Flight of the Seventh Moon Lynn V. Andrews, 1984 This book about a woman's apprenticeship to a Cree shaman is remarkable not only for the glimpse it provides of an unfamiliar culture but also for the author's quietly powerful style and the humility with which she opens herself to new and often seemingly alien experiences *Jung and the Native American Moon Cycles* Michael Owen, 2002 Jung and the Native American Moon Cycles describes the life of C G Jung as seen through the lens of the Moon Cycles a Native American teaching about the archetypal influences and forces that affect us at different times in our lives Through this lens we see how the rhythm of Jung's life coincided with the great events of the 20th century This book offers new insights into Jung's life and death and provides a fascinating perspective on some of Jung's more important dreams It also unexpectedly casts new light on Jung's fateful associations with Freud and Picasso and the controversial areas of his life particularly his relationships with women and his supposed anti-Semitism Michael Owen also shows how readers will be able to place the events of their own lives on the Moon Cycles of the Native American Medicine Wheel gaining a new perspective into the births and deaths in their life inner and outer They will see what learning periods are ahead of them and understand the critical importance of the nine month and three year cycles Some of the patterns of time and other insights revealed Both Jung's parents were the thirteenth and youngest in their families Freud died twenty seven years almost to the day after he fainted in Jung's presence and said How sweet it must be to die Jung dreamt of the firebombing of Dresden twenty seven years before it happened Jung's writings about Picasso and its relationship to Jung's death
