Infernal Evocation And Demonology:

Infernal Evocation and Demonology Sirdar Ikbali Shah, 2005-12-01 This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia, and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high-quality modern editions that are true to the original work. **Secret Lore**

of Magic Idries Shah, 2016-11-04 First published in 1957. The Secret Lore of Magic contains within it a series of major source books of magical arts. Many of them translated into English for the first time, these works are annotated and fully illustrated. The book's title in itself signalled the fact that the bulk of material in this bibliographical study had never been published openly before. Together with *Oriental Magic*, which appeared in the preceding year, it provided a complete survey of fundamental magical literature and thus a comprehensive reference system for psychologists, ethnologists, and others interested in the rise and development of human beliefs. Both books also introduced the general reader to dependable information about what was a shadowy and confusing subject. **Apotheosis - The Ultimate Beginner's Guide to**
