Fight Sports and the Church Richard Wolff,2021-02-09 Fighting sports may seem at odds with Christian tradition yet modern ministries have embraced them as a means for evangelism and social outreach While news media often sensationalize fighting sports churches see them as a way to appeal to male congregants presenting a peace loving yet tough model of discipleship From martial arts programs at suburban churches to urban boxing ministries geared towards at risk youth this book examines the substantial history of church sponsored training in combat sports and presents arguments by Christian ethicists about their compatibility with church teachings and settings Interviews with boxing and martial arts ministry leaders describe their programs and the relationship between fight sports and faith

The Ministry of the Word, Vol. 03, No. 02 Various Authors,2023-03-03 In this issue of The Ministry we continue the speaking by Brother Lee concerning the God ordained way as the present practice in God's economy In this message we see some practical steps to carry out the home meetings so that the church life becomes a part of the saints daily life The churches should make a census of all the dormant members and be burdened to recover them house by house until they are firmly established and rooted in the church This requires our diligent thorough and practical labor together with God In addition Brother Lee speaks a word on how the churches should care for the full time serving ones among us The next three

messages are a continuation of messages given in the full time training in Anaheim in the fall of 1997 concerning the grafted life. These messages begin to unveil the relationship between the grafted life and God's organic salvation. Message Seven unfolds the matters of regeneration and sanctification. Regeneration is to bring God into man to have God as life in addition to our original human life. Sanctification is to be saturated with God organically; sanctification is for God's sonizing; that is, sanctification is for sonship. Message Eight presents the matters of renewing and transformation. As believers, we must be thoroughly and absolutely renewed so that we may be the new creation of God and for God. To be renewed is to have God's element added into our being to replace and discharge our old element. Transformation, as the issue of renewing is not an outward change or correction but it is a spiritual metabolism; it is the metabolic function of the life of God in the believers. Message Nine shows us that conformation denotes the shaping of life as the divine life grows within us and transforms us; it spontaneously shapes us into the form, the image of the firstborn Son of God. Glorification, however, is the step in God's complete salvation in which God will completely saturate our body with the glory of His life and nature. Lastly, we include letters concerning the Lord's move in the Pacific Islands and Romania.

Life-study of Hebrews Witness Lee, 2023-09-27. In this life study, Witness Lee presents the Epistle to the Hebrews as God's speaking in Christ, the Son who is now in the heavens as our Minister and our High Priest, ministering to us the heavenly life, grace, authority, and power, and sustaining us to live a heavenly life on Earth. He is the Christ now, the Christ today, and the Christ on the throne in the heavens who is our daily salvation and moment by moment supply.

The Conclusion of the New Testament (1) Witness Lee, In the Lord's recovery during the past five hundred years, the church's knowledge of the Lord and His truth has been continually progressing. This monumental and classical work by Brother Witness Lee builds upon and is a further development of all that the Lord has revealed to His church in the past centuries. It is filled with the revelation concerning the processed Triune God, the living Christ, the life-giving Spirit, the experience of life, and the definition and practice of the church. In this set, Brother Lee has kept three basic principles that should rule and govern every believer in their interpretation, development, and expounding of the truths contained in the Scriptures. The first principle is that of the Triune God dispensing Himself into His chosen and redeemed people; the second principle is that we should interpret, develop, and expound the truths contained in the Bible with Christ for the church; and the third governing principle is Christ, the Spirit, life, and the church. No other study or exposition of the New Testament conveys the life, nourishment, or ushers the reader into the divine revelation of God's holy Word according to His New Testament economy as this one does.

The Nation, 1915. Can War Be Justified? Andrew Fiala, Jennifer Kling, 2023-02-21.

Can war be justified Pacifists answer that it cannot they oppose war and advocate for nonviolent alternatives to war But defenders of just war theory argue that in some circumstances when the effectiveness of nonviolence is limited wars can be justified In this book two philosophers debate this question drawing on contemporary scholarship and new developments in thinking about pacifism and just war theory Andrew Fiala defends the pacifist position while Jennifer Kling defends just war traditions Fiala argues that pacifism follows from the awful reality of war and the nonviolent goal of building a more just and peaceful world Kling argues that war is sometimes justified when it is a last ditch necessary effort to defend people and their communities from utter destruction and death Pulling from global traditions and histories their debate will captivate anyone who has wondered or worried about the morality of political violence and military force Topics discussed include ethical questions of self defense and other defense the great analogy between individuals and states evolving technologies and methods of warfighting moral injury and post traumatic stress disorder broader political and communal issues and the problem of regional security in a globalizing world The authors consider cultural and religious issues as well as the fundamental question of moral obligation in a world saturated in military conflict The book was written in the aftermath of the war on terrorism and includes reflection on lessons learned from the past decades of war as well as hopes for the future in light of emerging threats in Europe and elsewhere The book is organized in a user friendly fashion Each author presents a self contained argument which is followed by a series of responses replies and counter arguments Throughout the authors model civil discourse by emphasizing points of agreement and remaining areas of disagreement The book includes reader friendly summaries a glossary of key concepts and suggestions for further study All of this will help students and scholars follow the authors dialogue so they may develop their own answer to the question of whether war can be justified Key Features Summarizes the debate between pacifism and just war theory Considers historical and traditional sources as well as contemporary scholarship and applications Models philosophical dialogue and civil discourse while seeking common ground Discusses issues of concern in contemporary warfighting and peacemaking while offering an analysis of the war on terrorism
