Minister of Education on the Ontario Educational Exhibit Ontario. Department of Education, John George Hodgins, 1877
Special report to the ... minister of education, on the Ontario educational exhibit, and the educational features of the International exhibition at Philadelphia, 1876, by J.G. Hodgins Philadelphia internat. exhib, 1876, 1877 *Report of the Workshop on the Implementation of the 1995 FAO Code of Conduct for Responsible Fisheries in the Pacific Islands* Food and Agriculture Organization of the United Nations, 2004-01-01 This publication contains the report of the workshop held in Fiji in October 2003 Issues discussed include the 1995 FAO Code and its framework legal considerations and issues responsible fisheries management and post harvest practices aquaculture and inland fisheries and the integration of fisheries into coastal area management Moving Beyond the Crisis : Reclaiming and Reaffirming our Common Administrative Space Demetrios Argyriades, Gérard Timsit, 2013-03-14 With the financial meltdown and the economic crisis in their fifth year already no one can any longer be in doubt about their exceptional gravity their truly global impact and their profound effects hurting vulnerable groups and the very poor especially As the world looks for an exit from this economic crisis the worst in eight decades the focus of attention is naturally on the causes the factors that account for its wide reach and severity as well as on strategies that might bring it to a closure The quest for exit strategies is at the very centre of the issues and concerns explored in the present volume produced by the IIAS Like the preceding volumes but even more emphatically this volume representing a collective endeavour of scholars and practitioners from many parts of the globe finds cause to lay the blame for our difficult predicament on the institutional deficit the policies the practices and values that have followed in the trail of a highly misleading and erroneous model of governance The Market Model of Governance as it is known sought to reform the structures and culture of administration and government in private sector ways While instrumental values like efficiency and effectiveness were raised and praised profusely those of democratic governance were discounted by comparison In particular integrity the rule of law and due process equity legality and public service professionalism suffered a steep decline in several parts of the world Likewise the invasion and the capture of public space inevitably led to an unprecedented surge of greed abuse and corruption that contributed directly to the crisis which is upon us Looking for exit strategies as its title aptly suggests the present volume offers a rich menu of ideas drawn from the current experience of all the world's main regions Not surprisingly two concepts stand out throughout the book as necessary correctives as well as pressing remedies to the world's ongoing malaise They call for the recapture of our common administrative space and the reaffirmation of the values and virtues appropriate for democratic governance To the IIAS none perhaps are more important than public service professionalism and none other can contribute more effectively to the reform and consolidation of sound institutions for national sub national global and regional governance For these reasons at this juncture the new volume like the others should be featured in every public library and become a vademecum of all scholars and practitioners of public administration and politics around the world **Manual for organizing youth consultations: Together towards a global deal for**

nature and people ,2019-08-27 All over the world young people are demanding action to protect our planet In 2020 a new global deal for nature and people will be adopted setting targets for the protection and conservation of the planet s biodiversity and ecosystems It is of crucial importance that the voices of young people are heard when these new targets are set as this will affect not only the present generation but also future generations and their livelihoods In the Nordic Region we want to make sure that the voices of the young people will be heard and therefore we have developed this toolkit for involving young people in setting new targets for the protection and sustainable use of biodiversity and ecosystems thereby securing a new global deal for nature and people The toolkit is made available to young people and those who want to engage young people in the development of a new global deal for nature and people Anyone who wishes to arrange facilitate and engage in youth consultations is invited to use the toolkit The results can be communicated to decision makers the public and other relevant institutions and will be part of a bigger movement of youth around the world The aim is to support young people youth organisations and other interested groups in their facilitation of discussions on key issues relating to a new deal for nature and people and to ensure the credibility of the results from the youth workshop The Toolkit has been developed in close corporation with the Nordic Council and the Nordic Council of Ministers in close corporation with young people from the Nordic countries

Community of Insecurity Laurie Nathan,2016-05-23 Exploring the formation evolution and effectiveness of the regional security arrangements of the Southern African Development Community SADC Nathan examines a number of vital and troubling questions why has SADC struggled to establish a viable security regime why has it been unable to engage in successful peacemaking and why has it defied the optimistic prognosis in the early 1990s that it would build a security community in Southern Africa He argues that the answers to these questions lie in the absence of common values among member states the weakness of these states and their unwillingness to surrender sovereignty to the regional organization Paradoxically the challenge of building a co operative security regime lies more at the national level than at the regional level The author s perspective is based on a unique mix of insider access analytical rigour and accessible theory
