Hocking, Professor of Materials Chemistry, University of London,2016-02-19 There is much evidence that we have lived before and our purpose is to progress to a more advanced state The evidence also indicates that a God must exist to cause such re births on other continents and hundreds of years later The consequences of bad deeds done in previous lives explains present suffering which seems otherwise unjust Future lives lie before us and from available evidence these will be strongly influenced by our actions in our present life      Whitaker's Cumulative Book List
