Floating Gods:

The Floating Gods Michael John Harrison, 1983 *The Sum of Our Gods* Benjamin Gorman, 2013-10 Joe has been cursed He must meet with Yahweh the Creator once a week for coffee and listen to God complain Yahweh is a crotchety old deity with a pantheon of family problems His wife Frigga has basically stopped talking to Him except to nag Him about retiring His son Jesus suffers from crippling depression Oh and Jesus estranged wife is planning a terrorist attack to start a holy war God is fed up with all the drama He s perfectly tired and infinitely irritable Though God doesn t seem to care about human problems Joe s little mortal life isn t perfect either In fact it s a comedy as black as God s coffee *Tombs of the Gods* Kyle Weyburne, 2023-07-06 We ve completely misunderstood the purpose of the pyramids They weren t built primarily as tombs instead they were intended to be used by Pharaoh while he was still alive In very ancient times the king was only allowed to rule for 30 years then he d be ritually killed They didn t want an old man in charge One day a Pharaoh was nearing his 30th year and decided he didn t want to die so came up with a set of rituals that would enable him to live on It was called Heb Sed This sacred ceremony was more than just a life saver though it also enabled the king to merge with the Sun god After death Egyptian kings were believed to board the Sun boat where they would shine down on their subjects for all eternity However many things could go awry in this process particularly under the eyes of a successor What if they bungled the funeral What if they were a rival Heb Sed enabled all this to occur while the king was still alive so that he could preside over proceedings ensuring its success And the bonus of being able to do this while alive is that some part of the Pharaoh would board the Sun boat and in doing so the king would become a divinity the Pharaoh became a living God king But all this could only happen if they built a strange pyramid shaped structure to enable this potent magic to take place So they built pyramids And they got bigger and more magnificent with the passing of each King This madness came to a head with Pharaoh Snefru who built two massive pyramids the two biggest man made structures in the World How do you outdo this While his son Khufu only managed to build one pyramid it was the most impressive structure ever built by humans Still is in my book And yes it might have functioned as his tomb although Strabo and Diodorus swear black and blue that it wasn t however it was entirely geared to the Sun god as you will find out it was entirely geared for the King s Heb Sed This book is the sequel to *Architecture of Ra* but can be read independently of it It also delves into the myths of Egypt as well as those of other cultures Jason the Argonauts Icarus Jonah Thor Hercules I don t like calling these stories myths because they actually belonged to living religions and to make that grade the stories had to include information seminal to that culture And if the texts contain this knowledge then so did their religious buildings The knowledge encoded in Egyptian legends is also encoded in their pyramids

W.B. Yeats, Ezra Pound, and the Poetry of Paradise Sean Pryor, 2016-02-24 Emphasizing the interplay of aesthetic forms and religious modes Sean Pryor s ambitious study takes up the endlessly reiterated longing for paradise that features throughout the works of W B Yeats and Ezra Pound Yeats and Pound define poetry in terms of paradise and paradise in terms

of poetry Pryor suggests and these complex interconnections fundamentally shape the development of their art Even as he maps the shared influences and intellectual interests of Yeats and Pound and highlights those moments when their poetic theories converge Pryor s discussion of their poems profound formal and conceptual differences uncovers the distinctive ways each writer imagines the divine the good the beautiful or the satisfaction of desire Throughout his study Pryor argues that Yeats and Pound reconceive the quest for paradise as a quest for a new kind of poetry a journey that Pryor traces by analysing unpublished manuscript drafts and newly published drafts that have received little attention For Yeats and Pound the journey towards a paradisaal poetic becomes a never ending quest at once self defeating and self fulfilling a formulation that has implications not only for the work of these two poets but for the study of modernist literature **The Japan**
