

# Literary Elements

Every work of literature is made up of a combination of elements. What makes each work unique is the creative way in which the author handles and blends these elements. Careful readers of literary texts are able to identify these elements and to discuss how they influence the meaning of the literary work.

| What Is It Called?      | What Does It Mean?  | What Does it Look Like?   |
|-------------------------|---|---|
| <i>Characterization</i> | Refers to the creation and development of characters, the people who carry on the action in a literary work | Description by the narrator, dialogue & thoughts, and character actions are all methods of characterization.  |
| <i>Setting</i>          | The time and place in which events occur  | Can include descriptions of locations, dates, times of year, etc.   |
| <i>Plot</i>             | The sequence of events that take place  | Major and minor events or conflicts that involve the characters.  |
| <i>Diction</i>          | The word choice of the author   | Words that help to convey different attitudes or tones. Adjectives & adverbs (describing words) and verbs (action words) are helpful in considering the author's diction.   |
| <i>Tone</i>             | The attitude or viewpoint that an author shows toward his or her subject                                    | The tone may be serious, sympathetic, angry, etc. You can usually determine the narrator's tone by studying the author's diction (or word choice).  |
| <i>Mood</i>             | The atmosphere or feeling of a literary work  | The mood may be joyful, gloomy, suspenseful, etc.   |
| <i>Point of view</i>    | The perspective from which a story is told  | In the first-person point of view, the narrator tells the story using "I" and "me" and may participate in events. In the omniscient point of view, the narrator is an all-knowing impersonal observer who does not take part in events but can describe the thoughts and actions of all the characters. |
| <i>Structure</i>        | How the parts of a literary work are organized and arranged   | The structure of a novel may be based on chronological order with occasional flashbacks. The structure of poetry includes the number, form, pattern of lines, and stanzas.  |
| <i>Theme</i>            | The central idea of a literary work   | Themes often have to do with widely held human concerns such as love, death, justice, dignity, happiness, etc.  |
