

John Calvin A Sixteenth Century Portrait

Michael Mullett

A decorative red circular graphic element, resembling a stylized sun or a lens flare, is positioned to the right of the author's name. It has a soft, glowing red center that fades into a lighter red and then into the white background of the slide.

John Calvin A Sixteenth Century Portrait:

John Calvin William J. Bouwsma, 1989-03-17 Historians have credited or blamed Calvinism for many developments in the modern world including capitalism modern science secularization democracy individualism and unitarianism These same historians however have largely ignored John Calvin the man When people consider him at all they tend to view him as little more than the joyless tyrant of Geneva who created an abstract theology as forbidding as himself This volume written by the eminent historian William J Bouwsma who has devoted his career to exploring the larger patterns of early modern European history seeks to redress these common misconceptions of Calvin by placing him back in the proper historical context of his time Eloquently depicting Calvin's life as a French exile a humanist in the tradition of Erasmus and a man unusually sensitive to the complexities and contradictions of later Renaissance culture Bouwsma reveals a surprisingly human plausible ecumenical and often sympathetic Calvin John Calvin offers a brilliant reassessment not only of Calvin but also of the Reformation and its relationship to the movements of the Renaissance *John Calvin* William James Bouwsma, 1989 Traces the life of the French born theologian describes the background of his times and assesses his influence on the modern world

John Calvin Michael Mullett, 2016-02-22 John Calvin 1509 1564 is one of the most important figures in religious history Sitting on the cusp of the medieval and early modern world he was centre stage during the Reformation In this new biography Michael Mullett introduces us to this most important figure tying his life together with that of Martin Luther but also valuing his individual contribution and influence From what Calvin himself described as humble beginnings he became one of the most influential theologians of the Protestant Reformation The influence of his teachings and the development of Christian theology into what was to become known as Calvinism swept across Europe reinforcing the Reformation's radical break from the Catholic Church John Calvin was a mighty and formidable man able to achieve the vast amount he did because of his unbending conviction of his rightness Michael Mullett explores the significant influences on Calvin and his work and the relationships that he formed along his reforming path Looking not only at the impact of Calvin throughout the early modern period and the importance of his work to contemporaries Michael Mullett also assesses the impact that Calvin's works have had in shaping the modern world and the relevance that they still have today **A Brief Introduction to John Calvin**

Christopher Elwood, 2017-02-10 Honoring the 500th anniversary of the Reformation Christopher Elwood offers an insightful and accessible overview of John Calvin's theological ideas within their historical context A Brief Introduction to John Calvin discusses the trials and tribulations Calvin encountered as he ministered and taught in Geneva paying special attention to the theological controversies associated with the Trinity and predestination In this concise introduction Elwood explores the development of Calvinism and its influence in today's world Historical Dictionary of Calvinism Stuart D.B. Picken, 2012 Calvinism is named after 16th century Reformer John Calvin whose overall theology is contained in his Institutes of the Christian Religion 1559 Calvin's theology and ecclesiology provided the foundation upon which the Reformed

Churches of Europe were built. It was a comprehensive and carefully expounded alternative to the doctrines of the Roman Catholic Church and was designed to expose their weaknesses and present a view of the Christian Faith that was a reformed version of the old faith. The Historical Dictionary of Calvinism relates the history of its founder John Calvin, the Reformed Church, and the impact that Calvinism has had in the modern world along with an account of modern and contemporary developments within the religious, political, and social culture it has created. This is done through a chronology, an introductory essay, an extensive bibliography, and over 300 cross-referenced dictionary entries on concepts, significant figures, places, activities, and periods. This book is an excellent access point for students, researchers, and anyone wanting to know more about Calvinism.

The Genevan Reformation and the American Founding David W. Hall, 2005-01-01. In this provocative study, David W. Hall argues that the American founders were more greatly influenced by Calvinism than contemporary scholars, and perhaps even the founders themselves. He has understood Calvinism's insistence on human rulers' tendency to err, played a significant role in the founders' prescription of limited government, and fed the distinctly American philosophy in which political freedom for citizens is held as the highest value. Hall's timely work countervails many scholars' doubt in the intellectual efficacy of religion by showing that religious teachings have led to such progressive ideals as American democracy and freedom.

John Calvin John W. de Gruchy, 2013-07-05. 2009 is the 500th anniversary of the birth of Calvin, the Reformed theologian whose legacy has played such an important role in the shaping of modern South Africa. The popular understanding of him as grim moralist, proponent of predestination, and a tyrannical God is a caricature, but one that does spring from aspects of Calvin's legacy. In this book, De Gruchy attempts to restate the Reformed tradition as a transforming force, one that opposed slavery and apartheid and that participated in the struggle for liberation and transformation in this country. De Gruchy considers Christian humanism to be an alternative to both Christian fundamentalism and secularism, as being a Christian is all about being truly human in common with the rest of humanity and has come to the conclusion that there is much to retrieve and celebrate in the Reformed tradition that is of importance for the ecumenical church and global society in the 21st century. The evangelical element in the title refers to the literal meaning of the word "good news," which is at the heart of being both Christian and human.

Transforming Leadership Pathways for Humanities Professionals in Higher Education Roze Hentschell, Catherine E. Thomas, 2023-04-15. *Transforming Leadership Pathways for Humanities Professionals in Higher Education* includes thirteen essays from a variety of contributors investigating how humanities professionals grapple with the opportunities and challenges of leadership positions. Written by insiders sharing their lived experience, this collection provides an authentic look at the multiple roles humanities specialists play as well as offers strategies for professional growth, sustenance, and satisfaction. The collection also considers the relationship between disciplinary areas of study, academic training, and the valuable skill sets and habits of mind that serve higher education leaders. While *Transforming Leadership Pathways* emphasizes that a leadership route in higher education

can be a welcome and positive professional move for many humanities scholars the volume also acknowledges the issues that arise when faculty take on administrative positions while otherwise marginalized on campus because of faculty status rank or personal identity This collection demystifies the path into higher education administration and argues that humanities scholars are uniquely qualified for such roles Empathetic deeply analytical attuned to historical context and trained in communication teachers and scholars who hail from humanities disciplines often find themselves well suited to the demands of complex academic leadership in today's colleges and universities

The Human Spirit Marjorie O'Rourke Boyle, 2018-11-01 In this volume Marjorie O'Rourke Boyle probes significant concepts of the human spirit in Western religious culture across more than two millennia from the book of Genesis to early modern science The Human Spirit treats significant interpretations of human nature as religious in political philosophical and physical aspects by tracing its historical subject through the Priestly tradition of the Hebrew Bible and the writings of the apostle Paul among the Corinthians the innovative theologians Augustine and Aquinas the reformatory theologian Calvin and the natural philosopher and physician William Harvey Boyle analyzes the particular experiences and notions of these influential authors while she contextualizes them in community She shows how they shared a conviction although distinctly understood of the human spirit as endowed by or designed by a divine source of everything animate An original and erudite work that utilizes a rich and varied array of primary source material this volume will be of interest to intellectual and cultural historians of religion philosophy literature and medicine

Exodus and Liberation John Coffey, 2014 Tracing a series of political crises in Anglo American history from the 16th century Reformation to the civil rights movement Coffey excavates the history of deliverance politics testifying to the powerful political appeal of the Exodus the Jubilee and the biblical language of liberty

Legal and Rhetorical Foundations of Economic Globalization Keren Wang, 2019-06-13 This book examines the subtle ways in which rhetorics of sacrifice have been reappropriated into the workings of the global political economy in the 21st century It presents an in depth analysis of the ways in which ritual practices are deployed under a diverse set of political and legal contexts as legitimization devices in rendering exploitative structures of the prevailing political economic system to appear inescapable or even palatable To this end this work explores the deeper rhetorical and legal basis of late capitalist governmentality by critically interrogating its mythical and ritual dimensions The analysis gives due consideration to the contemporary incarnations of ritual sacrifice in the transnational neoliberal discourse from those exploitative yet inescapable contractual obligations to calendrical multi billion dollar offerings to the insatiable needs of too big to fail corporations The first part of the book provides a working interpretative framework for understanding the politics of ritual sacrifice one that not only accommodates multidisciplinary interdisciplinary knowledge of ritual practices but that can also be employed in the integrated analysis of sacrificial rituals as political rhetoric under divergent historical and societal contexts The second conducts a series of case studies that cut across the wide variability of ritual public takings in late capitalism The book

concludes by highlighting several key common doctrines of public ritual sacrifice which have been broadly observed in its case studies These common doctrines tend to reflect the rhetorical and legal foundations for public takings under hegemonic market driven governance They define appropriate and proper occasions for suspending pre existing legal protections to regularize otherwise transgressive transfers of rights and possessions for the greater good of the economic order

Poverty in the Theology of John Calvin Bonnie L. Pattison,2006-11-01 It is the thesis of this study that in Calvin s theology poverty and affliction not splendor and glory mark and manifest the kingdom of God on earth Poverty makes the kingdom visible to the eyes and therefore recognizable as divine Poverty acts to reveal or disclose that which is spiritual or that which is of God in the Christian faith This does not mean that Calvin sees the condition of physical poverty as revelatory in and of itself Rather poverty and affliction function as agents of divine revelation They are a condition or a chosen instrument God uses to disclose to humanity the nature of true spirituality godliness and poverty of spirit How this is demonstrated in Calvin s thought depends upon the specific doctrine under examination This study explores three particular areas in Calvin s theology where his theological understanding of spiritual poverty and physical poverty or affliction intersect his Christology his doctrine of the Christian life and his ecclesiology

What Pure Eyes Could See Barbara Pitkin,1999 Through detailed analysis of Calvin s interpretation of selected biblical passages this study traces the evolution of Calvin s thought in the various Latin editions of the Institutes and establishes the exegetical underpinnings of his view of faith

BOOK JACKET *Voices of the Reformation* John A. Wagner,2015-05-05 This fascinating collection of primary source documents furnishes the accounts in their own words of those who initiated advanced or lived through the Reformation Starting in 1500 Europe transformed from a united Christendom into a continent bitterly divided between Catholicism and Protestantism by the end of the century This illuminating text reveals what happened during that period by presenting the social religious economic political and cultural life of the European Reformation of the 16th century in the words of those who lived through it Detailed and comprehensive the work includes 60 primary source documents that shed light on the character personalities and events of that time and provides context questions and activities for successfully incorporating these documents into academic research and reading projects A special section provides guidelines for better evaluating and understanding primary documents Topics include late medieval religion Martin Luther reformation in Germany and the Peasants War the rise of Calvinism and the English Reformation

John Calvin, Myth and Reality Amy N. Burnett,2011-05-11 The chapters in this volume were originally presented as papers at the 2009 colloquium of the Calvin Studies Society held to mark the five hundredth anniversary of John Calvin s birth They offer a fresh evaluation of Calvin s ideas and achievements and describe how others from his contemporaries to the present have responded to or built upon the Calvinist heritage This book dispels popular misperceptions about Calvin and Calvinism allowing readers to make a more accurate assessment of Calvin s importance as a theologian and historical figure Contributions address areas in which Calvin s legacy has been most

controversial or misunderstood such as his attitude toward women his advocacy of church discipline and his understanding of predestination These essays also give a nuanced picture of the impact of Calvinism by taking account of both the positive and negative reactions to it from the early modern period to the present

Part 1 Calvin The Man and His Work
Part 2 Appeal of and Responses to Calvinism
Part 3 The Impact of Calvin's Ideas

The Concept of Equity in Calvin's Ethics Guenther H. Haas, 1997-02-10

Ever since Calvin wrote his *Institutes of the Christian Religion* admonishing the reader that it would not be difficult for him to determine what he ought especially to seek in Scriptures and to what end he ought to relate its contents scholars have endeavoured to identify a doctrine or theme at the heart of his theology In his landmark book *The Concept of Equity in Calvin's Ethics* Guenther Haas concludes that the concept of equity is the theme of central importance in Calvin's social ethic in a similar way that union with Christ lies at the heart of his theology Haas provides in Part One a brief survey of the development of the concept of equity from Aristotle to the scholastics and as it was used by Calvin's contemporaries Haas also examines the influences on Calvin's thinking before and after his conversion to Protestantism with special attention paid to those influences that employed the concept of equity In the heart of this study Part Two *Equity in Calvin's Ethics* Haas presents a thorough exposition and analysis of the extensive role the concept of equity plays in Calvin's ethics demonstrating that Calvin's approach to ethics is not restricted to meditation of Scripture text This book will force a re-examination of approaches to Calvin studies that have not appreciated the historical context and background of Calvin's thought *The Concept of Equity in Calvin's Ethics* establishes that the Protestant tradition in Christian ethics founded by Calvin has a distinctive and vital contribution to make to Christian ethics as well as to the broader discussion of social ethics as they are practised today

The School of God Raymond A. Blacketer, 2007-04-03

Calvin's Old Testament Exegesis in Context Calvin in Context Jean Calvin the reformer and pastor of Geneva is renowned as one of the most important figures in what came to be known as the Reformed and Presbyterian branch of the Protestant Reformation Perhaps less well known is the fact that he devoted the bulk of his creative efforts to preaching lecturing and commenting on the Bible Calvin envisioned a program of reform in Geneva in which the Bible properly interpreted would shape the minds and morals of the Genevan populace The people of Geneva whom Calvin viewed as a precise spiritual reincarnation of the stiff-necked intractable Hebrews of the Old Testament were in need of some serious remedial education and it was his duty as their chief minister to provide the requisite training in doctrine and godliness Despite Calvin's emphasis on preaching and producing biblical commentaries however scholars have often portrayed him as a man of one book that one book being the *Institutes of the Christian Religion* In so doing they have produced a one-dimensional and consequently incomplete view of Calvin's theological work Scholars have tended to study Calvin's theology exclusively from the perspective of his *Institutes* without taking into account his work of biblical interpretation and preaching or the relationship of those efforts to the *Institutes*

The Lord's Supper in the Reformed Tradition John W. Riggs, 2015-08-24

In the Reformed tradition the Lord's Supper is a sacrament that

draws on a rich and deep tradition in its theology and practice In this new volume in the Columbia Series in Reformed Theology John Riggs provides a comprehensive overview of the most important Reformed theologians and confessions on the sacrament of the Lord's Supper Riggs identifies the theology of true mystical union with Christ in the Supper as both a theological legacy the Reformed tradition inherited and a theological achievement that it refined Ideal for studies in Reformed and liturgical theology this is an important resource for investigating the eucharistic theology of the Reformed tradition

John Calvin Thomas Jeffery Davis, 2009 Calvin became an important influence in the Reformation and his theological beliefs known as Calvinism have become integral to many to today's major Protestant churches

Dictionary of Major Biblical Interpreters Donald K. McKim, 2007-11-12 Donald K McKim edits this revised and expanded edition of IVP's Historical Handbook of Major Biblical Interpreters With 230 in depth articles regarding the principal players in the history of Biblical interpretation this volume will serve as an invaluable tool for any serious student of the Bible or history of exegesis
