Freedomways Reader Prophets In Their Own Time:

Freedomways Reader Constance Pohl, 2000 A selection of articles from Freedomways a journal that published the writings of African American leaders and artists of the freedom movement from 1961 to 1986 *Freedomways Reader* Esther Cooper Jackson, Constance Pohl, 2001-09-11 From 1961 to 1985 a period of massive social change for African Americans Freedomways Quarterly published the leaders and artists of the black freedom movement Figures of towering historical stature wrote for the journal among them Paul Robeson W E B Du Bois President Kwame Nkrumah and Julius Nyerere Three Nobel Prize laureates appeared in its pages Dr Martin Luther King Pablo Neruda and Derek Walcott and several Pulitzer Prize winners Alice Walker and Gwendolyn Brooks No other journal could boast such a long list of names from the civil rights movement Freedomways was like no other journal It was unique Yet despite the well known names few Americans have heard of this national treasure Why Simply put the United States was not ready for this journal in 1961 Today many Americans cannot remember a United States where racial segregation was legal but in 1961 many of the battles for integration were still to be won This book is subtitled Prophets in their Own Country because the editors and contributors to Freedomways were not honored at the journal s inception Eventually however much of their vision did come to pass Until now these documents which show the depth and breadth of the struggle for democracy had been lost to the public The publication of the Freedomways Reader restores this lost treasury It contains what amounts to an oral history of the liberation movements of the 1960s through the 1980s Through the reports of the Freedom Riders the early articles against the Vietnam War and South African apartheid the short stories and poems of Alice Walker and the memoirs of black organizers in the Jim Crow south of the Thirties one can walk in the footsteps of these pioneers *Justice Rising* Patricia Sullivan, 2021-06-08 Bobby Kennedy wasn t the most visible figure in the civil rights movement but his impact was transformative As attorney general he protected the Freedom Riders and turned the Justice Department from an enemy of civil rights into an enforcer of antiracist policies Patricia Sullivan gives Kennedy his rightful place as a force for racial justice

Who We Be Jeff Chang, 2014-10-21 Incorporating powerful images from a range of artistic venues an intellectual follow up to the award winning *Cant Stop Won t Stop* considers how violent culture disputes are still occurring in spite of the past half century s progress in race relations *Let the People Decide* J. Todd Moyer, 2006-03-08 In the middle of the Mississippi Delta lies rural black majority Sunflower County J Todd Moyer examines the social histories of civil rights and white resistance movements in Sunflower tracing the development of organizing strategies in separate racial communities over four decades Sunflower County was home to both James Eastland one of the most powerful reactionaries in the U S Senate in the twentieth century and Fannie Lou Hamer the freedom fighting sharecropper who rose to national prominence as head of the Mississippi Freedom Democratic Party Sunflower was the birthplace of the Citizens Council the white South s pre eminent anti civil rights organization but it was also a hotbed of SNCC Student Nonviolent Coordinating Committee organizing and a

fountainhead of freedom culture Using extensive oral history interviews and archival research Moyer situates the struggle for democracy in Sunflower County within the context of national developments in the civil rights movement Arguing that the civil rights movement cannot be understood as a national monolith Moyer reframes it as the accumulation of thousands of local movements each with specific goals and strategies By continuing the analysis into the 1980s *Let the People Decide* pushes the boundaries of conventional periodization recognizing the full extent of the civil rights movement *Turncoats, Traitors, and Fellow Travelers* Arthur F. Redding, 2008 The Cold War was unique in the way films books television shows colleges and universities and practices of everyday life were enlisted to create American political consensus This coercion fostered a seemingly hegemonic nationally unified perspective devoted to spreading a capitalist socially conservative notion of freedom throughout the world to fight Communism This book traces the historical contours of this manufactured consent by considering the ways in which authors playwrights and directors participated in responded to and resisted the construction of Cold War discourses

Forging Freedom in W. E. B. Camp, 2016-04-18 The United States currently has the largest prison population on the planet Over the last four decades structural unemployment concentrated urban poverty and mass homelessness have also become permanent features of the political economy These developments are without historical precedent but not without historical explanation In this searing critique Jordan T Camp traces the rise of the neoliberal carceral state through a series of turning points in U S history including the Watts insurrection in 1965 the Detroit rebellion in 1967 the Attica uprising in 1971 the Los Angeles revolt in 1992 and events in post Katrina New Orleans in 2005 *Incarcerating the Crisis* argues that these dramatic events coincided with the emergence of neoliberal capitalism and the state's attempts to crush radical social movements Through an examination of the poetic visions of social movements including those by James Baldwin Marvin Gaye June Jordan Jos Ram rez and Sunni Patterson it also suggests that alternative outcomes have been and continue to be possible **If We Must Die** Karin L. [The Path to the Greater, Freer, Truer World](#) Lindsey R. Swindall, 2019-04-08 The Southern Negro Youth Congress and the Council on African Affairs were two organizations created as part of the early civil rights efforts to address race and labor issues during the Great Depression They fought within a leftist Pan African framework against disenfranchisement segregation labor exploitation and colonialism By situating the development of the SNYC and the Council on African Affairs within the scope of the long civil rights movement Lindsey Swindall reveals how these groups conceptualized the U S South as being central to their vision of a global African diaspora Both organizations illustrate well the progressive collaborations that maintained an international awareness during World War II Cleavages from anti radical repression in the postwar years are also evident in the dismantling of these groups when they became casualties of the early Cold War By highlighting the cooperation that

occurred between progressive activists from the Popular Front to the 1960s Swindall adds to our understanding of the intergenerational nature of civil rights and anticolonial organizing **Freedom Now!** Martin A. Berger,2022-03-22 Photographers shot millions of pictures of the black civil rights struggle between the close of World War II and the early 1970s yet most Americans today can recall only a handful of searing images Martin A Berger demonstrates that we have inherited a photographic canon and hence a picture of history shaped by the desire of whites for safe images of unthreatening blacks *Ebony* ,2000-04 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine **Encyclopedia of Black Comics** Sheena Howard,Christopher Priest,2017-09-15 The Encyclopedia of Black Comics focuses on people of African descent who have published significant works in the United States or have worked across various aspects of the comics industry The book focuses on creators in the field of comics inkers illustrators artists writers editors Black comic historians Black comic convention creators website creators archivists and academics as well as individuals who may not fit into any category but have made notable achievements within and or across Black comic culture Alien Soil Katie Singer,2024-08-16 Alien Soil Oral Histories of Great Migration Newark explores Newark s Krueger Scott African American Cultural Center collection of over 100 oral histories Historian Katie Singer separates these stories into thematic categories of social and political events including church work and activism in order to paint an intimate portrait of everyday urbanity and the larger Black urban experience in Newark Through the examination of these Krueger Scott narratives Singer challenges historical falsehoods with the lived experiences of Newarkers who traveled North during the Great Migration as well as established city residents Alien Soil effectively contextualizes Newark history and re inserts Black voices into historiography traditionally dominated by outsiders The book begins with the Krueger Scott Mansion s deep history followed by the sequence of events surrounding the proposed Cultural Center Last owned by African American millionaire and beauty culture entrepreneur Louise Scott the Victorian Krueger Scott Mansion was built by beer baron Gottfried Krueger in 1888 Through the history of the Mansion and the ultimately failed Cultural Center project one learns about the Newark that African Americans migrated to what they found when they got there how living in the city changed them and how they individually and collectively changed Newark After the Cultural Center project was officially halted in 2000 the cassette tapes of the oral history interviews were stored away at the Newark Public Library Ten years later they were unearthed and ultimately digitized As of yet no one has applied these sources directly to their research Deeply committed to these rich insightful stories Singer calls for a more thoughtful consideration of all cities reminding us that Newark is much more than its 1967 rebellion **Oman** David C.
