

Why God Made Little Boys

God made a world out of His dreams,
Of wondrous mountains, oceans and streams,
Prairies and plains and wooded land,
Then paused and thought, "I need someone to stand
On top of the mountains, to conquer the seas,
Explore the plains and climb the trees,
Someone to start out small and grow,
Sturdy, strong like a tree." and so...
He created boys, full of spirit and fun,
To explore and conquer, to romp and run,
With dirty faces, banged up chins,
With courageous hearts and boyish grins.
When He had completed the task He'd begun
He surely said, "That's a job well done."

I praise you because I am
fearfully and wonderfully made.

Psalms 139:14

Class, Gender, and Sexuality in Thomas Gainsborough's Blue Boy Valerie Hedquist, 2019-07-08 The reception of Thomas Gainsborough's *Blue Boy* from its origins to its appearances in contemporary visual culture reveals how its popularity was achieved and maintained by diverse audiences and in varied venues Performative manifestations resulted in contradictory characterizations of the painted youth as an aristocrat or a regular fellow as masculine or feminine or as heterosexual or gay In private and public spaces where viewers saw the actual painting and where living and rendered replicas circulated Gainsborough's painting was often the centerpiece where dominant and subordinate classes met gender identities were enacted and sexuality was implicitly or overtly expressed

Literacy and Advocacy in Adolescent Family, Gang, School, and Juvenile Court Communities Debra Smith, Kathryn F. Whitmore, 2006-08-15 The goal of this book is to encourage educators and researchers to understand the complexities of adolescent gang members

lives in order to rethink their assumptions about these students in school The particular objective is to situate four gang members as literate caring students from loving families whose identities and literacy keep them on the margins of school The research described in this book suggests that advocacy is a particularly effective form of critical ethnography Smith and Whitmore argue that until schools as communities of practice enable children and adolescents to retain identities from the communities in which they are full community members frightening numbers of students are destined to fail The stories of four Mexican American male adolescents who were active members of a gang and Smith's students in an alternative high school program portray the complicated multiple worlds in which these boys live As sons and teenage parents they live in a family community as CRIP members they live in a gang community as at risk students drop outs and graduates they live in a school community and as a result of their illegal activities they live in the juvenile court community The authors theorize about the boys literacy in each of their communities Literacy is viewed as ideological related to power and embedded in a sociocultural context Vivid examples of conversation art tagging rap poetry and other language and literacy events bring the narratives to life in figures and photographs in all the chapters Readers will find this book engaging and readable yet thought provoking and challenging Audiences for Literacy and Advocacy in Adolescent Family Gang School and Juvenile Court Communities include education researchers professionals and students in the areas of middle high school education at risk adolescent psychology and alternative community programs specifically those interested in literacy education sociocultural theory and popular culture
