

# Ito Jinsai A Philosopher Educator And Sinologist Of The Tokugawaperiod

**John Allen Tucker**

## **Ito Jinsai A Philosopher Educator And Sinologist Of The Tokugawaperiod:**

Itô Jinsai, a Philosopher, Educator and Sinologist of the Tokugawa Period Joseph John Spae, 1948      **Ito Jinsai, a Philosopher, Educator and Sinologist of the Tokugawa Period** Joseph John Spae, 1967      Itô Jinsai's Gomô Jigi and the Philosophical Definition of Early Modern Japan Jinsai Itô, 1998 This volume presents the first unabridged translation of Ito Jinsai's 1627/1705 Gomô Jigi Philosophical Lexicography of the Analects and Mencius 1705. It portrays Jinsai as a Kyoto philosopher who articulated a worldview for townspeople in an age of samurai domination.      Feudal Control in Tokugawa Japan Toshio G. Tsukahira, 1966-07-01 The author describes the Sankin Ktai System, a policy instituted by the Tokugawa shoguns requiring alternate year residency of daimyos in Edo. Its aim was to exert control on the feudal lords.      **Itô Jinsai's Gomô Jigi and the Philosophical Definition of Early Modern Japan** John Allen Tucker, 2023-08-07 This volume presents the first unabridged translation of Ito Jinsai's 1627/1705 masterwork, the Gomô Jigi Philosophical Lexicography of the Analects and Mencius 1705, into any Western language. The extensively annotated translation opens with a brief textual study of the Gomô Jigi and an intellectual biography of Jinsai. While highlighting the Neo-Confucian text, the author suggests that the Gomô Jigi espouses a systematic philosophical worldview for chōnin or townspeople living in the ancient imperial capital Kyoto even during an age of ascendant samurai power. The translation makes accessible to Western readers one of the earliest texts of Tokugawa philosophy. Those interested in Chinese and East Asian philosophy will find it enlightening since the topics that Jinsai addresses are also seminal ones in those fields.      *The Dutch impact on Japan (1640-1853)* Goodman, 2025-01-27

*Japanese History & Culture from Ancient to Modern Times* John W. Dower, 1986      *Japan and the Dutch 1600-1853* Grant K. Goodman, 2013-07-04 This is the history of Dutch influence on Japan during the so-called closed centuries between 1640 and 1853. Dutch maritime traders provided the only commercial link which Japan maintained with the West and were thus the sole channel for Western ideas and knowledge to reach Neo-Confucian society. Professor Goodman explains the circumstances of the Dutch themselves in Japan during the seventeenth century and the historical and intellectual milieu within which Dutch studies were nurtured. He traces the initial interest of the Shogun government in European astronomy and medicine and the gradual development of interest in wider spheres of Western knowledge and culture.      The Postwar Development of Japanese Studies in the United States Helen Hardacre, 2023-07-17 The present volume documents the postwar history of United States scholarship on Japan. A careful selection of North American scholars under the general editorship of Helen Hardacre, Reischauer Institute Professor of Japanese Religions and Society at Harvard University, shows that a range of factors have directed Japanese studies in the United States since 1945. Among these factors are social and political change in Japan and the United States, shifts in dominant scholarly concerns about Japan, and changing evaluations of area studies. The work consists of twelve essays in a wide variety of fields: history, art, religion, literature, anthropology, political science, and law. Each essay chronicles postwar scholarship in its particular discipline and provides a useful

bibliography to serve further reference The general aim of the volume is to put current debates in historical perspective and to help assess the field's achievements It identifies areas requiring more work and charts directions for the future Japan and Korea Frank Joseph Shulman,2013-10-23 First Published in 1971 This annotated bibliography of doctoral dissertations on Japan and Korea grew out of a decision to expand and bring up to date an earlier list entitled Unpublished Doctoral Dissertations Relating to Japan Accepted in the Universities of Australia Canada Great Britain and the United States 1946 1963 compiled by Peter Cornwall and issued by the Center for Japanese Studies in 1965 **History of the Catholic Church in Japan** Joseph Jennes,2024-06-11 **Itō Jinsai, a Philosopher, Educator und Sinologist of the Tokugawa Period, by Joseph John Spae** Joseph John Spae,1948 Japanese Studies from Pre-History to 1990 Richard Perren,1992 **Education in Japan** Edward R. Beauchamp,Richard Rubinger,2017-12-12 This book first published in 1989 includes essays on a number of the most important topics in Japanese education as well as the highly selected and annotated bibliographies It is the editors belief that understanding educational matters requires insight into the historical context and have therefore placed contemporary Japanese educational matters in historical perspective **Transformations Of The Confucian Way** John Berthrong,2018-10-08 From its beginnings Confucianism has vibrantly taught that each person is able to find the Way individually in service to the community and the world John Berthrong's comprehensive new work tells the story of the grand intellectual development of the Confucian tradition revealing all the historical phases of Confucianism and opening the reader's eyes to the often neglected gifts of scholars of the Han T'ang and the modern periods as well as to the vast contributions of Korea and Japan The author concludes his revelatory study with an examination of the contemporary renewal of the Confucian Way in East Asia and its spread to the West **DHEW Publication No. (OE). ,1975** *Remembering Paradise* Peter Nosco,1990 **A Collector's Guide to Books on Japan in English** Jozef Rogala,2012-10-12 Provides an invaluable and very accessible addition to existing biographic sources and references not least because of the supporting biographies of major writers and the historical and cultural notes provided *Historical Dictionary of Confucianism* Ronnie L. Littlejohn,2023-11-03 Historical Dictionary of Confucianism is devoted exclusively to Confucianism the great Chinese tradition that has gathered around the teachings of Confucius Kongzi for more than 2 500 years Confucianism encompasses a broad array of moral social philosophical and religious ideas values and practices It is an ancient and immense tradition of great subtlety and complexity This work provides ready access to terms personalities movements and texts of the tradition as it has made its trek throughout East Asia especially Korea and Japan This book contains a chronology introduction and extensive bibliography The dictionary section has more than 700 cross referenced entries on terms personalities movements and texts of the tradition Historical Dictionary of Confucianism is an excellent resource for students researchers and anyone wanting to know more about Confucianism Nishi Amame and Modern Japanese Thought Thomas R.H. Havens,2015-03-08 A nineteenth century aristocrat Nishi Amame 1829 1897 was one of the

first Japanese to assert the supremacy of Western culture He was sent by his government to Leiden to study the European social sciences on his return to Japan shortly before the climactic Meiji Restoration of 1868 he introduced and adapted European utilitarianism and positivism to his country's intellectual world To modernize Nishi held Japan must cast off the bonds of the Confucian world view in order to adopt new principles of empirical scholarly investigation and new standards of self improvement Though a Confucian by upbringing Nishi became thoroughly committed to Western intellectual values in his programs for the new Japanese society In his roles of teacher writer and government administrator he was influential at one of the most critical times in Japan's history Originally published in 1970 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
