Its A Green Thing:

Yvala C. L. Moore, 2011-12-10 Northwest Smith gets a new client who draws him into the jungle and the web of Yvala
Excerpt Northwest Smith leaned against a pile of hemp wrapped bales from the Martian drylands and stared with expressionless eyes paler than pale steel over the confusion of the Lakkdarol space port before him In the clear Martian day the tatters of his leather spaceman's garb were pitilessly plain the ray burns and the rents of a hundred casual brawls It was evident at a glance that Smith had fallen upon evil days One might have guessed by the shabbiness of his clothing that his pockets were empty the charge in his ray gun low Squatting on his heels beside the lounging Earthman Yarol the Venusian bent his yellow head absently over the thin bladed dagger which he was juggling in one of the queer interminable Venusian games so pointless to outsiders Upon him too the weight of ill fortune seemed to have pressed heavily It was eloquent in his own shabby garments his empty holster But the insouciant face he lifted to Smith was as careless as ever and no more of weariness and wisdom and pure cat savagery looked out from his sidelong black eyes than Smith was accustomed to see there Yard's face was the face of a seraph as so many Venusian faces are likely to be but the set of his mouth told a tale of dissoluteness and reckless violence which belied his features racial good looks Another half hour and we eat he grinned up at his tall companion Smith glanced at the tri time watch on his wrist If you haven't been having another dope dream he grunted Luck's been against us so long I can't quite believe in a change now By Pharol I swear it smiled Yarol The man came up to me in the New Chicago last night and told me in so many words how much money was waiting if we'd meet him here at noon Smith grunted again and deliberately took up another notch in the belt that circled his lean waist Yarol laughed softly a murmur of true Venusian sweetness as he bent again to the juggling of his knife Above his bent blond head Smith looked out again across the busy port

Once Upon A Time Simi Moneer, 2012-08-29 As she promised author Simi Moneer produced her second book *Once upon a time part 2* which she wrote specially for small children With its lovely stories said on the tongue of animals and the beautiful colored illustrations drawn by the author's brother Simi made the book attracting for children and easy to understand and comprehend It's a book you'll be glad to present to your children and be sure it will teach them good morals and useful advices **The Century Illustrated Monthly Magazine**, 1907 **American Review**

George Hooker Colton, James Davenport Whelpley, 1847 *A Moslem Seeker After God: Showing Islam at Its Best in the Life and Teaching of al-Ghazali* Samuel Marinus Zwemer, Al Ghazali was a rare combination of scholar and saint of the orthodox Moslem and the aberrant Sufi This work is a real contribution to the history of religion and will have a peculiar value which attaches to Sufism at the present time On the one hand we have the anthropologists engaged in the task and for the most part successfully engaged of tracing all religions to a common root or roots in the constitution and the fears of primitive man on the other hand we have the mystics of whom the Sufi is a leading representative who are occupied in demonstrating experimentally that all religions which start at the bottom find their way to the top William Penn said something in the same

direction when he affirmed that all good men were of the same religion and that they would know one another when the livery was off But what did he mean by taking the livery off The abstinence from rites ceremonies and the like is a negative process which certainly would not satisfy the genuine Sufi He would say with St Paul Not that we would be unclothed but rather clothed upon that mortality may be swallowed up of life That is real mystic language and suggests that we shall know one another not so much by being denuded of tradition and superstition however desirable the process may be in some points of view as by putting on the robe of light and sitting down in the heavenly places with Jesus Christ and with any one else whom He calls into His companionship Al Ghazali tells us in his Confessions that he found the true way of life in Sufism that is in Pantheism yet he remained an orthodox Moslem that is a Transcendentalist At the present time when the effects of a war of unheard and unequalled severity are still perplexing men the Transcendent and the Immanent views of God are alike hard put to it Sufism is on its back Transcendentalism can scarcely keep its feet It is a poor time of day for seeing God in all almost as ill a time for believing Him to be over all Where speculation fails or limps along with lame feet or with broken wing there must be some other way of taking us to God Himself beyond reason and safer than imagination Al Ghazali found it when he abandoned his lecture room and went into the wilderness While he still continued to recite the formulas which affirm the Unity of God and the authority of His Apostle he found his way into the Sufi inner sanctuary where one understands that he who lies Folded in favour on the Sultan s breast Needs not a letter nor a messenger The book tells us something about this side of his experience in the Quest of Life and when the story is finished we are reminded not to seek the Living among the dead but to believe that the same Lord is rich unto all that call upon Him in truth **Things New and**

Knowledge, Mind, and the Given Willem A. DeVries, Timm Triplett, Wilfrid Sellars, 2000-01-01 This book serves three purposes and it serves them very well First it patiently accurately and comprehensively supplies the necessary information about the historical and contemporaneous ideas views problems and theories which constitute the conceptual setting for Sellars s theses and argumentation Second it provides a careful and lucid section by section interpretative explanation of Sellars s own principal views and claims and crucially undertakes to support them And third it offers its readers the beginnings of an engaged critical discussion of Sellars s critique of givenness and epistemological foundationalism What is particularly impressive about this work is its marvelous clarity a highly polished accessible text Jay F Rosenberg Taylor
