**Joan of Arc in French Art and Culture (1700-1855)** Nora M. Heimann, 2017-11-30 In her meticulous and wide ranging study Nora M Heimann follows the metamorphosis of Joan of Arc's posthumous representation during the years in which her image ascended from relative obscurity as a minor provincial figure in the middle ages through her treatment as a figure of political satire in the eighteenth century to her ultimate emergence as an image of piety and sanctity in the mid nineteenth century Offering the first scholarly art historical and cultural analysis of the origins of the modern Joan of Arc cult she takes on the challenge of charting as no previous critic has why and how the Maid of Orléans has been all things to such a diverse public through the ages particularly during the rapid shifts in political regimes that came in the wake of the French Revolution Joan of Arc's image has shown a protean capacity to embody a vast and often contradictory range of qualities from martial ascendancy to vulnerable piety from maidenly purity to transgressive androgyny from the power of the people to the divine right of kings Heimann makes a persuasive case for this enduringly resonant woman as the only figure in French culture to be warmly embraced simultaneously by republicans monarchists feminists and neo fascists alike In its recounting of the iconographic fortunes of this remarkable woman during her transformation from an image of satire to one of sanctity *Joan of Arc in French Art and Culture 1700-1855* offers an illustrated interdisciplinary depiction of the relationship between art and politics that will appeal not only to art historians but also to those working in literature women's studies cultural studies intellectual history and religious history

*Follow the Arrow* Eddie Crooks, 2011-07-15 The question Who do you think you are is answered by knowing the history of your ancestors Some know this from ancestral records tracing their family back in time over many generations For others their family history is lost in the ancient mists of time This book explores a tenuous trail going back in history when men and women survived or perished on the outcome of conflicts between powerful forces that exerted unconditional control over their fate The book is built around a time frame spanning more than a millenium It covers times and events when families were forced to seek new lives sometimes setting sail to distant lands in search of freedom from hardship and oppression It is from the consequences of such events that the author's ancestors were forced to leave Ireland during the potato famine in the 19th century to a new life in Scotland Although this is a personal story it will appeal to readers with an interest in how the past has made them what they are today

**The Soldier's Reward** Jennifer Ngaire Heuer, 2024-12-03 A sweeping history of intimacy and family life in France during the age of revolution The French Revolution and Napoleonic Wars devastated Europe for nearly a quarter of a century The Soldier's Reward recovers the stories of soldiers and their relationships to family and domestic life during this period revealing how prolonged warfare

transformed family and gender dynamics and gave rise to new kinds of citizenship In this groundbreaking work combining social cultural gender and military history Jennifer Ngaire Heuer vividly describes how men fought for years with only fleeting moments of peace Combatants were promised promotion financial gain and patriotic glory They were also rewarded for their service by being allowed to return home to waiting families and love interests and with marriages that were arranged and financially supported by the state Heuer explores competing ideas of masculinity in France as well as the experiences of the men and women who participated in such marriages She argues that we cannot fully understand the changing nature of war and peace in this period without considering the important roles played by family gender and romantic entanglements Casting new light on a turbulent era of mass mobilization and seemingly endless conflict *The Soldier's Reward* shows how from the Revolution through the Restoration war intimacy and citizenship intersected in France in new and unexpected ways

Gender and French Identity after the Second World War, 1944-1954 Kelly Ricciardi Colvin, 2017-09-07 The enfranchisement of women in Charles de Gaulle's France in 1944 is considered a potent element in the nation's self-crafted triumphant World War Two narrative the French conquered by the Germans valiantly resisted until they rescued themselves and built a new democracy honoring France's longstanding liberal traditions Kelly Ricciardi Colvin's *Gender and French Identity after the Second World War 1944-1954* calls that potent element into question By analyzing a range of sources including women's magazines trials memoirs and spy novels this book explores the ways in which culture was used to limit the power of the female vote It exposes a wide network of constructed behavioral norms that supported a conservative vision of French identity Taken together they depicted men as virile Resistors for French democracy and history and women as solely domestic support Indeed Colvin shows that women's access to the vote emerged alongside an explosion of cultural messages that encouraged them to retreat into the home to find mates to have millions of

beautiful babies in the words of de Gaulle and not to challenge patriarchy in any way This is a vital study for understanding the nature of postwar France and women s history in 20th century Europe      **A History of England ...: Period I.**

Edith Nesbit,2015-11-01 Example in this ebook CHAPTER ONE Sabrina Fair THAT going to the seaside was the very beginning of everything only it seemed as though it were going to be a beginning without an end like the roads on the Sussex downs which look like roads and then look like paths and then turn into sheep tracks and then are just grass and furze bushes and tottergrass and harebells and rabbits and chalk The children had been counting the days to The Day Bernard indeed had made a calendar on a piece of cardboard that had once been the bottom of the box in which his new white sandshoes came home He marked the divisions of the weeks quite neatly in red ink and the days were numbered in blue ink and every day he crossed off one of those numbers with a piece of green chalk he happened to have left out of a penny box

Mavis had washed and ironed all the dolls clothes at least a fortnight before The Day This was thoughtful and farsighted of her of course but it was a little trying to Kathleen who was much younger and who would have preferred to go on playing with her dolls in their dirtier and more familiar state Well if you do said Mavis a little hot and cross from the ironing board I ll never wash anything for you again not even your face Kathleen somehow felt as if she could bear that But mayn t I have just one of the dolls was however all she said just the teeniest weeniest one Let me have Lord Edward His head s half gone as it is and I could dress him in a clean hanky and pretend it was kilts Mavis could not object to this because of course whatever else she washed she didn t wash hankies So Lord Edward had his pale kilts and the other dolls were put away in a row in Mavis s corner drawer It was after that that Mavis and Francis had long secret consultations and when the younger ones asked questions they were told It s secrets You ll know in good time This of course excited everyone very much indeed and it was rather a comedown when the good time came and the secret proved to be nothing more interesting than a large empty aquarium which the two elders had clubbed their money together to buy for eight and ninepence in the Old Kent Road They staggered up the front garden path with it very hot and tired But what are you going to do with it Kathleen asked as they all stood around the nursery table looking at it Fill it with seawater Francis explained to put sea anemones in Oh yes said Kathleen with enthusiasm and the crabs and starfish and prawns and the yellow periwinkles and all the common objects of the seashore We ll stand it in the window Mavis added it ll make the lodgings look so distinguished And then perhaps some great scientific gentleman like Darwin or Faraday will see it as he goes by and it will be such a joyous surprise to him to come face to face with our jellyfish he ll offer to teach Francis all about science for nothing I see said Kathleen hopefully But how will you get it to the seaside Bernard asked leaning his hands on the schoolroom table and breathing heavily into the aquarium so that its shining sides became dim and misty It s much too big to go in the boxes you know Then I ll carry it said Francis it won t be in the way at all I carried it home today We had to take the bus you know said truthful Mavis and then I had to help you I don t believe they ll let you take it at all said Bernard if you know anything of grown ups you will know that Bernard proved to be quite right Take an aquarium to the seaside nonsense they said And What for not waiting for the answer They just at present was Aunt Enid To be continue in this ebook
