It Was Fun While It Lasted:

It Was Fun While it Lasted M H Major, 2022-09-20 M H Major's memoir and personal letters offer an insightful account of an ordinary man's resilience, fear, hope, and mortality as he struggled to succeed as a wildcatter in South Texas during the fifties. One of four brothers ordered by their Depression-era father to become doctors, Millard was the only son to strike out as a geologist in a business he'd been taught to distrust. As World War II raged, finding new production was easy enough. But an oilman must discover new drilling prospects year after year. A long-time consultant geologist for the King Ranch, Major details his challenges to stay in the game long after production in South Texas began to play out and other geologists had left the field.

The Story of Us Tara Sivec, 2017-06-11 From the USA Today bestselling author of *Fisher's Light* comes a heartbreaking and hopeful AL Jackson standalone romance about first love and second chances. How much can a man take before he breaks? 1,843 days. That's how long I survived in that hellhole. They tried to break me, but I resisted. And I owe it all to the memory of warm summer nights, the scent of peaches, and the one woman who loved me more than I ever deserved to be loved. Now I'll do anything to get back to her. Only Shelby Eubanks isn't the girl I left behind all those years ago. She's someone else, a stranger. My Shelby, my little green-eyed firecracker, would never give up her dreams, would never disappear into her mother's ambitions. But I won't give up on her. On us. I may be broken and scarred, and not the man I used to be, but I will do whatever it takes to remind her of the story of us.

But the day after the wedding, holed up in an impossible romantic hotel in Paris with her new husband, Tasha discovered that even pretend marriages are far from simple.
