**Freedom in Meditation** Patricia Carrington,1977      **The Art of Meditation** Robert Elias Najemy,1991      **Emptiness and Joyful Freedom** Greg Goode,Tomas Sander,2013-08-01 The pinnacle of Buddhism s understanding of reality is the emptiness of all things Exploring reality towards the realization of emptiness is shockingly radical It uncovers an exhilarating freedom with nowhere to stand while engendering a loving joy that engages the world This path breaking book employs the emptiness teachings in a fresh innovative way Goode and Sander don t rely solely on historical models and meditations Instead they have created over eighty original meditations on the emptiness of the self issues in everyday life and spiritual paths These meditations are guided both by Buddhist insights and cutting edge Western tools of inquiry such as positive psychology neuroscience linguistic philosophy deconstruction and scepticism The result is a set of liberating and usable tools for Buddhists and non Buddhists alike      **Concept of Freedom** Ambika Sharma,2001-05 The book contains quite comprehensively Jiddu Krishnamurti s philosophical ideas on human freedom Like Buddha and Christ Krishnamurti also possessed great love for human beings Therefore he showed a great concern for human plight He lived for more than ninety years during which he talked discoursed and lectured at different places in various countries for almost sixty years His main concern in those talks was to enlighten man about the impediments that didn t allow him to achieve freedom As a philosopher Krishnamurti s position is quite unique He develops neither any new philosophical canons nor believes in any kind of practices which would help man to attain freedom gradually He holds that man can reach the domain of freedom at once provided he keeps his mind free from every kind of thoughts The thoughtless state of mind is the state of a meditative mind It is also the state of a silent mind In a most simple and convincing language Krishnamurti reasserts the importance of the ancient precept know thyself and advises us to seek liberation by acquiring the right knowledge which is the knowledge of one s own self Those who love philosophy and wish to acquaint themselves with Krishnamurti s views on human freedom will find this book very interesting      **Ordinary Freedom** Jon Bernie,2010-07-30 Freedom is not some special state condition idea or concept to be believed in It s the realization of our true essential nature and an ordinary part of our everyday lives we just need to access it In this important book ordained Buddhist monk Jon Bernie helps readers meet this challenge He emphasizes the importance of allowing what arises as our path unfolds rather than reacting with resistance Reading Ordinary Freedom is like having a wise and loving but uncompromising friend on the path to discovering our true nature      **Freedom** Gopalakrishnan Kulasekaran,2023-01-18 By 2040 depression and Anger will be the biggest cause of disability worldwide But the treatment for it has not changed much in the last three decades Psychiatry has not been able to address the most basic problem of mankind Yoga and Meditation are the scientific methodologies that heighten awareness and make it possible to live in a constant state of happiness harmony and fulfillment whatever the outer the environment may be It is possible to have a completely clear mind and experience a deep sense of calm and the power to switch into a state of

intense awareness This book would be an invaluable guide for those looking for inner joy and stability
