Since its original publication in 1949 *In Search of the Miraculous* has been hailed as the most valuable and reliable documentation of G I Gurdjieff s thoughts and universal view This historic and influential work is considered by many to be a primer of mystical thought as expressed through the Work a combination of Eastern philosophies that had for centuries been passed on orally from teacher to student Gurdjieff s goal to introduce the Work to the West attracted many students among them Ouspensky an established mathematician journalist and with the publication of *In Search of the Miraculous* an eloquent and persuasive proselyte Ouspensky describes Gurdjieff s teachings in fascinating and accessible detail providing what has proven to be a stellar introduction to the universal view of both student and teacher It goes without saying that *In Search of the Miraculous* has inspired great thinkers and writers of ensuing spiritual movements including Marianne Williamson the highly acclaimed author of *A Return to Love and Illuminata* In a new and never before published foreword Williamson shares the influence of Ouspensky s book and Gurdjieff s teachings on the New Thought movement and her own life providing a contemporary look at an already timeless classic from publisher s website *In Search of the Miraculous* Petr Dem'ānovič Uspenskij, Petr Demianovitch Ouspenskiĭ, 1949 In search of the miraculous P. In Search of the Miraculous is a book by Russian philosopher P D Ouspensky which recounts his meeting and subsequent association with G I Gurdjieff It is widely regarded as the most comprehensive account of Gurdjieff s system of thought ever published It is regarded as fundamental textbook by many modern followers of Gurdjieff s teachings who often use it as a means of introducing new students to Gurdjieff s system of self development known as the Fourth Way *In Search Of The Miraculous (Harvest Book)* P. D. Ouspensky,2022-12-27

In Search of the Miraculous has been acclaimed as the most valuable and credible documentation of G I Gurdjieff s thoughts and universal outlook since its first publication in 1949 Many believe this important and famous work to be a primer of mystical philosophy as represented via the Work a synthesis of Eastern concepts that had been passed down orally from teacher to pupil for generations Many pupils were drawn to Gurdjieff s purpose of introducing the Work to the West including Ouspensky a well known mathematician journalist and with the publishing of *In Search of the Miraculous* an articulate and convincing proselyte In Search of the Miraculous P. D. Ouspensky,2021-11-06T15:19:00Z

This book recounts P D Ouspensky s first meeting and subsequent association with George Gurdjieff It is widely regarded as perhaps the most comprehensive account of Gurdjieff s system of thought available Many followers regard it as a fundamental textbook of Gurdjieff s teachings and it is often used as a means of introducing new students to Gurdjieff s system of self development **New Religions in Global Perspective** Peter Bernard Clarke,2006

This volume provides a complete guide to the global impact and cultural significance of new religious movements In Search of P. D. Ouspensky Gary Lachman,2014-03-17

P D Ouspensky s classic work *In Search of the Miraculous* was the first to disseminate the ideas of G I Gurdjieff the mysterious master of esoteric thought in the early twentieth century who still commands a following today Gurdjieff s mystique has long eclipsed Ouspensky once described by Gurdjieff as nice to drink vodka with but a weak man Yet Ouspensky was a brilliant accomplished philosopher in his own right and some consider his meeting with the charismatic Mr G the catastrophe of his life Indeed in subsequent years Ouspensky tried hard with limited success to break away This book moves Ouspensky s own story center stage against the backdrop of the Russian Revolution the dervishes of Constantinople and a cosmopolitan Europe entre deux guerres The archetypal encounter it describes echoes that of Don Juan and Castaneda or perhaps Mephistopheles and Faust One of the great mystical adventures of our time it will fascinate everyone interested in the farthest reaches of what it means to be human The paperback edition includes a new chapter on Gary Lachman s own former work in Gurdjieff s psychology *In Search of Being* G. I. Gurdjieff,2021-07-20

Over one hundred years ago in Russia G I Gurdjieff introduced a spiritual teaching of conscious evolution a way of gnosis or knowledge of being passed on from

remote antiquity Gurdjieff's early talks in Europe were published in the form of chronological fragments preserved by his close followers P D Ouspensky and Jeanne de Salzmann Now these teachings are presented as a comprehensive whole covering a variety of subjects including states of consciousness methods of self study spiritual work in groups laws of the cosmos and the universal symbol known as the Enneagram Gurdjieff respected traditional religious practices which he regarded as falling into three general categories or ways the Way of the Fakir related to mastery of the physical body the Way of the Monk based on faith and feeling and the Way of the Yogi which focuses on development of the mind He presented his teaching as a Fourth Way that integrates these three aspects into a single path of self knowledge The principles are laid out as a way of knowing and experiencing an awakened level of being that must be verified for oneself
