**Its Always Possible: Transforming One of the Largest Prisons in the World** Kiran Bedi, 2005-12-01 Motivation persistence and perseverance are the distinct traits of determined and dedicated individuals who can make things happen. It is always possible even when the task is awesome: transforming the mindset of human beings. Located in India's capital New Delhi, Tihar is one of the largest prisons in the world. Within a prison complex of over 200 acres are housed over 9,700 inmates: men, women, adolescents, children, Indians and foreigners. They comprise unconvicted, alleged offenders, convicts, and remandees. Tihar was a limping, languishing institution condemned by the media, and its inmates were isolated from the community, exploited, used, and abused yet housed. Dr. Kiran Bedi was appointed Inspector General of Tihar Prison in 1993. She brought about fundamental changes, giving a human face to the administrative structure and creating an exemplary system covering every possible aspect of prison management. The whole objective was to collectively and individually manage the transition from a moribund system to a responsive and sensitive administration. Hence, her efforts unfolded the process of reformation involving prison administration, prisoners, and the community toward one common goal: Correction through a collective approach. Dr. Bedi's account is enhanced by input from the prisoners themselves, expressing their feelings in letters and sketches in petitions and poetry. This book is a graphic portrayal of an holistic process of conversion, a metamorphosis from criminality to humanity achieved within a restrictive legal framework. **The Womanist Idea** Layli

Maparyan, 2012-03-22 Following on the heels of *The Womanist Reader*, *The Womanist Idea* offers a comprehensive systematic analysis of womanism, including a detailed discussion of the womanist worldview, cosmology, ontology, epistemology, logic, axiology, and methodology, and its implications for activism. From a womanist perspective, social and ecological change is necessarily undergirded by spirituality, as distinct from religion per se, which invokes a metaphysically informed approach to activism.

**India Today** Arnold P. Kaminsky, Roger D. Long Ph.D., 2011-09-23 Containing almost 250 entries written by scholars from around the world, this two-volume resource provides current, accurate, and useful information on the politics, economics, society, and cultures of India since 1947. With more than a billion citizens, almost 18 percent of the world's population, India is a reflection of over 5,000 years of interaction and exchange across a wide spectrum of cultures and civilizations. *India Today: An Encyclopedia of Life in the Republic* describes the growth and development of the nation since it achieved independence from the British Raj in 1947. The two-volume work presents an analytical review of India's transition from fledgling state to the world's largest democracy and potential economic superpower. Providing current data and perspective backed by historical context as appropriate, the encyclopedia brings together the latest scholarship on India's diverse cultures, societies, religions, political cultures, and social and economic challenges. It covers such issues as foreign relations, security, and economic and political developments, helping readers understand India's people and appreciate the nation's importance as a political power and economic force both regionally and globally. **From Cells to Society : Prison**

Mishra,2024-12-24 This work explores the transformative potential of neuroscience in reshaping India's criminal justice system. It deftly navigates the complex terrain of neurolaw, examining its implications for criminal responsibility, rehabilitation, and the very foundations of legal thought. Drawing on cutting-edge neuroscientific research and India's rich philosophical traditions, the work proposes innovative approaches to longstanding legal and ethical dilemmas. It covers a wide range of topics with depth and nuance, from a neurocriminological audit of Indian criminal codes to an exploration of neuroplasticity in offender rehabilitation. It includes a fascinating case study of the Vipassana meditation program in Indian prisons, illustrating the practical applications of neurolaw principles. The volume promises to spark crucial conversations about the nature of human behavior, the purpose of punishment, and the possibility of a more humane and effective justice system. It is a bold step toward a neuroscience-informed jurisprudence that honors both scientific truth and human dignity. At the intersection of neuroscience, law, and Indian philosophy, the work offers a unique perspective on some of the most pressing questions in modern jurisprudence. Representing a significant contribution to the global discourse on neurolaw and offering concrete suggestions for legal reform, judicial practice, and policymaking, it will be an essential read for legal scholars, neuroscientists, policymakers, and anyone interested in the future of criminal justice.

**Adventure Divas** Holly Morris,2006-10-31 After years of working behind a desk, Holly Morris had finally had enough. So she quit her job and set out to prove that adventure is not just a vacation style but a philosophy of living, and to find like-minded risk-taking women around the globe. With modest backing, a small television crew, her spirited producer mother Jeannie, and a whole lot of chutzpah, Morris tracked down artists, activists, and politicians—women of action who are changing the rules and sometimes the world around them. In these pages, Morris brings to life the remarkable people and places she's encountered on the road while filming her PBS series *Adventure Divas* and other programs. We meet Assata Shakur, a former Black Panther and social activist and now a fugitive living in exile in Cuba; Kiran Bedi, New Delhi's chief of police who revolutionized India's infamously brutal Tihar Jail with her humanitarian ethic; New Zealand pop star Hinewehi Mohi, a Maori who reinvigorates her native culture for a new generation; and Mokarrameh Ghanbari, a septuagenarian painter and rice farmer who lives in the tiny village of Darikandeh on the Caspian plains of Iran, where her creative talents run counter to the government's strict stance on art. Along the way, Morris herself becomes a certified Adventure Diva as she hunts for wild boar with Penan tribesmen in the jungles of Borneo, climbs the Matterhorn short-roped to a salty fourth-generation Swiss guide, and memorably becomes the first woman ever to enter the traditional camel race of the Saharan oasis town of Timia. Intelligent, phenomenally funny, and chock-full of rich and telling details of place, *Adventure Divas* is a pro-woman chronicle for the twenty-first century. In a pilgrimage fueled by curiosity, ideology, and full on estrogen power, Holly Morris has paved the way for all of us to discover our own diva within and set out on our own adventures.
