In the Beginning Tommie McBrayer, 2021-10-20 The book of Genesis is one of the most important books in the Old Testament Every major doctrine in the Bible is introduced in the first three chapters In In the Beginning author Tommie McBrayer shares insights about these pivotal chapters She tells how one cannot study Genesis without being awed by God's amazing power and by his love and care for the creatures he created including humans She illustrates his provision and protection in every chapter but most of all she calls attention to his eternal plan for humanity's salvation Praise for In the Beginning For Christians the first few chapters of the Book of Genesis are fascinating They pique our curiosity and lead us to wonder about God His creation and how everything began This book written by my close friend Tommie McBrayer is an invaluable resource to help answer some of the questions we ask about Genesis 1-3 Rather than rely solely on Bible commentaries Tommie uses the Bible to interpret itself when it comes to the Genesis account of creation Her approach is Biblically sound and rich in historical Christian theology This book will be a great resource for your study of Genesis Dr David Belk Pastor Monterey Baptist Church Lubbock Texas

understanding of creation is vital to an effective apologetic in sharing the faith Salvation History Sungku Kang,2018-11-15 Salvation history can be thought of as twofold one is that God Himself personally takes action and the other is God has humans act An example of the latter is Exodus in which God had Moses lead the Israelites from Egypt to Canaan The skin garment that God made with slain animals for the fallen Adam is an example of the former Adam s fall is the very starting point of God s saving acts in human history In His saving acts God utilized his sin as the means of salvation However God s plan on saving human beings began far ahead of the creation of Adam for omniscient God already knew of Adam s fall before the world had begun As Apostle Peter confirms God s will to save lost sinners was planned from the very beginning and Jesus Christ was chosen before the creation of the world as our Savior In His saving plan Almighty God reversed all the negatives that would arise from Adam s fall into positives triumphing over them by the cross We need to be clothed in the robe of righteousness the garments of salvation through Jesus Christ The fig leaf coverings sewn by human efforts cannot cover our nakedness In essence the grace of salvation originates from God not from fallible humans Current human history has been heading towards a thorough restoration of God s image When the full and perfect restoration of God s image is accomplished salvation history will finally be complete Although heavily infected by sin we have constantly been advancing towards the perfect restoration of God s image and likeness When Jesus Christ returns to us our defiled image of God will be transformed into His perfect likeness On the day when He appears as Apostle John says we shall be like Him That day will be the very end of human history On that very day at long last God s redemptive plan will be completed *The United States Catalog* ,1903 **The Prophetic Call to Love and Justice** Arnold H. De Graaff,2025-06-20 Scripture s compelling message of love and justice is powerfully relevant for today The implications of the Amsterdam way of interpreting Scripture are evident throughout the book It is both a personal and timely way of speaking to our disintegrating society The Prophetic Call to Love and Justice provides a meaningful and radical yet simple way of re connecting with the Bible As one of the founders of the Amsterdam way of interpretation Karel Deurloo stated The opportunity to learn anew and understand the language of the Bible has been taken away Often the focus is on the assumed origin and history of a text a historical literary approach or a fundamentalist view creating a fragmented moralistic and doctrinaire emphasis which has alienated many from churches Instead Deurloo and others focused on the prophetic meaning that speaks to all of us as the living word of God today This alternative is rooted in the Hebrew Scriptures Its abiding prophetic message of love and justice is reiterated in the Gospels and apostolic letters Hence the choice of subtitle Rediscovering the Old Testament It is a joyful journey of discovery finding new meaning in the Bible for our lives Bound by the Bible Edward Kessler,2004-09-02 The Sacrifice of Isaac is one of the most well known stories in the Bible It is also a shocking account of how Abraham s faith in God was demonstrated by a willingness to sacrifice his long awaited son at God s command This story has been a source of fascination for Jews and Christians for many centuries and here Edward Kessler offers an enthralling account of Jewish and Christian interpretations

of this biblical story For understandable reasons it has been assumed that Judaism influenced Christian interpretation but relatively little attention has been given to the question of the influence of Christianity upon Judaism Kessler provides an insight into this absorbing two way encounter and argues that neither Jewish nor Christian interpretations can be understood properly without reference to the other As Jews and Christians lived and continue to live in a biblically orientated culture Kessler shows how both were bound by the bible **Systematic Theology, Volume One** Stephen J. Wellum, 2024-02-15 Stephen Wellum's Systematic Theology Volume One is a Trinitarian reformational and baptistic systematic theology committed to serious evangelical engagement with the Scriptures Building on decades of research Wellum formulates doctrine exegetically covenantally and canonically for a new generation of students pastors church leaders and seasoned theologians as well *Toward an Old Testament Theology* Walter C. Kaiser, 1991 Exploring the difficulty in determining the true nature method scope and motivation for Old Testament theology this book proposes the promise of God as the center of Old Testament theology and applies the solution to each of its eras **Ancient World: Reader, 5th ed.** ,
