In the beginning Man created God; and  
in the image of Man created he him.  
And Man gave unto God a multitude of  
names, that he might be Lord over the  
earth when it was suited to man.

believing in God's righteousness Therefore Christian doctrines that don't even make sense came to be dominant beliefs in the hearts of believers as if these doctrines contained God's righteousness The Doctrines of Predestination Justification and Incremental Sanctification are the major Christian doctrines which brought confusion and emptiness into the souls of believers But now many Christians should newly come to know God learn about His righteousness and continue in the assured faith Our Lord who becomes the righteousness of God will provide your soul with a great understanding and lead it to peace The author wants you to possess the blessing of knowing God's righteousness May God's blessing be with you The New Life Mission <https://www.bjnewlife.org>      **The Theology Of Time - The Secret of Time** Elijah Muhammad, 2008-11-06

**No Future in This Country** The Prophetic Pessimism of Bishop Henry McNeal Turner is a history of the career of Bishop Henry McNeal Turner 1834-1915 specifically focusing on his work from 1896 to 1915 Drawing on the copious amount of material from Turner's speeches editorial and open and private letters Andre E Johnson tells a story of how Turner provided rhetorical leadership during a period in which America defaulted on many of the rights and privileges gained for African Americans during Reconstruction Unlike many of his contemporaries during this period Turner did not opt to proclaim an optimistic view of race relations Instead Johnson argues that Turner adopted a prophetic persona of a pessimistic prophet

who not only spoke truth to power but in so doing also challenged and pushed African Americans to believe in themselves At this time in his life Turner had no confidence in American institutions or that the American people would live up to the promises outlined in their sacred documents While he argued that emigration was the only way for African Americans to retain their personhood status he also would come to believe that African Americans would never emigrate to Africa He argued that many African Americans were so oppressed and so stripped of agency because they were surrounded by continued negative assessments of their personhood that belief in emigration was not possible Turner s position limited his rhetorical options but by adopting a pessimistic prophetic voice that bore witness to the atrocities African Americans faced Turner found space for his oratory which reflected itself within the lament tradition of prophecy
