Fictive Certainties:

Fictive Certainties Robert Duncan, 1985 *Fictive Certainties* moves toward a definition of the poet's ground in contemporary consciousness **The Novel** Paul Hoover, 1990 Paul Hoover's *The Novel* is a booklength poem written in response to the author's experience of having his first novel *Saigon* Illinois Vintage 1988 published after a mere six months in the making Hoover examines the privilege of the novelist from the poet's point of view asking in both astonishment and disappointment why is the novelist at once the most lordly and common of authors A mosaic in organization the poem's thirty parts mix among others Shakespeare and deconstructionist shoptalk with an account of Graceland when Elvis was alive and a gloss of the mass market paperback of James M Cain's *The Enchanted Isle* whose heroine Mandy appears in the poem as the fictive author's lover *The Novel* presents no dichotomy between pop culture and the intensely literary resisting closure by replicating the counterpoint speed of obsessive TV channel changing The closer the look one takes at a world the greater the distance from which it looks back **Precipitations** Devin Johnston, 2002-06-24 Charts the influence of occultism on

American poetry from WWII to the present *The Fire* Robin Blaser, 2006-09-29 Spanning four decades of meditation on the avant garde in poetry art and philosophy the essays collected in *The Fire* reveal Robin Blaser's strikingly fresh perspective on New American poets deconstructive philosophies current events and the state of humanities now The essays gathered in one volume for the first time include commentaries on Jack Spicer Charles Olson Robert Duncan Mary Butts George Bowering Louis Dudek Christos Tzekos and J S Bach Blaser emerged from the Berkeley Renaissance of the 1940s and 1950s having studied under legendary medieval scholar Ernst Kantorowicz and having been a major participant in the burgeoning literary scene His response to the cultural and political events of his time has been to construct a poetic voice that offers a singular perspective on a shareable world and to pose that voice alongside others as a source of counter-memory and potential agency Conceived as conversations these essays brilliantly reflect that ethos as they re-read the cultural events of the past fifty years

The Selected Letters of George Oppen George Oppen, 1990 Objectivist poet George Oppen 1908-1984 along with his contemporaries Lorine Niedecker Charles Reznikoff and Carl Rakoski provide an important bridge between the vanguard modernist American poets and the later works of poets such as Robert Creeley In work often compounded by the populist urbanity of city lives the Objectivists explored the social statements poetry can make Because Oppen wrote only one essay and one essay review his correspondence in effect constitutes his essays Oppen is emerging as one of the major poets of the postwar era he was the recipient of an American Academy and Institute of Arts and Letters Award the PEN West Rediscovery Award and a Senior Fellowship from the National Endowment for the Arts His collection *Of Being Numerous* received the 1969 Pulitzer Prize for Poetry These working papers include a rich correspondence letters which provide access to the sustained perceptive body of critical and aesthetic thinking of Oppen's poetic career Provocative and witty comments on poetry and poetics especially interesting for the development of an Objectivist aesthetics and shrewd deeply felt assessments

about the politics of the twentieth century and its moral dilemmas are some of the issues attended to This edition offers primary documentation about an influential poetics a little known movement and its active figures Given the aggressive studies of the politics of canon formation the interest in describing a historical context for individual literary achievement and current debates about mainstream poetry the rethinking of the Objectivist movement and the collection of documents contributing to its poetics is an important achievement in literary scholarship Forms of Expansion Lynn Keller,1997-08-04 Expanding the boundaries of both genre and gender contemporary American women are writing long poems in a variety of styles that repossess history reconceive female subjectivity and revitalize poetry itself In the first book devoted to long poems by women Lynn Keller explores this rich and evolving body of work offering revealing discussions of the diverse traditions and feminist concerns addressed by poets ranging from Rita Dove and Sharon Doubiago to Judy Grahn Marilyn Hacker and Susan Howe Arguing that women poets no longer feel intimidated by the traditional associations of long poems with the heroic public realm or with great artistic ambition Keller shows how the long poem s openness to sociological anthropological and historical material makes it an ideal mode for exploring women s roles in history and culture In addition the varied forms of long poems from sprawling free verse epics to regular sonnet sequences to highly disjunctive experimental collages make this hybrid genre easily adaptable to diverse visions of feminism and of contemporary poetics **Robert Duncan, The Ambassador from Venus** Lisa Jarnot,2012-08-27 This text is a biography of Robert Duncan one of America s great postwar poets The author takes the reader from Duncan s birth in Oakland California through his childhood in an eccentrically Theosophist household to his life in San Francisco as an openly gay man who became an inspirational figure for many poets and painters around him Source of description unspecified Ghostlier Demarcations Michael Davidson,2022-05-13 Why do modern poets quote from dictionaries in their poems How has the tape recorder changed the poet s voice What has shopping to do with Gertrude Stein s aesthetics These and other questions form the core of *Ghostlier Demarcations* a study of modern poetry as a material medium One of today s most respected critics of twentieth century poetry and poetics Michael Davidson argues that literary materiality has been dominated by an ideology of modernism based on the ideal of the autonomous work of art which has hindered our ability to read poetry as a socially critical medium By focusing on writing as a palimpsest involving numerous layers of materiality from the holograph manuscript to the printed book Davidson exposes modern poetry s engagement with larger historical forces The palimpsest that results is less a poem than an arrested stage of writing in whose layers can be discerned ghostly traces of other texts This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1997 *Walt Whitman* J. Disjunctive Poetics Peter Quartermain, 1992-06-26 *Disjunctive Poetics* examines some of the experimental contemporary writers including Stein and Zukofsky whose work forms a counterpoint to the mainstream writing of our time Peter Quartermain suggests that the explosion of such modern writing is linked to the severe political social and economic dislocation of non English speaking immigrants who arriving in America at the turn of the century found themselves uprooted from their tradition and disassociated from their culture [Genre and Extravagance in the Novel](#) Jed Rasula, 2021-07-15 This book addresses an anomaly in the novel as genre the generic promise to readers that reading a novel is a familiar and repeatable experience is challenged by the extravagant exceptions to this rule Furthermore these exceptions such as *Moby Dick* *Ulysses* or *To the Lighthouse* are sui generis hybrid concoctions that cannot be said to be typical novels The novel then as literary form succeeds by extravagantly disregarding or even disavowing the protocols of its own genre Examining a number of famous examples from *Don Quixote* to *Nostromo* this book offers an anatomy of exceptions that illustrate the structural role of their exceptionality for the prestige of the novel as literary form

American Literature in Transition, 1950-1960 Steven Belletto, 2017-12-28 *American Literature in Transition 1950 1960* explores the under recognized complexity and variety of 1950s American literature by focalizing discussions through a

series of keywords and formats that encourage readers to draw fresh connections among literary form and concepts institutions cultures and social phenomena important to the decade The first section draws attention to the relationship between literature and cultural phenomena that were new to the 1950s The second section demonstrates the range of subject positions important in the 1950s but still not visible in many accounts of the era The third section explores key literary schools or movements associated with the decade and explains how and why they developed at this particular cultural moment The final section focuses on specific forms or genres that grew to special prominence during the 1950s Taken together the chapters in the four sections not only encourage us to rethink familiar texts and figures in new lights but they also propose new archives for future study of the decade

The Stamp of Class Gary Lenhart,2006 The Stamp of Class is about reading poetry with an awareness of class and its themes While numerous works have taken up the question of race and gender as they relate to literary creation no single book has probed the interplay between class and American poetry The nine essays in Gary Lenhart s book deal with the question of class as reflected in the works of Tracie Morris Tillie Olsen Melvin Tolson William Carlos Williams Walt Whitman and others The work is rooted in the author s own experiences as a working class poet and teacher and is the result of more than a decade of exploration

Beautiful Enemies Andrew Epstein,2006-09-21 Although it has long been commonplace to imagine the archetypal American poet singing a solitary Song of Myself much of the most enduring American poetry has actually been preoccupied with the drama of friendship In this lucid and absorbing study Andrew Epstein argues that an obsession with both the

pleasures and problems of friendship erupts in the New American Poetry that emerges after the Second World War. By focusing on some of the most significant postmodernist American poets, the New York School poets John Ashbery, Frank O'Hara, and their close contemporary Amiri Baraka, *Beautiful Enemies* reveals a fundamental paradox at the heart of postwar American poetry and culture: the avant-garde's commitment to individualism and nonconformity runs directly counter to its own valorization of community and collaboration. In fact, Epstein demonstrates that the clash between friendship and nonconformity complicates the legendary alliances forged by postwar poets; becomes a predominant theme in the poetry they created; and leaves contemporary writers with a complicated legacy to negotiate. Rather than simply celebrating friendship and poetic community as nurturing and inspiring, these poets represent friendship as a kind of exhilarating, maddening contradiction: a site of attraction and repulsion, affinity and rivalry. Challenging both the reductive critiques of American individualism and the idealized, heavily biographical celebrations of literary camaraderie, one finds in much critical discussion. This book provides a new interpretation of the peculiar dynamics of American avant-garde poetic communities and the role of the individual within them. By situating his extensive and revealing readings of these highly influential poets against the backdrop of Cold War cultural politics and within the context of American pragmatist thought, Epstein uncovers the collision between radical self-reliance and the siren call of the interpersonal at the core of postwar American poetry.

At Heaven's Gate Robert Penn Warren, 1985. The second novel by Robert Penn Warren, author of the Pulitzer Prize-winning *All the King's Men*, is a tour de force and a neglected classic.

The Oxford Companion to Twentieth-century Literature in English Jenny Stringer, 1996.
