

LABOR: America's Two-Faced Movement

HERRICK S. ROTH

FIRST EDITION

PETROCELLI / CHARTER

NEW YORK 1975

Labor Americas Twofaced Movement

Alan J. Ware

Labor Americas Twofaced Movement:

Labor, America's Two-faced Movement Herrick S. Roth,1975 [Labor, America's Two-faced Movement](#) Herrick S. Roth,1975 [Encyclopedia of U.S. Labor and Working-class History](#) Eric Arnesen,2007 Publisher Description [Brewing a Boycott](#) Allyson P. Brantley,2021-04-06 In the late twentieth century nothing united union members progressive students Black and Chicano activists Native Americans feminists and members of the LGBTQ community quite as well as Coors beer They came together not in praise of the ice cold beverage but rather to fight a common enemy the Colorado based Coors Brewing Company Wielding the consumer boycott as their weapon of choice activists targeted Coors for allegations of antiunionism discrimination and conservative political ties Over decades of organizing and coalition building from the 1950s to the 1990s anti Coors activists molded the boycott into a powerful means of political protest In this first narrative history of one of the longest boycott campaigns in U S history Allyson P Brantley draws from a broad archive as well as oral history interviews with long time boycotters to offer a compelling grassroots view of anti corporate organizing and the unlikely coalitions that formed in opposition to the iconic Rocky Mountain brew The story highlights the vibrancy of activism in the final decades of the twentieth century and the enduring legacy of that organizing for communities consumer activists and corporations today *The Making of an Atlantic Ruling Class* Kees Van Der Pijl,2014-06-03 With *The Making of an Atlantic Ruling Class* Kees van der Pijl put class formation at the heart of our understanding of world politics and the global economy This landmark study dissects one of the most decisive phenomena of the twentieth century the rise of an Atlantic ruling class of multinational banks and corporations A new preface by the author evaluates the book s significance in the light of recent political and economic developments **The Logic of Party Democracy** Alan J. Ware,2015-12-22 *Library of Congress Catalogs* Library of Congress,1978 **The American Photo Engraver** ,1924 **The Two Faces of American Freedom** Aziz Rana,2014-04-07 *The Two Faces of American Freedom* boldly reinterprets the American political tradition from the colonial period to modern times placing issues of race relations immigration and presidentialism in the context of shifting notions of empire and citizenship Today while the U S enjoys tremendous military and economic power citizens are increasingly insulated from everyday decision making This was not always the case America Aziz Rana argues began as a settler society grounded in an ideal of freedom as the exercise of continuous self rule one that joined direct political participation with economic independence However this vision of freedom was politically bound to the subordination of marginalized groups especially slaves Native Americans and women These practices of liberty and exclusion were not separate currents but rather two sides of the same coin However at crucial moments social movements sought to imagine freedom without either subordination or empire By the mid twentieth century these efforts failed resulting in the rise of hierarchical state and corporate institutions This new framework presented national and economic security as society s guiding commitments and nurtured a continual extension of America s global reach Rana envisions a democratic society that

revives settler ideals but combines them with meaningful inclusion for those currently at the margins of American life

Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1977 *The Jewish Unions in America* Bernard Weinstein, 2018-02-06 Newly arrived in New York in 1882 from Tsarist Russia the sixteen year old Bernard Weinstein discovered an America in which unionism socialism and anarchism were very much in the air He found a home in the tenements of New York and for the next fifty years he devoted his life to the struggles of fellow Jewish workers The Jewish Unions in America blends memoir and history to chronicle this time It describes how Weinstein led countless strikes held the unions together in the face of retaliation from the bosses investigated sweatshops and factories with the aid of reformers and faced down schisms by various factions including Anarchists and Communists He co founded the United Hebrew Trades and wrote speeches articles and books advancing the cause of the labor movement From the pages of this book emerges a vivid picture of workers organizations at the beginning of the twentieth century and a capitalist system that bred exploitation poverty and inequality Although workers rights have made great progress in the decades since Weinstein s descriptions of workers with jobs pitted against those without and American workers against workers abroad still carry echoes today The Jewish Unions in America is a testament to the struggles of working people a hundred years ago But it is also a reminder that workers must still battle to live decent lives in the free market For the first time Maurice Wolfthal s readable translation makes Weinstein s Yiddish text available to English readers It is essential reading for students and scholars of labor history Jewish history and the history of American immigration **Skeptic** ,1976 **Industrial and Labor Relations Review** ,1976 *Subject Catalog* Library of Congress, Public Affairs Information Service Bulletin ,1977 **American Book Publishing Record Cumulative, 1950-1977** R.R. Bowker Company. Department of Bibliography, 1978 **Black Fascisms** Mark Christian Thompson, 2007 In this provocative new book Mark Christian Thompson addresses the startling fact that many African American intellectuals in the 1930s sympathized with fascism seeing in its ideology a means of envisioning new modes of African American political resistance Thompson surveys the work and thought of several authors and asserts that their sometimes positive reaction to generic European fascism and its transformation into black fascism is crucial to any understanding of Depression era African American literary culture The book considers the high regard that Back to Africa advocate Marcus Garvey expressed for fascist dictators and explores the common ground he shared with George Schuyler and Claude McKay writers with whom Garvey is generally thought to be at odds Thompson reveals how fascism informed a rejection of Marxism by McKay as well as by Arna Bontemps whose *Drums at Dusk* depicts communism as antithetical to any black revolution A similarly authoritarian stance is examined in the work of Zora Neale Hurston where the striving for a fascist sovereignty presents itself as highly critical of Nazism while nonetheless sharing many of its tenets The book concludes with an investigation of Richard Wright s *The Outsider* and its murderous protagonist Cross Damon who articulates fascist drives already present if latent in *Native Son* s Bigger Thomas

Unencumbered by the historical or biblical references of the earlier work Damon personifies the essence of black fascism Taking on a subject generally ignored or denied in African American cultural and literary studies Black Fascisms seeks not only to question the prominence of the Left in the political thought of a generation of writers but to change how we view African American literature in general Encompassing political theory cultural studies critical theory and historicism the book will challenge readers in numerous fields providing a new model for thinking about the political and transnational in African American culture and shedding new light on our understanding of fascism between the wars **Santa Clara Law Review** ,1975 **Labor in America** Melvyn Dubofsky,Joseph A. McCartin,2024-09-04 The gold standard of American labor history references updated to include the latest political social and economic developments of the 2020s Labor in America A History Tenth Edition is a comprehensive and authoritative discussion of the U S labor movement from the colonial era to the 2020s Authors Melvyn Dubofsky and Joseph A McCartin have expanded and updated their landmark text incorporating significant recent events and their implications for American labor The book addresses the continuing and evolving challenges faced by American workers critical developments in U S labor history the impact of economic and political changes and more Dubofsky and McCartin offer nuanced analyses of workers collective actions the formation of unions and the role of labor in shaping American society They provide a rich historical context and a detailed narrative of labor history for students scholars and laypersons alike The authors also explain the likely impact of major contemporary trends on workers including the rise of the gig economy and discuss the most critical influences on modern U S labor An invaluable resource for anyone interested in the history and future of labor in the United States Labor in America A History will undoubtedly remain the gold standard in the field for years to come **Inland Printer, American Lithographer** ,1890
