Literaturoznavchi Studii:

Faces of Displacement Mykola Soroka, 2012-10-01 Whom do our people read Vynnychenko Whom do people talk about if it concerns literature Vynnychenko Whom do they buy Again Vynnychenko So wrote Mykhailo Kotsiubynsky about the young Volodymyr Vynnychenko An innovative and provocative writer Vynnychenko was also a charismatic revolutionary and politician who responded to the dramatic upheavals of the first half of the twentieth century by challenging old values and bringing forward new ideas about human relationships Despite his inseparable association with Ukraine what is often overlooked is the fact that Vynnychenko wrote the majority of his works outside his native land following his flight from Tsarist and Soviet tyranny In this ground breaking study Mykola Soroka draws on contemporary theories of displacement to show how Vynnychenko's expatriate status determined his worldview his choice of literary devices and his attitudes toward his homeland and hostlands Soroka considers concepts of identity to study the intertwined experiences of the writer as an exile migr expatriate traveler and nomad and to demonstrate how these experiences invigorated his art and left a lasting impact on his work The first book length study in English on Volodymyr Vynnychenko *Faces of Displacement* is an insightful examination of an exiled writer that sheds new light on the challenges faced by the displaced **The Post-Chornobyl**

Library Tamara Hundorova, 2019-12-10 Honorable Mention American Association for Ukrainian Studies AAUS 2018 2019 Book Prize Having exploded on the margins of Europe Chornobyl marked the end of the Soviet Union and tied the era of postmodernism in Western Europe with nuclear consciousness The Post Chornobyl Library in Tamara Hundorova's book becomes a metaphor of a new Ukrainian literature of the 1990s which emerges out of the Chornobyl nuclear trauma of the 26th of April 1986 Ukrainian postmodernism turns into a writing of trauma and reflects the collisions of the post Soviet time as well as the processes of decolonization of the national culture A carnivalization of the apocalypse is the main paradigm of the post Chornobyl text which appeals to homelessness and the repetition of the end of histories Ironic language game polymorphism of characters taboo breaking and filling in the gaps of national culture testify to the fact that the Ukrainians were liberating themselves from the totalitarian past and entering the society of the spectacle Along this way the post Chornobyl character turns into an ironist meets with the Other experiences a split of his or her self and witnesses a shift of geo cultural landscapes [Nikolai Gogol: Ukrainian Writer in the Empire](#) Oleh S. Ilnytskyj, 2024-07-22 Russian culture and Slavic Studies maintain that Gogol is an incontrovertible Russian writer To call him a Ukrainian is to encounter deep skepticism Oddly the grounds of his Russianness are rarely made explicit and even less often examined critically This book address these problems It shows for example how scholars assume that language and theme make Gogol Russian How others call him Russian by denying Ukrainians status as a separate nation while still others avoid explanations altogether by representing him as a typical Russian in a national culture and literature This book challenges such paradigms situating Gogol within an imperial culture where Russian and Ukrainian elites shared intellectual pursuits but clashed over rival

national projects It reveals Gogol as a Ukrainian Russian language Imperial Writer a person who embraced an emergent Ukrainian movement while remaining a loyal imperial subject This book will appeal to Russianists and Ukrainianists anyone interested in questions of identity cultural politics and colonialism It provides ample context and background making it suitable for students Readers who enjoy Taras Bulba will be drawn to the chapter that dispels the myth of its Russianness

Nikolai Gogol Yuliya Ilchuk,2021-02-01 One of the great writers of the nineteenth century Nikolai Gogol was born and raised in Ukraine before he was lionized and canonized in Russia The ambiguities within his subversive ironic works are matched by those that surround the debate over his national identity This book presents a completely new assessment of the problem rather than adopting the predominant either/or perspective wherein Gogol is seen as either Ukrainian or Russian it shows how his cultural identity was a product of negotiation with imperial and national cultural codes and values By examining Gogol's ambivalent self-fashioning language performance and textual practices this book shows how Gogol played with both imperial and local sources of identity and turned his hybridity into a project of subtle cultural resistance Ilchuk provides a comprehensive account of assimilation and hybridization of Ukrainians in the Russian empire arguing that Russia's imperial culture has depended on Ukraine and the participation of Ukrainian intellectuals in its development Ilchuk also introduces innovative computer-assisted methods of textual analysis to demonstrate the palimpsest-like quality of Gogol's texts and national identity

Rampart Nations Dr. Liliya Berezhnaya, Heidi Hein-Kircher,2019-03-11 The bulwark or antemurale myth whereby a region is imagined as a defensive barrier against a dangerous Other has been a persistent strand in the development of Eastern European nationalisms While historical studies of the topic have typically focused on clashes and overlaps between sociocultural and religious formations Rampart Nations delves deeper to uncover the mutual transfers and multi-sided national and interconfessional conflicts that helped to spread bulwark myths through Europe's eastern periphery over several centuries Ranging from art history to theology to political science this volume offers new ways of understanding the political social and religious forces that continue to shape identity in Eastern Europe

Uumajursiutik unaatuinnamut / Hunter with Harpoon / Chasseur au harpon Markoosie Patsauq,2021-01-20 Fifty years ago Markoosie Patsauq then a bush pilot in his late twenties living in the tiny isolated High Arctic community of Resolute spent his spare time quietly writing a story that effectively emerged as the first Indigenous novel released in Canada Published in English under the title Harpoon of the Hunter in 1970 by McGill Queen's University Press that version of the story was Patsauq's own adaptation In the years that followed the widely acclaimed English edition was translated into many different languages but what has remained obscured until the present day is the Inuktitut text originally produced by the author In collaboration with Patsauq Valerie Henitiuk and Marc Antoine Mahieu have foregrounded the original Inuktitut text to inform their translations into both English and French This critical edition complete with the story in both Inuktitut syllabics and Latin script utilizes the author's handwritten manuscript as well as interviews with Patsauq to produce a new rigorous examination of this

literary and cultural milestone This work also includes the first comprehensive account of the critical response to his writing while underscoring the way the much altered English adaptation from 1970 shaped that response A momentous achievement that situates a new classic in the twenty first century Hunter with Harpoon brings readers back to the roots of Markoosie Patsauq s Inuit story to experience it as it was originally written *Bibliographic Guide to Slavic, Baltic, and Eurasian Studies* ,1995 A Comparative History of the Literary Draft in Europe Olga Beloborodova,Dirk Van Hulle,2024-11-15

Literary drafts are a constant in literatures of all ages and linguistic areas and yet their role in writing processes in various traditions has seldom been the subject of systematic comparative scrutiny In 38 chapters written by leading experts in many different fields this book charts a comparative history of the literary draft in Europe and beyond It is organised according to eight categories of comparison distributed over the volume s two parts devoted respectively to Text i e the textual aspects of creative processes and Beyond Text i e aspects of creative processes that are not necessarily textual Across geographical temporal linguistic generic and media boundaries to name but a few this book uncovers idiosyncrasies and parallels in the surviving traces of human creativity while drawing the reader s attention to the materiality of literary drafts and the ephemerality of the writing process they capture **Український історик** ,2003 *The Oxford Handbook of Decadence* Jane Desmarais,David Weir,2022 The Oxford Handbook of Decadence provides the most thorough examination of decadence to date by exploring the ramifications of this culture in different times and places from ancient Rome to contemporary America Thirty five wide ranging chapters address decadence not only in literature but also in film fashion architecture and more as well as in such fields as theology science psychoanalysis philosophy and politics **The British Library General Catalogue of Printed Books, 1986 to 1987** British Library,1988 **Slovo do vysokykh lit** Volodymyr Polishchuk,2018
