*Art for Art's Sake & Literary Life* Gene H. Bell-Villada,1998-01-01 Art for Art s Sake and Literary Life is a dynamic history of literary aestheticism from the eighteenth century to academic deconstruction in our own time Gene H Bell Villada examines an enormous range of writings by critics philosophers and writers from Europe Latin America and the United States Uniting all is his conviction that there are concrete social economic political and cultural reasons for the emergence growth diffusion and triumph of l art pour l art over the past two centuries Bell Villada begins by considering how such thinkers as Shaftesbury Kant and Schiller described beauty as a phenomenon to be weighed not in isolation from other aspects of our existence but as part of our general development as human beings He recounts how the original vision of Kant and Schiller was simplified and debased within new cultural political and economic contexts leading to the aesthetic separatism promoted by lyric poets in France Bell Villada then examines how the ideology of Art for Art s Sake took on new forms in Europe and the Americas culminating in present day versions associated with the academicization and ever greater marginalization of literature Artfully combining an exceptional amount of learning with a sharp polemical focus Art for Art s Sake and Literary Life will appeal to a wide range of scholars and general readers for whom literature aesthetics and the relations of culture and society are vitally important matters

*In Pursuit of Beauty* Metropolitan Museum of Art (New York, N.Y.),1986 This project is the first comprehensive study of a phenomenon that not only dominated the American arts of the 1870s and 1880s but also helped set the course of such later developments in the United States as the Arts and Crafts movement the indigenous interpretation of Art Nouveau and even the rise of modernism In fact the early history of the Metropolitan its founding its sponsorship of a school of industrial design and its display of decorative works is inextricably tied to the Aesthetic movement and its educational goals In Pursuit of Beauty Americans and the Aesthetic Movement comprised some 175 objects including furniture metalwork stained glass ceramics textiles wallpaper painting and sculpture Some of these had rarely been displayed others although familiar were being shown in new and even startling contexts The exhibition and catalogue are arranged thematically to illustrate both the major styles of a visually rich movement and the ideas that generated its diversity From publisher s description
