**Freemasonry Defined** Shawn M. Gorley, 2014-04-22 Freemasonry Defined is a short read that packs a powerful educational punch for Masons the world over Drawing on specific historical examples of positive actions by Masons and hardships against them author Shawn M Gorley lays out how the fraternity has persevered through the centuries Gorley heavily researched each example showing the core of the tenets that make an upright man and Mason I especially like the examples from war and repression and how Masonry emerged victorious in the end Gorley did the Brotherhood a true heartfelt service in sharing his own personal passions through this book I hope and anticipate more of the same as he continues to work his stone of knowledge

Freemasonry, Greek Philosophy, the Prince Hall Fraternity and the Egyptian (African) World Connection Keith Moore 32°, 2008-08 Freemasonry is a system of learning that has been recognized as a product of western civilization however what is not told is the influences by people of African descent This book describes the contributions to freemasonry from the ancient African civilizations of Egypt Nubia and pre Islamic Arabia It is designed to give the reader a deeper understanding of its origins as well as its connection to world civilizations and world religion all of which has an African presence This book will also look at the universe of African American Masonic organizations from the early 18th century to the 20th century America which ranged from the origins of prince hall freemasonry to Black Nationalist and esoteric religious sects like the Moorish Science Temple of America the UNIA and several other offshoots Contrary to prior accounts African American Freemasonry was concerned with far more than simply acknowledgement and respectability The book will demonstrate that Freemasonry played a critical role in history politics and African American social life I discuss such topics as the impact of Greek philosophy on western civilization the rise of Islam and its impact on the African continent and finally the grandeur and accomplishments of the moors of Spain African people have been at the very core of this rich foundation In addition I discuss the comparisons between the ancient Egyptian civilization and modern day freemasonry I explore its

symbolism as well as the esoteric foundations that freemasonry relies so heavily upon Once freemasonry reach the western hemisphere it became a tool for influencing Europe s elite Moreover my research covers the history of the knight s of Europe and the origins of european chivalry and how Arabic poetry played an important role in its establishment Additional topics include Napoleon Bonaparte The mystic shrine and the foundations of Orientalism *Theatre of the Fraternity* Kenneth L. Ames,1996 A collection of evocative icons and stage designs used by a fraternal order of freemasonry
