On the Blissful Islands with Nietzsche & Jung Paul

Bishop,2016-11-03 What are the blissful islands And where are they This book takes as its starting point the chapter called On the Blissful Islands in Part Two of Nietzsche's Thus Spoke Zarathustra and its enigmatic conclusion The beauty of the Superman came to me as a shadow From this remarkable and powerful passage it disengages the Nietzschean idea of the Superman and the Jungian notion of the shadow moving these concepts into a new interdisciplinary direction In particular On the Blissful Islands seeks to develop the kind of interpretative approach that Jung himself employed Its chief topics are classical the motif of the blissful islands psychological the shadow and philosophical the *bermensch* or superman blended together to produce a rich intellectual historical discussion By bringing context and depth to a nexus of highly problematic concepts it offers something new to the specialist and the general reader alike So this book considers the significance of the statue in the culture of antiquity and in alchemy and investigates the associated notion of self sculpting as a form of existential exercise This Neoplatonic theme is pursued in relation to a poem by Schiller at the centre of which lies the notion of self sculpting thus highlighting Nietzsche's and Jung's relationship to Idealism Its conclusion directly addresses the vexed and controversial question of Nietzsche's relation to Plato This book's main ambition is to provide a cross cultural interdisciplinary reading of key themes and motifs using Jungian ideas in general and Jung's vast seminar on Zarathustra in particular to uncover a dimension of deep meaning in key passages in Nietzsche Engaging the reader directly on major existential questions it aims to be an original thought provoking contribution to the history of ideas and to show that Zarathustra was right There still are blissful islands This book will be stimulating reading for analytical psychologists including those in training and academics and scholars of Jungian studies Nietzsche and the history of ideas

The Last Secret of World War II Robert Epperly,2024-11-07 Adolf Hitler is widely recognized as one of the worst leaders in history His Third Reich is responsible for the genocide of countless human lives to include six million Jews The Nazi regime manufactured the Holocaust along with other mass human atrocities on a scale not previously seen It was their intention to rid the world of certain ethnicities to create the perfect human race They had advanced engineering and weapons and this propelled their success in the blitzkrieg model Most Allies were not prepared to combat against this tactic and had to catch up with the Wehrmacht at the onset of WWII It was Hitler's intention to create a one thousand year Reich but he failed This book dives into Hitler's alternative plan to secure his thousand year reign Could having a son with Eva Braun before they died in April 1945 be the catalyst to continue his pursuit of perfection How could this child have safely gotten out of Nazi Germany Could he follow the ratlines so many other Nazis used Who could Adolf Hitler trust with such an important task If this child did escape where did he go and where is he now What would the Mossad say about this child if they learned of his existence All of these questions and more will be answered when you read The Last Secret of WWII
