Southern Upcountry Bruce W. Eelman, 2010-01-25 In **Entrepreneurs in the Southern Upcountry** Bruce W. Eelman follows the evolution of an entrepreneurial culture in a nineteenth century southern community outside the plantation belt. Contrary to the view that the Civil War and Reconstruction alone brought social and economic revolution to the South, Eelman finds that antebellum Spartanburg businessmen advocated a comprehensive vision for modernizing their region. Although their plans were forward looking, they still supported slavery and racial segregation. By the 1840s, Spartanburg merchants, manufacturers, lawyers, and other professionals were looking to capitalize on the area's natural resources by promoting iron and textile mills and a network of rail lines. Recognizing that cultural change had to accompany material change, these businessmen also worked to reshape legal and educational institutions. Their prewar success was limited largely due to lowcountry planters' political power. However, their modernizing spirit would serve as an important foundation for postwar development. Although the Civil War brought unprecedented trauma to the Spartanburg community, the modernizing merchants, industrialists, and lawyers strengthened their political and social clout in the aftermath. As a result, much of the modernizing blueprint of the 1850s was realized in the 1870s. Eelman finds that Spartanburg's modernizers slowed legal and educational reform only when its implementation seemed likely to empower African Americans. **The Christian**

Old World Colony David Dickson, 2005 This is a groundbreaking study of Cork s rise from insignificance to

international importance as a city and port and of South Munster's development from agricultural hinterland to one of early modern Ireland's wealthiest regions and a symbol of a new commercial order. Reconstructing the framework of a pre-modern regional society in a way never before attempted for Ireland, Old World Colony integrates social, economic and political history across the heartlands of the Hidden Ireland from the seventeenth century's civil wars to Catholic emancipation in the 1820s. Dickson shows that colonization and commerce transformed the region but at a price: even in South Munster's formative years the problems of pre-Famine Ireland—gross income inequality and land scarcity—were already evident. Co published with Cork University Press, Ireland. Wisconsin edition for sale only in the U.S. its territories and possessions and Canada. A masterful account. So finely nuanced and meticulously researched that it effectively raises the historiographical bar for Irish regional history. James G. Patterson. H. Atlantic. H. Kristy Robinett has always had helpers in spirit, but when she was thirteen she met the most fascinating spirit guide of all: Edgar Allan Poe. Forevermore tells the true story of how Edgar Allan Poe helps Kristy fulfill her destiny as a writer and a psychic medium. Far from being a madman as he's often portrayed in the media, Poe is an insightful guide and a sleuth with a passion for justice. Working with law enforcement, Kristy and Poe uncover truths of the past: murders, suicides, missing persons, and shed light on the wrongs that have found their way into the present day. Join Kristy as she shows how personal growth can come from the unlikely places and affirms the comforting fact that we are all given the chance to learn and evolve on the other side. **Guide to Collective Biographies for Children and Young Adults**.
