

Letter to Someone Living Fifty Years from Now

Matthew Olzmann

Most likely, you think we hated the elephant,
the golden toad, the thylacine and all variations
of whale harpooned or hacked into extinction.

It must seem like we sought to leave you nothing
but benzene, mercury, the stomachs
of seagulls rippled with jet fuel and plastic.

You probably doubt that we were capable of joy,
but I assure you we were.

We still had the night sky back then,
and like our ancestors, we admired
its illuminated doodles
of scorpion outlines and upside-down ladles.

Absolutely, there were some forests left!
Absolutely, we still had some lakes!

I'm saying, it wasn't all lead paint and sulfur dioxide.
There were bees back then, and they pollinated
a euphoria of flowers so we might
contemplate the great mysteries and finally ask,
"Hey guys, what's transcendence?"

And then all the bees were dead.

Fifty Two Poems:

Fifty-Two Poems Sylvia Brooks, 2005-11 **Fifty Two Poems** by Sylvia Brooks is a book of contemporary poetry a must read for poetry lovers The book which is divided into five chapters covers the areas most appealing to modern day readers such as love and romance children and family and faith and inspiration In *The Wise Man* a young wise cracking teen is forced to view her inadequacies and plight in life by means of the ever questioning wise man In *Glamour* a casual informal wife must appease her loving but critical husband by reinventing herself into his image of womanliness and beauty But perhaps most importantly of all are the rhetorical and reflective insights into what makes us what we are for better or worse Or perhaps strolls through the investigative territories of faith and spiritual beliefs will bring more thought to others Whatever the interest or preference **Fifty Two Poems** by Sylvia Brooks will surely supply some thought chuckle or question to us all as we read through its lively delightful pages

The Complete Works William Dunbar, 2004-12-01 Scottish poet William Dunbar is usually considered one of the most important figures of fifteenth century British literature and may lay claim to being the finest lyric poet writing in English in the century and half between the death of Chaucer in 1400 and the appearance of Tottel's Miscellany in 1557 Dunbar's poems offer vivid depictions of late medieval Scottish society and serve up a striking pageant of colorful figures at the court of James IV r 1488 1513 with which he was associated for much of his adult life The poems are remarkable both for their diversity and variability and for their multiplicity of voices styles and tones The great variety of poems within Dunbar's canon includes religious hymns of exaltation moral poems on a wide range of serious themes comic and parodic poems of extreme salaciousness and scatological coarseness general satires against the times and satires with much more specific targets often a single individual This edition of eighty four poems attributed to Dunbar includes extensive background material and explanatory notes that are sure to be of interest to students and Dunbar enthusiasts alike The edition is rounded out with textual notes an index of first lines and a glossary

Simply Fifty-two Anita Rosenbloom, 1980-01-01 **Fifty Songs** Franz Schubert, 1904 **Love Is Lust First** David Amadeus Panckeri, 2008-10-15 Gabriel Garcia Marquez is right Unrequited love is what moves the earth and the sky for me And maybe for you I hope not all of your love remains unrequited To gain anything worthwhile in life one has to risk much This book is an autobiography which delves into the pain as well as the nobility of the pursuit of love which can only occur once in a lifetime This book contains 55 poems all of them springing from the deepest emotions of my life This work centers on passion in its many guises from love to lust The purpose of this book is to demonstrate that there can be no limits to desire and no regrets unless a lover does not follow his/her heart For the fortunate person whose love has been taken to the limits and then been fully reciprocated finally by a lover this book might not make a lot of sense To those of us who are still believers in finding our missing halves I hope this book inspires To those who have become discouraged rejected or too timid to listen to your hearts I ask you to read this book and stay open to the possibility that your lover could walk into your life as early as the next minute

Your heart will tell you Listen to your heart The New Metropolitan ,1905 *The Irish Review* Joseph Mary Plunkett,1914

The Cup of Song Vanessa Cazzato,Dirk Obbink,Enrico Emanuele Prodi,2016-09-22 The symposion is arguably the most significant and well documented context for the performance transmission and criticism of archaic and classical Greek poetry a distinction attested by its continued hold on the poetic imagination even after its demise as a performance setting The Cup of Song explores the symbiotic relationship of poetry and the symposion throughout Greek literary history considering the latter both as a literal performance context and as an imaginary space pregnant with social political and aesthetic implications This collection of essays by an international group of leading scholars illuminates the various facets of this relationship from Greek literature s earliest beginnings through to its afterlife in Roman poetry ranging from the Near Eastern origins of the Greek symposion in the eighth century to Horace s evocations of his archaic models and Lucian s knowing reworking of classic texts Each chapter discusses one aspect of sympotic engagement by key authors across the major genres of Greek poetry including archaic and classical lyric tragedy and comedy and Hellenistic epigram discussions of literary sources are complemented by analysis of the visual evidence of painted pottery Consideration of these diverse modes and genres from the unifying perspective of their relation to the symposion leads to a characterization of the full spectrum of sympotic poetry that retains an eye to both its shared common features and the specificity of individual genres and texts

Reference Catalogue of Current Literature ,1902 Bibliophobia Brian Cummings,2022-02-10 Bibliophobia is a book about material books how they are cared for and how they are damaged throughout the 5000 year history of writing from Sumeria to the smartphone Its starting point is the contemporary idea of the death of the book implied by the replacement of physical books by digital media with accompanying twenty first century experiences of paranoia and literary apocalypse It traces a twin fear of omniscience and oblivion back to the origins of writing in ancient Babylon and Egypt then forwards to the age of Google It uncovers bibliophobia from the first Chinese emperor to Nazi Germany alongside parallel stories of bibliomania and bibliolatriy in world religions and literatures Books imply cognitive content embodied in physical form in which the body cooperates with the brain At its heart this relationship of body and mind or letter and spirit always retains a mystery Religions are founded on holy books which are also sites of transgression so that writing is simultaneously sacred and profane In secular societies these complex feelings are transferred to concepts of ideology and toleration In the ambiguous future of the internet digital immateriality threatens human equilibrium once again Bibliophobia is a global history covering six continents and seven religions describing written examples from each of the last thirty centuries and several earlier It discusses topics such as the origins of different kinds of human script the development of textual media such as scrolls codices printed books and artificial intelligence the collection and destruction of libraries the use of books as holy relics talismans or shrines and the place of literacy in the history of slavery heresy blasphemy censorship and persecution It proposes a theory of writing how it relates to speech images and information or to concepts of mimesis

personhood and politics Originating as the Clarendon Lectures in the Faculty of English at the University of Oxford the methods of Bibliophobia range across book history comparative religion philosophy from Plato to Hegel and Freud and a range of global literature from ancient to contemporary Richly illustrated with textual forms material objects and art works its inspiration is the power that books always and continue to have in the emotional spiritual bodily and imaginative lives of readers

Whitmanism, Imagism, and Modernism in China and America Guiyou Huang, 1997 This book is a cross cultural study of two major literatures of the late nineteenth and early twentieth centuries It traces the confluence of American and Chinese literatures in the early twentieth century when modernism reached its full powers in Europe and America and to a lesser extent in China The author examines how classical Chinese literature affected the birth of American modernism as represented by Ezra Pound he also investigates how American literature contributed to the formation and development of China's New Poetry

An Introduction to the Literature of eSwatini Kerry Vincent, 2020-10-21 This book is the first comprehensive introduction to the literature of eSwatini It details a literary trajectory that begins with renditions of the country by early travelers and settlers and follows with the emergence of a national literature that is marked by early oral influences and molded by unique sociopolitical interests Along the way the author considers how contemporary writing by visitors expatriates and journalists have salvaged and recycled earlier images and attitudes through a series of representational and rhetorical practices In

particular the lingering influence of colonial discourse is explored in the context of the nation's pivotal incwala ritual. A chapter on Hilda Kuper that situates her fiction and drama between outsider and insider accounts is followed by the final two chapters that trace the development of anglophone and siSwati writing and identify themes arising from the major literary genres produced by local authors. The concluding section features a comprehensive registry of writers with brief summaries of their works.

Scottish Literature Since 1707 Marshall Walker, 2017-07-12 Marshall Walker's lively and readable account of the highs and lows of Scottish literature from this important date to the present addresses the important themes of democracy, power and nationhood. Disposing of stereotypical ideas about Scotland and the Scots, this fresh approach to Scottish literature provides a critical interpretation of its distinctive style and presents the reader with an informative introduction to Scottish culture. Coverage includes the Scottish enlightenment and the world of Boswell and David Hume to the Scottish Renaissance associated with Hugh MacDiarmid. Developments in the contemporary literary scene include John McGrath's theatre company and the fiction and poetry of Alastair Gray and Ian Crichton Smith. Particular attention is given to the work of Scottish women writers such as Lady Grizel Baillie and Liz Lochhead who have been much neglected in previous literature.

The Letters of T.S. Eliot T. S. Eliot, 2011-01-01 1932 and 1933 the years covered in this sixth volume of the letters of T. S. Eliot mark a period the Nobel Prize winning poet, playwright and essayist referred to as the happiest I can ever remember in my life. Written largely during his Depression Era travels across the United States, Eliot's correspondences deal in part with his determination to dissolve his torturous eighteen year marriage with Vivian Rich, in gossip gleaned during his tenure as Harvard lecturer and on a speaking tour that took him from New York to California, the letters describe Eliot's encounters with F. Scott Fitzgerald, Edmund Wilson, Marianne Moore and other notable figures of the day. The close of 1933 finds Eliot back in England where he is commissioned to write *The Rock*, a Pageant Play, a collaborative effort that will be the proving ground for his subsequent theatrical triumph *Murder in the Cathedral*.
