**The Jews of Italy, 1938-1945** Charles T. O'Reilly, 2007-07-03 The author demonstrates that the Italian Army deserves attention for its often humanitarian treatment of Italian Jews and other Jews He also analyzes revisionist histories of Pope Pius XII and his alleged silence arguing that revisionists were writing for a popular audience interested in sensation and scandal and that this profitable trail attracted journalists and historians alike Focusing primarily on the roles played by the Vatican and the Royal Italian Army this book also provides an overview of the travail of Italy's Jewish community from the beginning of Mussolini's anti-Semitic policies in the late 1930s through the end of the German occupation in May 1945

**From a "Race of Masters" to a "Master Race": 1948 to 1848** A.E. Samaan, 2020-11-09 Nazism remains an enigma Historians do not know whether to slot Nazism as a phenomenon of the political right or left largely because of a misunderstanding of how central eugenics was to the regime Eugenics or racial hygiene was at the core of National Socialism's domestic policy foreign policy culture wars and even Hitler's obsession with cars highways and city planning Thus no coherent understanding of the regime is possible without first grasping the nature of eugenics Eugenics did not originate with Nazi Germany It was the culmination of a worldwide movement that was widely accepted by the global scientific and academic community This book traces the origins of the Nazi eugenics state working backward down the timeline tracing from leaf down to the root We investigate this 100 year trajectory from its beginnings in British and American Academia delving into the conveniently forgotten inner workings of a scientific era uncovering previously unpublished manuscripts professional correspondence and conveniently forgotten publications With the centenary of The Holocaust looming uprooting the web of professional connections that engendered this movement is in order The seeds of Holocaust denial take root and prosper with misinformation Clarity and transparency are imperative as they leave no room for denial theories that would deprive the victims of justice or rob the living of a future

McKale, 2006-03-17 In Hitler's Shadow War World War II scholar Donald M McKale contends that the persecution and murder of the Jews Slavs and other groups was Hitler's primary effort during the war not the conquest of Europe According to McKale Hitler and the Nazi leadership used the military campaigns of the war as a cover for a genocidal program that centered on the Final Solution Hitler

**Battles** Charles T. O'Reilly, 2001-01-01 Italy's War of Liberation takes issue with the apparently prevalent attitude among Allied commanders during World War II that the Italian military was ineffective. O'Reilly recounts the little known story of the significant contribution made by the Italian military during the Italian Campaign including the contribution of relatively unacknowledged Italian Partisan formations that fought in Italy, France, Yugoslavia, and Greece. Despite the fact that Italians fought on the front lines with the British and American soldiers and despite the service of the Italian Navy and Air Force, the Allies refused repeated Italian pleas for more involvement in combat. This book not only attempts to correct the record of military history by illustrating the ways in which the Italians were underutilized by the Allies but it also serves to paint a fair portrait of the Italian military's substantial efforts to defeat Hitler and eradicate Fascism. *Operation Memories* Evelyn I. Gregory, 1995 True WWII biographies. Oral interviews given by 50 men and women about their unique WWII experiences. Fascinating stories many never published before.
