John Penry and the Marprelate Controversy Donald J. McGinn, 1966 *John Penry and the Marprelate Controversy* Donald Joseph McGinn, 1966 **An Introductory Sketch to the Martin Marprelate Controversy** Edward Arber, 1879
An introductory sketch to the Martin Marprelate controversy, 1588-1590 [documents] ed. by E. Arber, 1895
The Drama of Dissent Ritchie D. Kendall, 2018-07-25 This study examines the complex relationship between theological conviction and artistic expression among a diverse group of religious dissidents Kendall argues that there existed a distinctly radical tradition of dissent poetics whose presence may be discerned among the popularizers of Wycliffite ideas the Edwardian hot gospellers and the Elizabethan Puritans These religious reformers challenged the mainstream of literary thought in the late Middle Ages and Renaissance Originally published in 1986 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value John Robinson and the English Separatist Tradition Timothy George, 1982 This study was undertaken with the belief that a careful reading of Robinson's works would yield a more accurate assessment of his significance as a leading exponent of English Separatism *Francis Johnson and the English Separatist Influence* Scott Culpepper, 2011 The first thorough treatment of Francis Johnson as the central focus of an academic work Once referred to as the Bishop of Brownism by one of his contemporaries Johnson's theological and practical influence on Christian traditions as diverse as the Baptists Congregationalists and English Independents demonstrated the wide breadth of English Separatism's formative influence **The Writings of John Greenwood 1587-1590, Together with the Joint Writings of Henry Barrow and John Greenwood 1587-1590** John Greenwood, 2004-06 Henry Barrow and John Greenwood are the fathers of Elizabethan Separatism They refused to compromise their beliefs or conform to Anglicanism and as a consequence they died in 1593 martyrs for their beliefs in English Congregationalism Pamphlets and Pamphleteering in Early Modern Britain Joad Raymond, 2003 A history of the printed pamphlet in sixteenth and seventeenth century Britain The Great Ejection of 1662 Alan P.F. Sell, 2012-02-17 By Bartholomew's Day 24 August 1662 all ministers and schoolmasters in England and Wales were required by the Act of Uniformity to have given their unfeigned assent and consent to the Book of Common Prayer of the Church of England On theological grounds nearly two thousand ministers approximately one fifth of the clergy of the Church of England refused to comply and thereby forfeited their livings This book has been written to commemorate the 350th Anniversary of the Great Ejection In Part One three early modern historians provide accounts of the antecedents and aftermath of the ejection in England and Wales while in Part Two the case is advanced that the negative responses of the ejected ministers to the legal requirements of the Act of Uniformity were rooted in positive doctrinal convictions that are of continuing ecumenical significance *The Invention of*

the Newspaper Joad Raymond, 2005 First published in 1996 and here issued with a new preface this work describes the emergence of the first weekly news publications the immediate precursors of the modern newspaper Previous ed Oxford Clarendon 1996 **Eras of Nonconformity**, 1906 *Encyclopaedia Britannica: Lord Chamberlain-Mecklenburg* Hugh Chisholm, 1911 This eleventh edition was developed during the encyclopaedia's transition from a British to an American publication Some of its articles were written by the best known scholars of the time and it is considered to be a landmark encyclopaedia for scholarship and literary style *Who's who in Christianity* Lavinia Cohn-Sherbok, 1998 An A Z guide to persons from Eastern and Western Christian churches from Jesus of Galilee and Paul of Tarsus to Pope John Paul II and Mother Teresa **Paul's Cross and the Culture of Persuasion in England, 1520-1640** Torrance Kirby, P.G. (Paul) Stanwood, 2013-12-12 The open air pulpit within the precincts of St Paul's Cathedral known as Paul's Cross can be reckoned among the most influential of all public venues in early modern England Between 1520 and the early 1640s this pulpit and its auditory constituted a microcosm of the realm and functioned at the epicentre of events which radically transformed England's political and religious identities Through cultivation of a sophisticated culture of persuasion sermons at Paul's Cross contributed substantially to the emergence of an early modern public sphere This collection of 24 essays seeks to situate the institution of this most public of pulpits and to reconstruct a detailed history of some of the more influential sermons preached at Paul's Cross during this formative period Contributors include Thomas Dabbs Ellie Gebarowski Shafer Cecilia Hatt Roze Hentschell Anne James Gerard Kilroy John N King Torrance Kirby Bradford Littlejohn Steven May Natalie Mears Mary Morrissey David Neelands Kathleen O Leary Mark Rankin Angela Ranson Richard Rex John Schofield Jeanne Shami P G Stanwood Susan Wabuda John Wall Ralph Werrell and Jason Zuidema **Christianities in the Early Modern Celtic World** T. O' Hannrachain, R. Armstrong, Tadhg Ó hAnnracháin, 2014-07-30 Ranging from devotional poetry to confessional history across the span of competing religious traditions this volume addresses the lived faith of diverse communities during the turmoil of the sixteenth and seventeenth centuries Together they provide a textured understanding of the complexities in religious belief practice and organization *The Reign of Elizabeth I* John Alexander Guy, 1995-09-07 This book is about the politics and political culture of the last decade of the reign of Elizabeth I in effect the years 1585 to 1603 It argues that this period was so distinctive that it amounted to the second of two reigns It also invites readers at times provocatively to take a critical look at the declining Virgin Queen Many teachers and their students have failed to consider the last decade in its own right or have ignored it having begun their accounts in 1558 and struggled on to the defeat of the Armada in 1588 Only two major political surveys have been attempted since 1926 Both consider mainly the war with Spain and the politics of war and each allots inadequate space to Crown patronage puritanism and religion society and the economy political thought and literature and drama This book written by some of the leading scholars of their generation will be indispensable to a fuller understanding of the age **A Critical Edition of Menaphon** Robert Greene, 2018-10-06 This dissertation presents the

first critical edition of *Menaphon* by Robert Greene with the Preface by Thomas Nashe The work was originally published in 1589 in London and was reprinted four times in the sixteenth and seventeenth centuries 1599 1605 1610 and 1616 For this edition three copies of the first edition and copies of all the other early editions have been collated None of the later editions contains any revisions or additions that can be ascribed to either Nashe or Greene Therefore the first edition is used in this edition as the copy text A full textual apparatus records all substantive variants and emendations of the text The Introduction Includes bibliographic descriptions of the various early editions and discusses the relationship between the texts of the early editions An essay on Nashe s Preface places it in the context of his developing prose style Greene s *Menaphon* is treated in a separate essay concerned with the self consciousness of the work and its relation to various sources and influences such as Greek romance Euphuism and Sidney s *Old Arcadia* The Glossary at the end includes words which might not be easily understood either because of peculiarity of spelling or because of specialized archaic or obsolete meaning

Voices and Books in the English Renaissance Jennifer Richards, 2019-10-24 *Voices and Books in the English Renaissance* offers a new history of reading that focuses on the oral reader and the voice or performance aware silent reader rather than the historical reader who is invariably male silent and alone It recovers the vocality of education for boys and girls in Renaissance England and the importance of training in pronuntiatio delivery for oral aural literary culture It offers the first attempt to recover the voice and tones of voice especially from textual sources It explores what happens when we bring voice to text how vocal tone realizes or changes textual meaning and how the literary writers of the past tried to represent their own and others voices as well as manage and exploit their readers voices The volume offers fresh readings of key Tudor authors who anticipated oral readers including Anne Askew William Baldwin and Thomas Nashe It rethinks what a printed book can be by searching the printed page for vocal cues and exploring the neglected role of the voice in the printing process Renaissance printed books have often been misheard and a preoccupation with their materiality has led to a focus on them as objects However Renaissance printed books are alive with possible voices but we will not understand this while we focus on the silent reader
