In Search Of The Past An Introduction To Archaeology:

In Search of the Past John R. Bower, 1986-01-01 In Search of the Past John Bower, 1986 Graphing Culture Change in North American Archaeology R. Lee Lyman, 2021 North American archaeologists have grappled with finding a graph that effectively and efficiently displays culture change over time This volume explores the history of graphing culture change and brings graph theory construction and decipherment to the forefront of archaeological discussion **Ibss:** **Anthropology: 1986** International Committee for Social Science Information and Documentation, 1990 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences The Bible and Feminism Yvonne Sherwood, 2017-12-01 This groundbreaking book breaks with established canons and resists some of the stereotypes of feminist biblical studies It features a wide range of contributors who showcase new methodological and theoretical movements such as feminist materialisms intersectionality postidentitarian nomadic politics gender archaeology and lived religion and theories of the human and the posthuman The Bible and Feminism Remapping the Field engages a range of social and political issues including migration and xenophobia divorce and family law abortion pinkwashing the neoliberal university the second amendment AIDS and sexual trafficking and the politics of the veil Foundational figures in feminist biblical studies work alongside new voices and contributors from a multitude of disciplines in conversations with the Bible that go well beyond the expected canon within the canon assumed to be of interest to feminist biblical scholars Moving beyond the limits of a text orientated model of reading this collection looks at how biblical texts were actualized in the lives of religious revolutionaries such as Joanna Southcott or Sor Juana In s de la Cruz It charts the politics of the Pauline veil in the self understanding of Europe and reads the genealogical halls in the book of Chronicles alongside acts of commemoration and forgetting in 9 11 and Tiananmen Square The Archaeology of Childhood Güner Co?kunsu, 2015-11-16 Critical interdisciplinary examination of archaeology s approach to childhood in prehistory Children existed in ancient times as active participants in the societies in which they lived and the cultures they belonged to Despite their various roles and in spite of the demographic composition of ancient societies where children comprised a large percentage of the population children are almost completely missing in many current archaeological discourses To remedy this The Archaeology of Childhood aims to instigate interdisciplinary dialogues between archaeologists and other disciplines on the notion of childhood and children and to develop theoretical and methodological approaches to analyze the archaeological record in order to explore and understand children and their role in the formation of past cultures Contributors consider how the notion of childhood can be expressed in artifacts and material records and examine how childhood is described in literary and historical sources of people from different regions and cultures While we may never be able to reconstruct every last aspect of what childhood was like in the past this volume argues that we can certainly bring children back into archaeological thinking and research

and correct many erroneous and gender biased interpretations

Films for Anthropological Teaching Karl G. Heider, 1995 *Human Evolution* H. James Birx, 1988 In Search of Pre-Classical Antiquity: Rediscovering Ancient Peoples in Mediterranean Europe (19th and 20th c.), 2016-11-28 The book aims rethinking the cultural history of Mediterranean nationalisms between 19th and 20th centuries by tracing their specific approach to antiquity in the forging of a national past By focusing on how national imaginaries dealt with this topic and how history and archaeology relied on antiquity this collection of essays introduces a comparative approach presenting several cases studies concerning many regions including Spain Italy and Slovenia as well as Albania Greece and Turkey By adopting the perspective of a dialogue among all these Mediterranean political cultures this book breaks significantly new ground because it shifts attention on how Southern Europe nationalisms are an interconnected political and cultural experience directly related to the intellectual examples of Northern Europe but also developing its own particular trends Contributors are i dem Atakuman Filippo Carl Francisco Garcia Alonso Maja Gori Eleni Stefanou Rok Stergar Katia Visconti *Listing of Education in Archeological Programs, the LEAP Clearinghouse ... The Oxford Companion to Archaeology Brian M. Fagan, 1996-12-05 When we think of archaeology most of us think first of its many spectacular finds the legendary city of Troy Tutankhamun's golden tomb the three million year old footprints at Laetoli the mile high city at Machu Picchu the cave paintings at Lascaux But as marvelous as these discoveries are the ultimate goal of archaeology and of archaeologists is something far more ambitious Indeed it is one of humanity's great quests to recapture and understand our human past across vast stretches of time as it was lived in every corner of the globe Now in *The Oxford Companion to Archaeology* readers have a comprehensive and authoritative overview of this fascinating discipline in a book that is itself a rare find a treasure of up to date information on virtually every aspect of the field The range of subjects covered here is breathtaking everything from the domestication of the camel to Egyptian hieroglyphics to luminescence dating to the Mayan calendar to Koobi Fora and Olduvai Gorge Readers will find extensive essays that illuminate the full history of archaeology from the discovery of Herculaneum in 1783 to the recent finding of the Ice Man and the ancient city of Uruk and engaging biographies of the great figures in the field from Gertrude Bell Paul Emile Botta and Louis and Mary Leakey to V Gordon Childe Li Chi Heinrich Schliemann and Max Uhle The Companion offers extensive coverage of the methods used in archaeological research revealing how archaeologists find sites remote sensing aerial photography ground survey how they map excavations and report findings and how they analyze artifacts radiocarbon dating dendrochronology stratigraphy mortuary analysis Of course archaeology's great subject is humanity and human culture and there are broad essays that examine human evolution ranging from our early primate ancestors to Australopithecus and Cro Magnon to Homo Erectus and Neanderthals and explore the many general facets of culture from art and architecture to arms and armor to beer and brewing to astronomy

and religion And perhaps most important the contributors provide insightful coverage of human culture as it has been expressed in every region of the world Here entries range from broad overviews to treatments of particular themes to discussions of peoples societies and particular sites Thus anyone interested in North America would find articles that cover the continent from the Arctic to the Eastern woodlands to the Northwest Coast that discuss the Iroquois and Algonquian cultures the hunters of the North American plains and the Norse in North America and that describe sites such as Mesa Verde Meadowcroft Rockshelter Serpent Mound and Poverty Point Likewise the coverage of Europe runs from the Paleolithic period to the Bronze and Iron Age to the Post Roman era looks at peoples such as the Celts the Germans the Vikings and the Slavs and describes sites at Altamira Pompeii Stonehenge Terra Amata and dozens of other locales The Companion offers equally thorough coverage of Africa Europe North America Mesoamerica South America Asia the Mediterranean the Near East Australia and the Pacific And finally the editors have included extensive cross referencing and thorough indexing enabling the reader to pursue topics of interest with ease charts and maps providing additional information and bibliographies after most entries directing readers to the best sources for further study Every Oxford Companion aspires to be the definitive overview of a field of study at a particular moment of time This superb volume is no exception Featuring 700 articles written by hundreds of respected scholars from all over the world The Oxford Companion to Archaeology provides authoritative stimulating entries on everything from bog bodies to underwater archaeology to the Pyramids of Giza and the Valley of the Kings
