Freedom Wilderness:

Freedom Evaggelos Vallianato, 2025-02-01 In this book Vallianatos paints a picture of freedom in Greek history and civilization Freedom for the Greeks he says has been like breathing air He documents how freedom gave birth to the great achievements of Greek civilization The Greeks repeatedly defeated large invading Persian armies in early fifth century BCE Those heroic victories secured Greek and Western civilization Modern Greeks also won over large Turkish forces in the 1820s thus establishing the independence of Greece In 1940 the Greeks defeated a large Italian army winning the first victory of WWII The result of the triumph of freedom especially in ancient Greece Vallianatos says was an explosion of light Civilization bloomed with the craftsmanship of the Bronze Age 3 100 BCE the poetry of Homer the Olympics democracy Aristotle and his invention of science technology theater the Parthenon gorgeous art and architecture and the cosmic Greek influence of Alexander the Great and the Antikythera computer of genius in the second century BCE These Greek achievements influenced the founders of the American Republic They are still important for clear thinking and inspiration in support of our democracy They guide us to family farming and citizen soldiers always commanded by civilians This book may attract readers the world over Classics scholars students and tourists About 22 000 of them visit the Parthenon every day These Parthenon lovers would be interested in this book which in addition to its global overview of Greek history includes a chapter explaining why the Parthenon has been the Soul of Greece Vallianatos argues that the Greeks are us They were reason and science as much as piety for the gods The Olympics celebrated Zeus The Athenians built the Parthenon to honor Athena daughter of Zeus The second century BCE Antikythera computer was designed to predict the eclipses of the Sun and the Moon both gods for the Greeks This book brings this intimate dimension of piety for the gods to the surface where it belongs This enables Vallianatos to retell Greek history as it actually happened In contrast many books about the Greeks ignore or malign Greek religion which distort the history and civilization of the Greeks *Hearings* United States. Congress Senate, 1957 *The Wild West* Will Wright, 2001-08-09 This book written by the author of the celebrated volume *Six Guns and Society* explains why the myth of the Wild West is popular around the world It shows how the cultural icon of the Wild West speaks to deep desires of individualism and liberty and offers a vision of social contract theory in which a free and equal individual the cowboy emerges from the state of nature the wilderness to build a civil society the frontier community The metaphor of the Wild West retained a commitment to some limited government law and order but rejected the notion of the fully codified state as too oppressive the corrupt sheriff Compelling and magnificently suggestive the book unpacks one of the core icons of our time Freedom Found: The Passover Miracle of Liberation Blake Daniels, Delves into the heart wrenching struggle of the Israelites as they endured years of slavery under the oppressive rule of Pharaoh Witness the extraordinary events that led to their liberation from the ten plagues that shook Egypt to the awe inspiring parting of the Red Sea Experience the power of faith and perseverance as Moses leads his people out of bondage guided by the divine hand of God

Burden Of Freedom Myles Munroe,2013-09-02 The Burden Of Freedom explains that too many people use past oppression to remain mired in hatred and irresponsibility today The spirit of oppression has specific telltale effects on individuals communities and nations These are identified by Myles Munroe as a hatred for work laziness fear low self esteem selfishness lack of creativity low initiative and distrust of those in authority To break free from these self replicating cycles of oppression there must be a mental transformation Paradoxically freedom requires the need to impose control on self require more responsibility than slavery and the decision to accept a destiny of freedom recognizing the process and discipline that personal and political freedom require Simply put The Burden Of Freedom should be available to every citizen and on the shelves of every high school college and community library in the country

God's Guide to Freedom Carl Barrett,2023-04-13 In a society where so many people feel helpless and hopeless they need to grasp onto someone who will release them from the bondage preventing them from attaining the beautiful things God has in store So often we don t know how to fight our spiritual battles leading to a weakened and defeated spirit This state of delusion and confusion is only the work of a dark force that s keeping people shackled in chains and suppressing their glorious life of liberty in Jesus Christ We all long for a life full of peace purpose and a plan that will lead to a glorious journey with the presence of our Lord every step of the way The reality of believing in Jesus obeying his word and knowing the truth brings spiritual freedom And such a privilege includes freedom from the bondage of falsehood For his truth sets us free This forty day devotional guide through Exodus will show us times of being in bondage to a stage of deliverance to wandering in the wilderness and how to rely on the strength and guidance of an Almighty God And that s where spiritual freedom comes to the surface in our intentional lives
