all its facets It offers a wide ranging approach to the rich varied and exciting research across multiple subfields with seven broad thematic sections covering the structures of French the history of French axes of variation French around the world French in contact with other languages second language acquisition and French in literature culture arts and the media Each chapter presents the state of the art and directs readers to canonical studies and essential works while also exploring cutting edge research and outlining future directions The Oxford Handbook of the French Language serves both as a reference work for people who are curious to know more about the French language and as a starting point for those carrying out new research on the language and its many varieties It will appeal to undergraduate and graduate students as well as established scholars whether they are specialists in French linguistics or researchers in a related field looking to learn more about the language The diversity of frameworks approaches and scholars in the volume demonstrates above all the variety vitality and vibrancy of work on the French language today

Fluency and Disfluency Across Languages and Language Varieties
Liesbeth Degand, Gaëtanelle Gilquin, Laurence Meurant, Anne Catherine Simon, 2019-03-08 Fluency and disfluency are characteristic of online language production and may be signalled by markers such as filled and unfilled pauses discourse markers repeats or self repairs which can be said to reflect ongoing mechanisms of processing and monitoring The Fluency Disfluency across Languages and Language Varieties conference held at the University of Louvain in February 2017 marked the closing of a five year research project dedicated to the multimodal and contrastive investigation of fluency and disfluency in L1 and L2 English French and French Belgian sign language with a focus on variation according to language speaker and genre The closing conference was intended as an opportunity to further expand the range of languages language varieties and genres studied from the dis fluency perspective The selection of papers in this volume reflects the diversity of approaches aiming to uncover the ways in which fluency and disfluency are conceived in language production and comprehension and how they are signalled Topics include methodological challenges in cross linguistic dis fluency research the role of contextual features in professional and non professional settings and the characteristics of fluency and disfluency in second language speech Of particular importance in all contributions is the ambivalent role of pauses discourse markers repeats and other markers which can be both a symptom of encoding difficulties and a sign that the speaker is trying to help the hearer decode the message They should thus be interpreted in context to identify their contribution to fluency and or disfluency which can be viewed as two sides of the same coin
