19th century and beyond Contemporary culture has exhibited a marked fascination with eroticized and politicized applications of the vampire This volume traces these erotic motifs common political motifs and others to the first vampire poems that were written by German poets Consequently this book answers three central questions What were the origins of the literary vampire how was the vampire of folklore and superstition adapted for literature and how did German poets contribute to the development of the vampire and Gothic horror literature By answering these and other questions The Origins of the Literary Vampire explains how the literary Vampires' Most Wanted Laura Enright, 2011-06-30 Although the vampire became the ubiquitous horror figure it is today word vampire was not introduced until the eighteenth century variations of this hemo craving creature have existed since long before the Christian era Almost every civilization had a demon or spirit often a god or goddess whose bloodlust complicated things for the general populace But sometimes it s not all about the blood Modern vampire tales have stronger willed and less traditional beings at their core beings who strive to coexist with mortals by drinking synthetic blood like True Blood s Bill Compton or who sparkle in the daylight instead of disintegrating like Twilight s Edward Cullen Plus these guys are way easier on the eyes than the more old school vampires out there especially filmmaker F W Murnau s infamous Nosferatu a terrifying vampire in dire need of a manicure Regardless of time place and blood type Laura Enright cordially invites you into the dark underworld of the vampire She sheds light but not too much on this captivating age defying creature by exploring topics ranging from the powers it can possess to what will kill it for good With close to thirty top ten lists brimming with gore and fang tastic facts Vampires Most Wanted is sure to provide the reader with a biting good time

Vampires, Race, and Transnational Hollywoods Dale Hudson, 2017-05-18 The figure of the vampire serves as both object and mode of analysis for more than a century of Hollywood filmmaking Never dying shifting shape and moving at unnatural speed as the vampire renews itself by drinking victims blood so too does Hollywood renew itself by consuming foreign styles and talent moving to overseas locations and proliferating in new guises In Vampires Race and Transnational Hollywoods Dale Hudson explores the movement of transnational Hollywood s vampires between low budget quickies and high budget franchises as it appropriates visual styles from German Mexican and Hong Kong cinemas and off shores to Canada Philippines and South Africa As the vampire s popularity has swelled vampire film and television has engaged with changing discourses around race and identity not always addressed in realist modes Here teen vampires comfort misunderstood youth chador wearing skateboarder vampires promote transnational feminism African American and Mexican American vampires recover their repressed histories Looking at contemporary hits like True Blood Twilight Underworld and The Strain classics

such as Universal's Dracula and Dracula and miscegenation melodramas like The Cheat and The Sheik the book reconfigures Hollywood historiography and tradition as fundamentally transnational offering fresh interpretations of vampire media as trans genre sites for political contestation The Encyclopedia of Vampires, Werewolves, and Other Monsters Rosemary Guiley, 2004 Monsters and shape shifters have always held a special fascination in mythologies legends and folklore the world over From ancient customs to famous cases of beasts and vampires and their reflections in popular culture 600 entries provide definitions explanations and lists of suggested further reading **The Vampire Tarot** Robert M. Place, 2015-11-03 The Vampire Tarot ties the tales and mythic figures associated with the vampire legend to the equally iconographic figures and forms of the tarot This book explores the history of the vampire starting with Bram Stoker's classic 1897 novel Dracula as well as those writings that inspired Stoker and the vampire lore that derived from it Stoker and his most famous work were both closely tied to the classic Rider Waite Coleman tarot Now author illustrator Robert M Place brings these two mythic traditions together with this extensively researched book that guides the reader through the subtleties and parallels within The Vampire Tarot providing a guide for getting the most out of reading Sure to delight not only tarot devotees but the general fan of the vampire mythos as well North American Monsters David J. Puglia, 2022-03-15 Mining a mountain of folklore publications North American Monsters unearths decades of notable monster research Nineteen folkloristic case studies from the last half century examine legendary monsters in their native habitats focusing on ostensibly living creatures bound to specific geographic locales A diverse cast of scholars contemplate these alluring creatures feared and beloved by the communities that host them the Jersey Devil gliding over the Pine Barrens Lieby wriggling through Lake Lieberman Char Man stalking the Ojai Valley and many more Embracing local stories beliefs and traditions while neither promoting nor debunking North American Monsters aspires to revive scholarly interest in local legendary monsters and creatures and to encourage folkloristic monster legend sleuthing The Aesthetics of Culture in Buffy the Vampire Slayer Matthew Paternan, 2015-03-21 On the TV screen as elsewhere there is often more than meets the eye For decades television has offered not just entertainment but observations subtle and otherwise on society This book examines the cultural commentary contained in Buffy the Vampire Slayer a show that ran for seven seasons 1997 2003 and 144 episodes On the surface Buffy is the marriage of a high school drama to gothic horror This somewhat unusual vehicle is used to present via the character of Buffy fairly typical views of late 20th century culture teenage problems issues regarding a broken home and the search for meaning and validation In addition subtler themes such as cultural views of knowledge ethnicity and history are woven into the show s critique of popular culture Organized into two sections this volume offers an in depth examination of the show first through the lens of Buffy's confrontation with culture and second from the complex perspectives of the individual characters Issues such as values ethical choices and the implications of one s actions are discussed without ever losing sight of the limitations of a medium that will always be dominated by financial concerns The

final chapter summarizes what Buffy has to say about today s society An appendix lists Buffy episodes in chronological order The Vampire Book J Gordon Melton,2010-09-01 The Ultimate Collection of Vampire Facts and Fiction From Vlad the Impaler to Barnabas Collins to Edward Cullen to Dracula and Bill Compton renowned religion expert and fearless vampire authority J Gordon Melton Ph D takes the reader on a vast alphabetic tour of the psychosexual macabre world of the blood sucking undead Digging deep into the lore myths pop culture and reported realities of vampires and vampire legends from across the globe The Vampire Book The Encyclopedia of the Undead exposes everything about the bloodthirsty predator Death and immortality sexual prowess and surrender intimacy and alienation rebellion and temptation The allure of the vampire is eternal and The Vampire Book explores it all The historical literary mythological biographical and popular aspects of one of the world's most mesmerizing paranormal subject This vast reference is an alphabetical tour of the psychosexual macabre world of the soul sucking undead In the first fully revised and updated edition in a decade Dr J Gordon Melton president of the American chapter of the Transylvania Society of Dracula bites even deeper into vampire lore myths reported realities and legends that come from all around the world From Transylvania to plague infested Europe to Nostradamus and from modern literature to movies and TV series this exhaustive guide furnishes more than 500 essays to quench your thirst for facts biographies definitions and more
