New Orleans T. R.

Johnson, 2023-03-02 The neighborhoods of New Orleans have given rise to an extraordinary outpouring of important writing. Over the last century and a half or so these stories and songs have given the city its singular place in the human imagination. This book leads the reader along five thoroughfares that define these different parts of town: Royal St, Claude Esplanade, Basin, and St Charles, to explore how the writers who have lived around them have responded in closely related ways to the environments they share. On the outskirts of New Orleans today, the city's precarious relation to its watery surroundings and the vexed legacies of race loom especially large. But the city's literature shows us that these themes have been near to hand for New Orleans writers for several generations, whether reflected through questions of masquerade, dreams of escape, the innocence of children, or the power of money or of violence or of memory.

The Booklover's Guide to New Orleans Susan Larson, 1999 The Booklover's Guide to New Orleans is Susan Larson's delightfully informative response to questions most frequently asked her as book editor of the Times Picayune: Tourists and locals alike want to know what to read, where authors lived, which bookstores to browse, and when literary festivals are scheduled. Now all the answers can be found in this one convenient volume, the only complete directory of New Orleans's write life available. Whether you are passing through the Big Easy, residing there, or longing to visit, these pages will heighten your experience of one of the most intoxicating places on the planet, taking you into countless nooks and crannies along its storied streets.

Family Album Gabriela Alemán, 2022-05-17 Finalist for the Republic of Consciousness Prize, Family Album is Ecuadorian author Gabriela Alemán's rollicking follow-up to her acclaimed English language debut, Poso Wells. Alemán is known for her spirited and sardonic take on the fatefully interconnected and often highly compromised forces at work in present-day South America, and particularly in Ecuador. In this collection of eight hugely entertaining short stories, she teases tropes of hardboiled detective fiction, satire, and adventure narratives to recast the discussion of national identity. A muddy brew of pop culture and pop folklore yields intriguing, lesser-known episodes of contemporary Ecuadorian history, along with a rich cast of unforgettable characters whose intimate stories open up onto a vista of Ecuador's place on the world stage. From a pair of deep-sea divers using Robinson Crusoe's map of a shipwreck to locate sunken treasure in the Galapagos Archipelago to a night with the husband of Ecuador's most infamous expat, Lorena Bobbitt, this series of cracked family portraits provides a cast of picaresque heroes and anti-heroes in stories that sneak up on a reader before they know what's happened. They've learned a great deal about a country whose more well-known exports—soccer, coffee, and cocoa—mask an intriguing national story that's ripe for the telling. One of The Millions' Most Anticipated Books for 2022, Ecuadorian writer Alemán's sparkling collection, after the novel Poso Wells, brims with humor and adventure. Publishers Weekly plays with tropes ranging from the Robinson Crusoe story to the classic betrayed wife setup, to wrestle with the impossible-to-decode oddness of human life, which old stories can only hide for

The New Orleans of Fiction James A. Kaser, 2014-07-29 The importance of New Orleans in American culture has made the city s place in the American imagination a crucial topic for literary scholars and cultural historians While databases of bibliographical information on New Orleans centered fiction are available they are of little use to scholars researching works written before the 1980s In The New Orleans of Fiction A Research Guide James A Kaser provides detailed synopses for more than 500 works of fiction significantly set in New Orleans and published between 1836 and 1980 The synopses include plot summaries names of major characters and an indication of physical settings An appendix provides bibliographical information for works dating from 1981 well into the 21st century while a biographical section provides basic information about the authors some of whom are obscure and would be difficult to find in other sources Written to assist researchers in locating works of fiction for analysis the plot summaries highlight ways in which the works touch on major aspects of social history and cultural studies i e class ethnicity gender immigrant experience and race The book is also a useful reader advisory tool for librarians and readers who want to identify materials for leisure reading particularly since genre juvenile and young adult fiction as well as literary fiction are included

Fables George Moir Bussey, 1842 **Fables of Power** Annabel Patterson, 1991-03-26 In this imaginative and illuminating work Annabel Patterson traces the origins and meanings of the Aesopian fable as well as its function in Renaissance culture and subsequently She shows how the fable worked as a medium of political analysis and communication especially from or on behalf of the politically powerless Patterson begins with an analysis of the legendary Life of Aesop its cultural history and philosophical implications a topic that involves such widely separated figures as La Fontaine Hegel and Vygotsky The myth s

origin is recovered here in the saving myth of Aesop the Ethiopian black ugly who began as a slave but become both free and influential a source of political wisdom She then traces the early modern history of the fable from Caxton Lydgate and Henryson through the eighteenth century focusing on such figures as Spenser Sidney Lyly Shakespeare and Milton as well as the lesser known John Ogilby Sir Roger L Estrange and Samuel Croxall Patterson discusses the famous fable of The Belly and the Members which because it articulated in symbolic terms some of the most intransigent problems in political philosophy and practice was still going strong as a symbolic text in the mid nineteenth century where it was focused on industrial relations by Karl Marx and by George Eliot against electoral reform
