False Dawn Lee Penn, 2004 The interfaith movement which began with the 1893 World s Parliament of

Religions in Chicago has grown worldwide Although this movement has been largely unknown to the public it now provides a spiritual face for globalization the economic and political forces leading us all from nationalism to One World The most ambitious organization in today s interfaith movement is the United Religions Initiative URI founded by William Swing the Episcopal Bishop of California Investigative reporter Lee Penn a Catholic ex Marxist exhaustively documents the history and beliefs of the URI and its New Age and globalist allies the vested interests that support these movements and the direction they appear to be taking The interfaith movement is no longer merely the province of a coterie of little heeded religious idealists with grandiose visions The URI s proponents have ranged from billionaire George Soros to President George W Bush from the far right Rev Sun Myung Moon to the liberal Catholic theologian Hans K ng and from the Dalai Lama to the leaders of government approved Protestant churches in the People s Republic of China The interfaith movement including the URI is being promoted by globalist and New Age reformers who favor erosion of national sovereignty marginalization of traditional religions establishment of global governance and creation of a new Earth based global spirituality in effect a one world religion Therefore the URI and the interfaith movement are poised to become the spiritual foundation of the New World Order the new civilization now proposed by Mikhail Gorbachev the last leader of the Soviet Union In The Reign of Quantity and the Signs of the Times French metaphysician Ren Gu non spoke of the anti tradition the forces of materialism and secular humanism finally giving way to the counter tradition the satanic inversion of true spirituality leading to the regime of Antichrist The anti tradition weakens and dissolves traditional spiritualities after which the counter tradition sets up a counterfeit in their place Since Gu non s time as is well known anti traditional forces have greatly advanced worldwide It is less well known that counter traditional movements have also made great strides and now stand closer to the centers of global political and religious power than ever before The counter tradition is making inroads on the political and cultural Right as much as it is doing on the Left False Dawn painstakingly documents these trends and speculates on their future development In so doing the author takes investigative reporting to the threshold of prophecy and gives us a stunningly plausible picture of the global religious landscape of the 21st century This extraordinary project is the literary equivalent of turning over a flat rock There is much to be seen and learned here all of it unsettling disquieting occasionally downright scary William Murchison Radford Distinguished Professor Baylor University When a bishop of a Christian church happily worships alongside a Wiccan invoking other gods something has gone horribly wrong In False Dawn Lee Penn has produced a comprehensive and critical history of the United Religions Initiative This book sounds a clear warning Anyone who makes theological truth subservient to utopianism denigrates all religions Douglas LeBlanc Editor GetReligion org [Discovering the Art of Soul Friending](#) Carolyn Gratton, 2019-01-28 This friendly accessible book is about the age old hunger in human hearts to open and deepen and grow towards faithful intimacy with the Source of all that is This spiritual journey is radically personal but it is not meant to be entirely solitary It can be supported at crucial times by friendship with someone who has

learned how to listen through a life of prayer for the guidance of God's Spirit in their own soul and in the soul of another. Long ago in Celtic Christian Ireland such a person was called an *anam cara* a soul friend. Every soul from time to time on its mysterious trek towards union with God needs a human friend for encouragement on the way. In *Discovering the Art of Soul* Carolyn Grattan invites us to say yes to the ability to share with another and to disclose something of oneself on each seeker's journey towards union with God. Enriched by a lifetime of insights gained from educating groups around the world she guides aspiring spiritual companions to a discernment of their own level of spiritual maturity, sensitivity in the art of spiritual guidance and to a seeker's desires the soil from which their truest love can spring. A commitment to prayer and the transformation of consciousness it makes possible rootedness in their own faith tradition and throughout life an openness to the expanded perceptions possible in our multicultural world. Carolyn completes each chapter with what she calls a *Book of Providence* section an annotated bibliography of resources that can expand the discernment skills and contextual awareness of potential soul friends.
