Freedom Run:

Freedom Run Richard S. Drake, 2002-09-15 In the 21st Century two uneasy nations are at the brink of war The Confederacy having long given up slavery shows the world how all men and women are brothers and sisters In the embittered United States however men and women are joined only by the forces which dominate their lives a hellish industrial state controlling the population with the help of a Christian Fundamentalist television preacher and the grim agents of the Industrial Protection Agency But there is hope in the midst of chaos an Underground Railroad taking workers from the North to the South This is the story of one man s emotional and spiritual odyssey as he travels the danger filled path to the Confederacy

Freedom Run! Eugene Lacorbiniere, 2008-11 Take a journey to a time and place that will forever change the way you think about slaves and the institution of slavery This is a realistic fiction historically based story that will take you to a place that existed long ago It is a story that will make you laugh cry it may even make you mad but most of all it will make you think Think about all that has been gained and lost over a period of five hundred years The Priests of Africa were given a plan for escaping slavery long before becoming slaves With the help and strength of God and their ancestors they attempted an escape of monumental proportions that escaped the pages of history Find out how these slaves refused slavery and took up arms to free themselves Manny learns a story of a slave rebellion and the Black Masonic Order that will change his life forever A story that was long lost over time through the perilous journey of slavery He will realize that despite his dysfunctional family and lack of education his life still had hope and purpose Take the journey down the Mississippi River and never be the same again The secrets that are entwined in this novel will blow your mind away It will grip your emotions like nothing you ever read This is not just a story but an adventure through time Enjoy and God Bless

Pearl, 2024-12-03 Ryan and Rowan and their new crew and passengers have reached the dreaded Murack system The two alien races there are still vying for control of the system even after the Murack Five disaster nearly caused the Galactic Republic to bomb them both to oblivion Their techniques now are more underhanded and they see Ryan and Rowan's relief supply mission as a means to progress their war On Gaia the cloned entertainers continue expanding their influence among their unsuspecting peers Gunther has started recruiting their former alien pirate enemies while Medwin reaches out to inactive clones with other special abilities or connections Their plans are coming together but they're still entirely at the mercy of their controllers The fight for freedom is nearing its tipping point but are its soldiers ready to lay down their lives

for what they believe in **New Threats to Freedom** Adam Bellow, 2012-02-01 New Threats to Freedom In the twentieth century free people faced a number of mortal threats ranging from despotism fascism and communism to the looming menace of global terrorism While the struggle against some of these overt dangers continues some insidious new threats seem to have slipped past our intellectual defenses These often unchallenged threats are quietly eroding our hard won freedoms and in some cases are widely accepted as beneficial In New Threats to Freedom editor and author Adam Bellow has assembled an all star lineup of innovative thinkers to challenge these insidious new threats Some leap into already raging debates on issues such as Sharia law in the West the rise of transnationalism and the regulatory state Others turn their attention to less obvious threats such as the dogma of fairness the failed promises of the blogosphere and the triumph of behavioral psychology These threats are very real and very urgent yet this collection avoids projecting an air of doom and gloom Rather it provides a blueprint for intellectual resistance so that modern defenders of liberty may better understand their enemies more effectively fight to preserve the meaning of freedom and more surely carry its light to a new generation What are the new threats to freedom when has authority not claimed when imposing trammels and curbs on liberty that it does so for a wider good and a greater happiness Christopher Hitchens The regulatory state amounts to a regressive tax that penalizes small independent producers and protects the status quo Max Borders Europe tends to favor stability over democracy America democracy over stability Daniel Hannan The value of free expression is perceived to be at odds with goals that were considered more important like inclusiveness diversity nondiscrimination and tolerance Greg Lukianoff The masses cannot ultimately be free only the individual can be Robert D Kaplan That old bugbear of postwar sociology the mob self is now a reality In a participatory popularity culture the freedom to think and act for ourselves becomes harder and harder to achieve Lee Siegel As traditional marriage declines the ranks of single women are growing and increasingly these women are substituting the security of a husband with the security of the state Jessica Gavora Ending the freedom to fail is a mean spirited attack on the freedom to succeed Michael Goodwin The only solution to the new threats to American press freedom lies in organized resistance Katherine Mangu Ward The new behaviorism isn't interested in protecting people's freedom to choose on the contrary its core principle is the idea that only by allowing an expert elite to limit choice can individuals learn to break their bad habits Christine Rosen There's a world of Travis Bickles out there and they're not driving cabs They're reading blogs Ron Rosenbaum The first amendment ensures not that speech will be fair but that it will be free It cannot be both David Mamet Join the conversation about these issues at www.newthreatstofreedom.com Freedom's Myth Stephen B. Pearl, 2022-12-09 Ryan and Rowan narrowly escaped United Earth Systems justice at the Switchboard Station Together with their new crew now they must take relief supplies and personnel to the place of Ryan's nightmares Murack Five While tensions run high and secrets abound with the crew and passengers the entire operation is plagued with issues that seem like more than bureaucratic red tape and could threaten their safety Back in Sun Valley Gunther continues

recruiting cloned entertainers toward winning their freedom The focus group for the show based on Ryan and Rowan's escape leaves the set region to find their lives turned upside down When tragedy strikes leader Medwin's pain and anger hardens into resolve and he starts to think that playing within the system isn't as effective as taking out his vengeance personally Decades of scheming have brought CEO Michael Strongbow's plans to fruition but will it be enough to free clones and grant them equal rights On two sides of the galaxy the battle for freedom wages on The freedom to love to live to know the truth protect those close and make one's own choices defines every moment of every life Perhaps the only way anyone can be free is in stories
