MAOSHAN DEMON EXORCIST 01 In Yuzhou County there is a remote mountain village called Yeji Village According to the customs of this village at night each house must burn two stacks of paper money in front of their door one stack of offerings one the other stack is for wandering ghosts to pass through The paper money is for the family members so that they can leave smoothly and not encounter any difficulties on their way down After burning the paper money each house closes the door tightly locks the latch and goes to rest early Those who believe in Buddhism and religion pray inside their houses praying for a safe passage through the night Late at night a thunderstorm arises hitting the leaves of the trees and rustling like wandering ghosts walking the wind sobs and cries making the already unusual atmosphere here even more eerie On a small road leading into the village a vague figure appears and disappears in the rain and wind climbing directly up the back mountain heading straight into a grave **The International Confectioner** ,1914 # I'm Zombie Tony
