Ethnic-sensitive Social Work Practice Wynetta Devore,Elfriede G. Schlesinger,1981 *Ethnic-sensitive Social Work Practice* Wynetta Devore,Elfriede G. Schlesinger,1996 As the American population becomes increasingly multicultural it becomes necessary to focus on the particular needs and experiences of different ethnicities This book does just that within the context of the field of social work as it explores ways in which class and ethnic factors could contribute to the assessment and intervention process First written in response to CSWE mandates in the early 1980s for the incorporation of ethnicity in the social work practice sequence this book is one of the most well known and respected books on ethnic sensitive social work practice diversity practice or practice with minorities Through a generalist perspective in its approach the book includes various ethnicities various populations individuals families groups organizations and communities and various approaches to practice empowerment and strengths perspectives psychosocial perspectives problem solving task centered and structural approaches Social workers and therapists *Ethnic Sensitive Social Work Practice* PSYCHO,2000-07-01

Innovations in Delivering Culturally Sensitive Social Work Services Yvonne Asamoah,2013-01-11 Innovations in Delivering Culturally Sensitive Social Work Services Challenges for Practice and Education is for human service professionals and educators who are seeking innovative ways to make their practice and service delivery more culturally appropriate and their education and training more relevant As Editor Yvonne Asamoah explains There has never been a more critical time for social work practitioners educators and policy makers to critique their programs service delivery systems and curricula for cultural relevance Apart from federal and state mandates which require agencies to demonstrate how they are preparing workers to deliver culturally sensitive services demographic shifts and increasing economic hardships are continually producing a more diverse clientele in need of service Being sensitive to the needs of the local community and the subtle but significant ethnic differences within them is critical and has important implications for training policy and practice The contributors describe actual models put into practice in the U S and Canada analyzing the results and debating the issues of diversity and cultural sensitivity in regard to the social work profession Innovations in Delivering Culturally Sensitive Social Work Services gives you an inside look at different approaches programs and studies including an innovative demonstration project designed to deliver social services to people from different cultures in Canada an eight step communication process model that social work agency supervisors and training units may use to help workers become more effective multicultural practitioners a study on the incidents of misunderstanding between social workers from a Western oriented society and those from a non Western society in terms of culture shock the results of a statewide survey in Nevada on attitudes of social workers in relation to diversity using a modified Multicultural Counseling Inventory to measure awareness knowledge and skills the four major multicultural issues considered critical to the delivery of health and mental health and preventative and treatment services to Latino clients an examination of the issue of diversity in the workplace

using the university and schools of social work as examples Other important contributions in *Innovations in Delivering Culturally Sensitive Social Work Services* include a unique look at the topic of cultural diversity and sensitivity from a management perspective introducing you to the concept of the globally aware social work manager Practical suggestions to assist you in achieving global awareness are provided through a Global Problem Analysis Worksheet including issues of staffing hiring and retention of foreign born staff service planning and organization to meet the needs of immigrants refugees and other international populations staff development and broader organizational concerns of information systems and policymaking Two other chapters directly relate to the critical issues raised by Paige in his comprehensive 1986 work on cross cultural orientation and applications These chapters will help you view your own cross cultural encounters with both clients and peers in a broader theoretical context

Encyclopedia of Canadian Social Work Francis J. Turner, 2006-01-01 All of us as Canadians are touched throughout our lives by some aspect of social welfare either as recipients donors or taxpayers But despite the importance of the social network in our country there has been no single source of information about this critical component of our society Even professionals in the field of social work or social services have not had a comprehensive volume addressing the myriad features of this critical societal structure The Encyclopedia of Canadian Social Work fills this need Over five hundred topics important to Canadian social work are covered written by a highly diverse group of social workers covering all aspects of the field and all areas of the country Practitioners policy makers academics social advocates researchers students and administrators present a rich overview of the complexity and diversity of social work and social welfare as it exists in Canada The principal finding from this project underscores the long held perception that there is a Canadian model of social work that is unique and stands as a useful model to other countries The Encyclopedia of Canadian Social Work will be an important source of information both to Canadians and to interested groups around the world The Encyclopedia of Canadian Social Work is available in e book version by subscription or from university and college libraries through the following vendors Canadian Electronic Library Ebrary MyiLibrary and Netlibrary

Culturally Diverse Populations: Reflections from Pioneers in Education and Research Diane De Anda, 2013-10-18 The purpose of this book is to open a discourse on current and pertinent issues related to multicultural populations by the most noted experts and researchers in the field This book offers an overview of the literature on multicultural issues and assesses its approach to the following issues the stereotypic assumptions with regard to filial piety and Asian American populations substance abuse within the Latino community multicultural youth and elders refugee and immigrant populations as well as vulnerable populations such as victims of political and sexual exploitation The aim is to provide a forum for educators in the field to present views regarding important issues for which there is no other venue They are important for educators practitioners and students in the field to consider and discuss These will serve as springboards for such discussion Although references will be cited when appropriate these will be position papers rather than research papers or reviews of the literature This

book was based on a special issue of the Journal of Ethnic and Cultural Diversity in Social Work *Beyond Racial Divides* Lena Dominelli, Walter Lorenz, 2017-03-02 Written by leading authorities in the field this challenging book addresses complex issues of ethnicity and racial discrimination in ways that encourage further debate and analysis Its main theme is that social work has been and remains deeply implicated in racist policies and practices that have been locality specific but that racism is also recognizable across borders as a phenomenon that appears everywhere At the same time the book focuses on innovative theories and practice which seek to promote an emancipatory social work which sets itself the goal of eradicating social injustice particularly that applying to race The contributors come from a wide range of countries and describe their experiences in tackling racism in social work at the levels of both theory and practice This provides an impressive range of perspectives which cover models of social work created by people who have had to live with racism and find ways of overcoming it as well as those who have struggled to become able to express their own ethnicity without oppressing others The concluding message of the book is a positive one people can create a world that goes beyond racial divides by accepting validating and celebrating diversity while at the same time recognizing that people share many commonalities with others which can be used to establish egalitarian relationships realize social justice and communicate effectively with each other

Rethinking Social Work Practice with Multicultural Communities Yolanda C. Padilla, Ruth McRoy, Rocío Calvo, 2020-05-21 With research showing that clients from diverse racial and ethnic groups disproportionately experience barriers in their interactions with social services and that providers recognize the need to be better prepared to work with these groups this book invites us to rethink current approaches to social work practice with multicultural communities We begin with a synthesis of the current evidence on the provision of care to multicultural communities that provides an in depth look at both client and provider experiences The following chapters offer tangible research based approaches to engaging with multicultural clients and reveal often unrecognized problems with current models of social work practice A unique compilation of rigorous qualitative experimental and community based studies demonstrate the effectiveness of culturally grounded interventions and identify the specific factors associated with positive outcomes Areas covered include disability marriage and couple relationship problems domestic violence and mental illness within Latinx African American First Nations and South Asian communities As the authors in this book show the stories of multicultural communities are narratives of unprecedented resourcefulness and reinvention Yet social work underutilizes rich family and community cultural resources By not facilitating their involvement social service systems compromise these vital resources which social services cannot replace In arguing that we need to expand professional boundaries to encompass indigenous practices family and extended kin and therapeutic relationships that make sense to different cultural groups this book will be of interest to those studying the ways in which social work practice can be improved to better suit the needs of a racially and ethnically diverse population This book was originally published as a special issue of the Journal of Ethnic Cultural Diversity in Social Work **Principles**
