Writing Portfolios in the Classroom Robert Calfee, Pamela Perfumo, 2012-10-12 This volume presents chapters by researchers practitioners and policymakers who study the impact of classroom portfolios in the assessment of writing achievement by elementary and middle grade students The focus throughout the volume is on the tension between classroom assessment and externally mandated testing It presents the efforts of researchers practitioners and policymakers to understand the impact of classroom portfolios for the assessment of writing achievement by elementary and middle grade students Under the auspices of the Center for the Study of Writing the editors conducted a national survey of exemplary portfolio projects arranged for a series of video visits and held several working conferences The result of this work is a broad ranging tale the aspirations of teachers and administrators to move the machinery of schooling in the direction of more authentic and engaging tasks the puzzlement of students when they realize that the assignments are real and that the teacher may not have a right answer in mind and the tensions between ivory tower ideas and everyday classroom practice Divided into four sections this research volume provides a historical perspective develops the conceptual framework that serves as a background for many activities described throughout and discusses numerous practical issues that confront today's researchers and practitioners views the phenomenon of writing portfolios through a variety of broadview lenses such as teacher enthusiasm student reflection assessment tension the portfolio as metaphor and the locus of control conveys important conceptual issues with a balance toward pragmatics and offers unique insights from the perspective of one individual who serves as scholar researcher and teacher Learning Journals in the K-8 Classroom Marcia S.

Popp, 2012-11-12 *Learning Journals in the K-8 Classroom* is the first comprehensive presentation of how to use academic journals effectively for elementary level instruction The text outlines the theoretical foundations for using learning journals and provides step by step suggestions for implementing them in every content area and at all levels of elementary instruction Learning journals provide resources and support for reading aloud independent reading mini lessons cooperative study individual research workshops and the portfolio system The type of interactive writing students do in learning journals helps them explore complex ideas in the content areas using their own strengths of analysis and response the journals then become resources for future learning group discussions individual conferences learning assessment reports and progress Four introductory chapters show teachers how to create their own journals introduce journals to students integrate them with cooperative study and use them for assessment Additional chapters focus on the individual curriculum areas of literature writing mathematics science and social studies The text includes sample entries from student journals at all grade levels and in every content area and appendices of annotated resources to support journaling and interviews with teachers who use

journals in their classrooms **Innovative Curriculum Materials** ,1999 Socioculturally Responsive Assessment Randy E. Bennett,Linda Darling-Hammond,Aneesha Badrinarayan,2025-05-01 Socioculturally Responsive Assessment assembles the best available thinking from within and outside the educational measurement community about the theoretical foundations and systems level policy implications of formal assessment programs designed to be socioculturally responsive Synthesized from culturally responsive assessment design and practices culturally relevant pedagogy and funds of knowledge universal design for learning the learning sciences and other literatures this emerging concept affirms that students learning and performance is inextricably tied to the social cultural and linguistic contexts in which they live and develop knowledge Across four sections this book provides an argument and initial evidence for impact on students users and assessment quality offers guidance for implementation and examines the potential limitations pitfalls barriers and measurement issues that such programs will inevitably raise Scholars teaching faculty test developers and policymakers will come away with integral foundations new assessment approaches and a greater sense of the potential for positive impact that these assessments may afford
