Floating Opera:

The Floating Opera John Barth, 1981 *Supplanting the Postmodern* David Rudrum, Nicholas Stavris, 2015-09-24 For more than a decade now a steadily growing chorus of voices has announced that the postmodern literature art thought and culture of the late 20th century have come to an end At the same time as this the early years of the 21st century have seen a stream of critical formulations proclaiming a successor to postmodernism Intriguing and exciting new terms such as remodernism performatism hypermodernism automodernism renewalism altermodernism digimodernism and metamodernism have been coined proposed and debated as terms for what comes after the postmodern *Supplanting the Postmodern* is the first anthology to collect the key writings in these debates in one place The book is divided into two parts the first *The Sense of an Ending* presents a range of positions in the debate around the demise of the postmodern the second *Coming to Terms with the New* presents representative writings from the new isms mentioned above Each of the entries is prefaced by a brief introduction by the editors in which they outline its central ideas point out the similarities and or differences from other positions found in the anthology and suggest possible strengths and limitations to the insights presented in each piece

The Floating Opera and The End of the Road John Barth, 1997-03-11 From the author of National Book Award nominated *Lost in the Funhouse* John Barth's first two novels are both existential comedies featuring strange consuming love triangles and the destructive effects of an overactive intellect on the emotions Barth ran riot over literary rules and conventions even as he displayed with meticulous discipline mastery of and respect for them *The New York Times* The relationship between these two darkly comic novels is evident not only in their ribald and philosophical subject matter but in their eccentric characters and bitterly humorous tone The protagonist of *The Floating Opera* is Todd Andrews an orphaned war veteran who has been sleeping with his friend's wife Todd awakens in the morning determined to commit suicide having concluded that nothing in life has intrinsic value but then spends the day methodically reasoning his way into disregarding that fact and remaining a part of the floating opera of life In *The End of the Road* a man named Jacob Horner finds himself literally paralyzed by an inability to choose a course of action from all possibilities He begins an unconventional course of mythotherapy treatment at the Remobilization Farm but his eccentric doctor's directives lead him into a tragic love triangle and from there to the nihilistic end of the road Separately these two novels give two very different views of the universal human quest for meaning and together they form the beginnings of an illustrious literary career

Once Upon a Time John Barth, 1995-05-18 *Beyond Suspicion* Marc Chenetier, 1996-01-29 Selected by *Choice* magazine as an Outstanding Academic Book for 1996 *Passionate Virtuosity* Charles B. Harris, 1983 **The Passing of Postmodernism** Josh Toth, 2010-03-24 *The Passing of Postmodernism* addresses the increasingly prevalent assumption that a period marked by poststructuralism and metafiction has passed and that literature and film are once again engaging sincerely with issues of ethics and politics In discussions of various twentieth and twenty first century writers directors and theorists from Michel

Foucault and Slavoj Žižek to Thomas Pynchon and David Lynch Josh Toth demonstrates that a certain utopian spirit persisted within and actually defined the postmodern project Just as modernism was animated by an idealistic belief that it could finally realize the utopia beckoning on the horizon postmodernism was compelled by an equally utopian belief that it could finally reject the possibility of all such illusory ideals Toth argues that this specter of an impossible future is and must remain both possible and impossible a ghostly promise of what is always still to come Josh Toth teaches literature and critical theory at Grant MacEwan College and is coeditor with Neil Brooks of *The Mourning After Attending the Wake of Postmodernism*

The Drama, 1920 John Barth David Morrell, 2015-12-16 In 1969 while David Morrell was writing *First Blood* the novel in which Rambo was created he also wrote his doctoral dissertation about acclaimed author John Barth In it Morrell analyses Barth's early fiction using interviews with Barth his agent and his editors as well as several of Barth's unpublished essays and letters to tell what Morrell calls the story behind the stories a biography of Barth's fiction Over the years scholars have found John Barth An Introduction invaluable for its lengthy biographical sections which Barth himself approved Fans of Morrell's fiction will find this book enlightening in terms of what Barth taught him about writing **CRITICAL REACTION** David Morrell's not just a fine writer he's also a great and generous teacher New York Times bestselling author Lawrence Sanders Morrell has written an interesting and informative book which reads occasionally like a biography His prose is eminently clear and straightforward His book has something for everyone There is no doubt that it will become a necessity for serious students of Barth and that coincidentally it is a genuinely interesting book *Journal of Modern Literature* Morrell's study tells the story of Barth's storytelling how he got his ideas and then how the publishers and reviewers dealt with them He includes detailed biographical information and writes with great economy and clarity *Modern Fiction Studies* Morrell gives the reader the benefit of his familiarity with Barth and his manuscripts to plot the career of each work from plans and in some cases research through revision publisher agent reactions sales and post publication revisions The whole enterprise is carried off with appealing confidence and informality that add up to an eminently readable book *World Literature Today* **Text to Reader** Theo d'Haen, Theo d'Haen, 1983-01-01 *Text to Reader* seeks to find a critical approach that links a novel's form to its socio cultural context Combining elements from Iser's reception aesthetics speech act theory and Goffman's frame analysis this book starts from the assumption that a reader has certain conventional expectations with regard to a novel and then goes on to examine how violations of these expectations rule the reader's relationship to the novel The theory sketched in the first chapter is then in four subsequent chapters applied to *The French Lieutenant's Woman* by the English author John Fowles *Letters by the American* John Barth *Libro de Manuel* by the Argentinean Julio Cortázar and *De Kapellekensbaan* by the Flemish novelist Louis Paul Boon The particular form each of these novels takes is analyzed as correlative to that novel's communicative function This book will be of interest to comparatists students of English and American literature and the literatures of Latin America and the Low Countries *The Art of Excess* Tom LeClair, 1989 Theories of Play and

Postmodern Fiction Brian Edwards, 2013-05-13 Drawing on developments in critical theory and postmodernist fiction this study makes an important contribution to the appreciation of playforms in language texts and cultural practices Tracing trajectories in theories of play and game and with particular attention to the writings of Nietzsche Wittgenstein Bakhtin and Derrida the author argues that the concept of play provides perspectives on language and communication processes useful both for analysis of literary texts and also for understanding the interactive nature of constructions of knowledge Exploring manifestations of game and play throughout the history of Western culture from Plato to Pynchon this study traces developments in 20th century cultural and literary theory of ideas about play in the writings of Johan Huizinga Roger Caillois Jacques Ehrmann Bernard Suits James Hans Mihai Spariosu and Robert Rawdon Wilson The author emphasizes post structuralist developments with specific attention to deconstruction and reception theory and argues that deconstruction makes the most significant recent contribution to play theory in its application to language and to literature The work also explores the modes and effects of playforms in particular examples of postmodernist fiction With attention to major works from Thomas Pynchon Gravity's Rainbow John Barth LETTERS Robert Kroetsch What the Crow Said Angela Carter Nights at the Circus and Peter Carey Illywhacker Edwards acknowledges and deconstructs such basic oppositions as play and seriousness fiction and truth difference and identity to explore the literature's cultural political significance Seeking to affirm the fiction's continuing social relevance the readings presented in this book place play irresistibly at the heartland of language meaning and culture

On Endings Daniel Grausam, 2011 What does narrative look like when the possibility of an expansive future has been called into question This query is the driving force behind Daniel Grausam's On Endings which seeks to show how the core texts of American postmodernism are a response to the geopolitical dynamics of the Cold War and especially to the new potential for total nuclear conflict Postwar American fiction needs to be rethought he argues by highlighting postmodern experimentation as a mode of profound historical consciousness In Grausam's view previous studies of fiction mimetically concerned with nuclear conflict neither engage the problems that total war might pose to narration nor take seriously the paradox of a war that narrative can never actually describe Those few critical works that do take seriously such problems do not offer a broad account of American postmodernism And recent work on postmodernism has offered no comprehensive historical account of the part played by nuclear weapons in the emergence of new forms of temporal and historical experience On Endings significantly extends the project of historicizing postmodernism while returning the nuclear to a central place in the study of the Cold War

John Barth (Routledge Revivals) Heide Ziegler, 2014-10-10 John Barth represents most completely what has been termed postmodernism not because his work comprises more postmodernist features than other contemporary writers but because for Barth life and art are two sides of the same coin In this brief study first published in 1987 Heide Ziegler examines all Barth's novels She argues that each pair of novels first exhausts and then replenishes those literary genres that hinge on a particular world view the existentialist novel the Bildungsroman the

Kunstlerroman or the realistic novel Through the division of labour between character and author Barth manages to develop a new mode of literary parody which projects itself beyond the mocked literary model and even self parody into the realm of future fiction This book is ideal for students of literature and postmodern studies **Narrative, Authority, and Law** Robin West,1993 Challenges the moral basis for the authority of law **Showboats** Philip Graham,2014-01-30 This book is a delightful and authoritative record of America s showboats from the first one launched in 1831 to the last ultimately tied up at a St Louis dock It is also a record of the men and women who built and loved these floating theaters of those who performed on their stages and of the thousands who sat in their auditoriums And lastly it is a record of a genuine folk institution as American as catfish which for more than a century did much to relieve the social and cultural starvation of our vast river frontier For these showboats brought their rich cargoes of entertainment genuine laughter a glimpse of other worlds a respite from the grinding hardship of the present emotional relaxation to valley farmers isolated factory workers and miners and backwoodsmen who otherwise would have lacked all such opportunities To the more privileged the showboats brought pleasant reminder of a half forgotten culture They penetrated regions where churches and school had not gone and where land theaters were for generations to be impossible Like circuit preachers they carried their message to the outer fringes of American civilization In spite of many faults it was a good message The frontier had created this institution to fill a genuine need and it lasted only until other and better means of civilizing these regions could reach them good roads automobiles motion pictures schools churches newspapers and theaters But although the showboats have passed into history they have left a rich legacy As long as the Mississippi flows into the Gulf their story will fire the imagination of Americans Showboating has become so legendary that few Americans know what this unique institution was really like In Showboats at long last the true story emerges It differs in many important respects from the motion picture and fictional versions to which Americans are accustomed but it is not a whit the less glamorous Philip Graham has told his story with imagination genuine insight and complete devotion to facts No one who is interested in America s past should fail to read it **Family Policy Matters** Karen Bogenschneider,2014-01-21 This best selling text integrates the latest research and cutting edge practice to make an evidence based case for family policy It uses examples from around the globe to explain how families support society and how policies support families The book also moves beyond analysis to action with pragmatic processes and procedures for improving the effectiveness and efficiency of policies by viewing them through the lens of family impact Highlights of the new edition include Extensive revisions with many new references and policies that reflect recent changes in the economy politics and family forms and families Many new learning tools including guiding questions more tables and figures chapter glossaries discussion questions and chapter summaries Enhanced global perspective with a new chapter 5 that features what policies nations have put in place to strengthen and support families A new chapter 8 that views how family considerations can improve the effectiveness of policy decisions on issues such as early childhood care and education health care juvenile

Cohesion and Dissent in America Carol Colatrella, Joseph Alkana, 1994-01-01 This book addresses one of the most important theories to arise in recent American literary scholarship Developed over the past two decades Sacvan Bercovitch s ideas about the relationship of American cultural institutions to voices of dissent have repeatedly posed challenges to pervasive assumptions about American culture and the methods used by cultural critics and literary historians The contributors to this book respond to different aspects of Bercovitch s ideas by exploring a wide range of scholarly disciplines including American Chicano Amerindian African American Asian American feminist comparatist philosophical legal and critical studies In addition to essays that focus on the theoretical backgrounds and implications of Bercovitch s concepts this book interrogates the uses of those concepts in the study of American literatures Works by a variety of American writers are analyzed the Colonial poet Phillis Wheatly nineteenth century writers Hawthorne and Melville modernists Pound and Eliot contemporary authors John Barth Norman Mailer Arturo Islas and John Yau and philosophers William James and Stanley Cavell This book offers new directions to students of American culture while it participates in the ongoing reassessment of American cultural and literary scholarship

The Play of the Double in Postmodern American Fiction Gordon Slethaug, 1993 In *The Hawkline Monster* Brautigan s minimalist metafictional parody of the double depicts our narcissistic view of reality In *Double or Nothing* Federman subverts the conventional double exposing its gamelike structures and traditional

views of life and text Nihilism and the Sublime Postmodern William Slocombe, 2013-11-05 This book examines the relationship between nihilism and postmodernism in relation to the sublime and is divided into three parts history theory and praxis Arguing against the simplistic division in literary criticism between nihilism and the sublime the book demonstrates that both are clearly implicated with the Enlightenment Postmodernism as a product of the Enlightenment is therefore implicitly related to both nihilism and the sublime despite the fact that it is often characterised as either nihilistic or sublime Whereas prior forms of nihilism are modernist because they seek to codify reality postmodernism creates a new formulation of nihilism postmodern nihilism that is itself sublime This is explored in relation to a broad survey of postmodern literature in two chapters the first on aesthetics and the second on ethics It offers a coherent thesis for reappraising the relationship between nihilism and the sublime and grounds this argument with frequent references to postmodern literature making it a book suitable for both researchers and those more generally interested in postmodern literature
