

A two-story loft in a warehouse on the West Side of New York, brightly lighted by a studio window. Upstage left, a door to the fire escape. There are also exits to the library, stage right, and through an old-fashioned fire door, stage left. At the back of stage right is a little iron staircase leading to a small balcony. The bathroom door is at stage left. Characters arriving from the street enter through an elevator door, stage right.

The stage is not cluttered. It is hung with bright fabrics, though they are by no means new. The inhabitant of this loft is obviously eccentric. He keeps an old barber chair, downstage right, and an elegant old sofa such as an analyst at a psychoanalytic school might have used.

In the Last Analysis Amanda Cross, 2011-07-13 When beautiful Janet Harrison asks English professor Kate Fansler to recommend a Manhattan psychoanalyst Kate immediately sends the girl to her dear friend and former lover Dr Emanuel Bauer Seven weeks later the girl is stabbed to death on Emanuel's couch with incriminating fingerprints on the murder weapon To Kate the idea of her brilliant friend killing anyone is preposterous but proving it seems an impossible task For Janet had no friends no lover no family Why then should someone feel compelled to kill her Kate's analytic techniques leave no stone unturned not even the one under which a venomous killer once again lies coiled and ready to strike Karl Kautsky and the Social Science of Classical Marxism John H. Kautsky, 1989 **Innocence And Power** Gordon H. Mills, 1965-01-01 America believes in individualism but what is individualism This question leads into unexpected areas of life and thought It touches upon almost every intellectual discipline concerned with human life Any answer to be taken seriously must recognize this complexity A broad understanding of the meaning of individualism can be reached only through the insight of many workers in many different fields This volume brings together seven of the United States most distinguished scholars representing the fields of anthropology economics government history literature and philosophy The trend of their thinking can be suggested by a few excerpts from their essays An individual divorced from a cultural milieu would not be a human being he would be a mere hominid Leslie A White The trouble is that individual is a stop thought word It numbs the mind so that once it has been uttered inquiry stops Clarence E Ayres Not even an individual's perfections are his alone like his imperfections they are group made Paul A Samuelson The twentieth century has witnessed the emergence of a new kind of American individualism the individualism of nonconformity which actually challenges the compulsive democracy of the Lockean individualism by which the nation has centrally and historically lived Louis Hartz The individualism of the American frontier was an individualism of personal self reliance and of hardihood and stamina rather than an individualism of intellectual independence and personal self expression David M Potter The present conditions in which the self must be preserved are radically different from those of a generation even a decade ago The dogmatics of present self assertion are defined and pursued in an existential circumstance Frederick J Hoffman Individuality means creativity and laws of creativity other than statistical ones are I hold a contradiction in terms Charles Hartshorne **Linguistic Analysis and Phenomenology** Wolfe Mays, Stuart C.
