Freud In Brooklyn:

Freud in Brooklyn Joanna Fuhrman, 1998 **The Hidden Freud** Joseph H. Berke, 2018-04-17 This book explores Sigmund Freud and his Jewish roots and demonstrates the input of the Jewish mystical tradition into Western culture via psychoanalysis It shows how Freud utilized the Jewish mystical tradition to develop a science of subjectivity *History of Psychology in Autobiography* Leendert P. Mos, 2009-06-12 Since the 17th century autobiography has an honorable place in the study of history In 1930 the preeminent historian of psychology Edwin Boring writes that a science separated from its history lacks direction and promises a future of uncertain importance To understand what psychology is and what it is becoming the autobiographies of famous psychologists is history at its best Here we find model inquirers of the science who offer a personalized account of themselves and their vocation in the context of the history of the science What is characteristic of many of those who have contributed to an alternate vision of psychological science is that they never considered themselves or were considered by others as belonging to the mainstream of the discipline In considering an alternative history of psychology in autobiography the editor invited contributors whose research and writings have pushed the discipline in other directions pushed its limits and whose scholarship finds its philosophical framework outside the discipline altogether If these contributors may not be model inquirers their scholarship is very much a matter of consequence for those who wish to understand psychology Among the outliers included here are those who devoted themselves to the writing of psychology examining its history theories research and professional practices and who enthusiastically embraced over the course of their lives the discipline as a human science Their influence has been subtle as has been their appeal to many students who affection for the discipline finds its promise in a discerning self awareness and a critical understanding of others and their worlds This volume is not simply a collection of personal chronologies which might inspire or lend appreciation to a younger generation Our contributors write from their personal and professional experience of course but they write of their thinking and understanding of the psyche as an aspect of human life of psychology as an academic form of human sciences inquiry and so bring to bear their scientific and philosophical imagination to their personal challenges in their chosen vocation as psychologists Our contributors cover a broad swath of the second half of the 20th century the century of psychology Nurturing the discipline from within various philosophical social political and cultural roots their autobiographies exemplify marginality if not alienation from the mainstream even as their professional and personal lives give expression to engaged scholarship commitment to vocation and straightforwardly and reflectively a love of the heart From Germany Carl Graumann from France Erika Apfelbaum from Canada David Bakan and Kurt Danziger and from the United States Amedeo Giorgi Robert Rieber and Joseph Rychlak relate their lives to the larger contexts of our times Their personal stories are an integral part of the historiography of our discipline Indeed a contribution to historiography of our discipline is constituted in their autobiographical self presentations for their writings attest as much to their lives as model

inquirers as they do to the possibility of psychology as a human science *Neo-Burlesque* Lynn Sally,2021-10-27 The neo burlesque movement seeks to restore a sense of glamour theatricality and humor to striptease Neo burlesque performers strut their stuff in front of audiences that appreciate their playful brand of pro sex often gender bending feminism Performance studies scholar and acclaimed burlesque artist Lynn Sally offers an inside look at the history culture and philosophy of New York s neo burlesque scene Revealing how twenty first century neo burlesque is in constant dialogue with the classic burlesque of the nineteenth and twentieth centuries she considers how today s performers use camp to comment on preconceived notions of femininity She also explores how the striptease performer directs the audience s gaze putting on layers of meaning while taking off layers of clothing Through detailed profiles of iconic neo burlesque performers such as Dita Von Teese Dirty Martini Julie Atlas Muz and World Famous BOB this book makes the case for understanding neo burlesque as a new sexual revolution Yet it also examines the broader community of Pro Am performers who use neo burlesque as a liberating vehicle for self expression Raising important questions about what feminism looks like Neo Burlesque celebrates a revolutionary performing art and participatory culture whose acts have political reverberations both onstage and off **Freud's Patients** Mikkel Borch-Jacobsen,2021-10-13 Portraits of the thirty eight known patients Sigmund Freud treated clinically some well known many obscure reveal a darker more complex picture of the famed psychoanalyst Everyone knows the characters described by Freud in his case histories Dora the Rat Man the Wolf Man But what do we know of the people the lives behind these famous pseudonyms Ida Bauer Ernst Lanzer Sergius Pankejeff Do we know the circumstances that led them to Freud s consulting room or how they fared how they really fared following their treatments And what of those patients about whom Freud wrote nothing or very little Pauline Silberstein who threw herself from the fourth floor of her analyst s building Elfriede Hirschfeld Freud s grand patient and chief tormentor the fashionable architect Karl Mayreder the psychotic millionaire Carl Liebmann and so many others In an absorbing sequence of portraits Mikkel Borch Jacobsen offers the stories of these men and women some comic many tragic all of them deeply moving In total thirty eight lives tell us as much about Freud s clinical practice as his celebrated case studies revealing a darker and more complex Freud than is usually portrayed the doctor as his patients their friends and their families saw him Freud on Coke David Cohen,2011-11-21 The story of Freud s involvement with cocaine and how it affected research long after he died The book tells of a number of drug related tragedies Freud was involved in including the death of Ernest Fleischl and that of the less well known Otto Gross who was a good analyst a cocaine addict and has advanced ideas about sex which led him to founding an orgiastic commune in Italy Freud devotees will be unhappy with the book because it depicts their hero as all too human but it is a balanced view *Freud's Adolescence* Florian Houssier,2023-02-03 In Freud s Adolescence Florian Houssier looks at the early years of the Father of Psychoanalysis and considers how his personal experiences shaped his later work Including excerpts from many letters written by Freud himself this volume allows a rare glimpse into the inner thoughts

and emotions of one of his generation's greatest minds Engaging with this lesser known period of Freud's life the vivacity of his incestuous and parricidal fantasies comes to the surface infiltrating his relational life as well as his dreams Houssier proposes a new hypothesis about the conflicts of Freud's adolescence and their impact on his tendencies in later conflicts This is the first book that sustains a systematic analysis of this material and adds a new dimension to the biography of Freud by exploring links between his life and creativity from a current theorisation of the adolescent process This book will be an essential read for all psychoanalysts psychologists lecturers followers of Freud's work and those looking into psychoanalysis as a whole *Freud's Blind Spot* Elisa Albert, 2010-11-16 Relationships with our siblings stretch as an old saying has it all the way from the cradle to the grave Few bonds in life are as significant as formative as lasting and as frequently overlooked as those we share with our brothers and sisters In this stellar first of its kind anthology contemporary writers explore the rich and varied landscape of sibling experience illuminating the essential occasionally wonderful often difficult ways our brothers and sisters or lack thereof shape us There are those who love and cherish their siblings those who abhor and avoid them and everyone in between

The Names and Addresses of the Voters for the Communist Party Ticket in the 1936 General Election of the Boroughs of New York City Estados Unidos. Congress. House. Special Committee on Un-American Activities (1938-1944), 1936

The Escape of Sigmund Freud David Cohen, 2012-03-29 The gripping true story of the founder of psychoanalysis and how he made it out of Austria after the Nazi takeover The Independent Sigmund Freud was not a practicing Jew but that made no difference to the Nazis as they burned his books in the early 1930s Goebbels and Himmler wanted all psychoanalysts especially Freud dead and after the annexation of Austria it became clear that Freud needed to leave Vienna But a Nazi raid on his house put the Freuds' escape at risk With never before seen material this biography reveals details of the last two years of Freud's life and the people who helped him in his hour of need among them Anton Sauerwald who defied his Nazi superiors to make the doctor's departure possible The Escape of Sigmund Freud also delves into the great thinker's work and recounts the arrest of Freud's daughter Anna by the Gestapo the dramatic saga behind the signing of Freud's exit visa and his eventual escape to London and how the Freud family would have an opportunity to save Sauerwald's life in turn Full of fascinating insights and anecdotes Cohen draws copiously on the correspondence between Freud and his nephew Sam to paint a vivid picture of their complex and deeply troubled family Daily Mail An illuminating look at the end of the life of a giant of psychology Kirkus Reviews

Coffee with Freud Brett Kahr, 2018-05-08 This is the second volume in Brett Kahr's Interviews with Icons series following on from Tea with Winnicott Professor Kahr himself a highly regarded psychoanalyst turns his attention to the work of the father of psychoanalysis The book is lavishly illustrated by Alison Bechdel winner of the MacArthur Foundation Genius Award Sigmund Freud pays another visit to Vienna's renowned Cafe Landtmann where he had often enjoyed reading newspapers and sipping coffee Freud explains how he came to invent psychoanalysis speaks bluntly about his feelings of betrayal by Carl Gustav Jung

recounts his flight from the Nazis and so much more all the while explaining his theories of symptom formation and psychosexuality Framed as a posthumous interview the book serves as the perfect introduction to the work of Freud while examining the context in which he lived and worked Kahr examines his legacy and considers what Freud has to teach us In a world where manifestations of sexuality and issues of the mind are ever more widely discussed the work of Sigmund Freud is more relevant than ever **Against Freud** Todd Dufresne,2007 Against Freud is a highly accessible informative and entertaining examination of Freud s controversial ideas and legacy by the world s most knowledgeable critics of psychoanalysis **State Hospital Bulletin** New York. State Hospital Commission,1908 Sigma Nu fraternity delta ,1910

Repression and Dissociation Jerome L. Singer,1995-06 This book features contributions from twenty six leading experts that survey the theoretical historical methodological empirical and clinical aspects of repression and the repressive personality style from both psychoanalytic and cognitive psychological perspectives Rarely does a volume present contributions on a controversial topic from such distinguished clinicians and experimentalists There is something of interest in this volume for almost anyone involved in experimental cognitive psychology and psychiatry Carroll E Izard Contemporary Psychology The concept of repression is the cornerstone of psychoanalytic theory This is a delightful book unusually well written Recommended Choice Readable thorough wide ranging and consistently interesting A testament to the continuing power of psychodynamic ideas when faced with individual psychopathology Sue Llewelyn Psychologist Singer has brought together some of the best empirical research in the areas of unconscious mental activity and repression that is at once interdisciplinary and scholarly Howard D Lerner International Review of Psycho analysis A rich reference replete with summaries and citations covering a variety of topics related to the psychology of repression and dissociation A thoughtful detailed and eclectic discussion of the scientific and theoretical basis of repression and dissociation Steven Lazrove M D American Journal of Psychiatry **Nietzsche's Presence in Freud's Life and Thought** Ronald Lehrer,1995-01-01 This book examines the nature of Freud s relationship to the philosopher Friedrich Nietzsche Nietzsche regarded himself among other things as a psychologist His psychological explorations included an understanding of the meaning and function of dreams the unconscious sublimation of drives drives turned inward upon the self unconscious guilt unconscious envy unconscious resistance and much more that anticipated some of Freud s fundamental psychoanalytic concepts Although Freud wrote of Nietzsche having anticipated psychoanalytic concepts he denied that Nietzsche had any influence on his thought Freud's World Luis A. Cordón,2012-05-08 Comprising well known and obscure information this compendium provides a historical context to the facts of Sigmund Freud s life theories and influence on society Sigmund Freud is one of the most influential 20th century intellectuals in Europe and the United States His innovative theories and unprecedented practices are topics worthy of extensive review but just as fascinating are the events of his life and the origins of his core beliefs Freud s World An Encyclopedia of His Life and Times organizes the important components of Freud s life and work in

an encyclopedia format enabling readers to quickly zero in on the particular ideas individuals and circumstances that contributed to his vast influence Controversy about the scientific utility of psychoanalytic concepts is specifically addressed Gathering a wide range of information into a single easy to read volume this book serves as an ideal starting point for any student interested in learning about Sigmund Freud

Performing Arts in Transition Susanne Foellmer, Maria Katharina Schmidt, Cornelia Schmitz, 2018-12-07 Artists especially from dance and performance art as well as opera are involved to an increasing degree in the transfer between different media not only in their productions but also the events materials and documents that surround them At the same time the focus on that which remains has become central to any discussion of performance Performing Arts in Transition explores what takes place in the moments of transition from one medium to another and from the live performance to that which survives it Case studies from a broad range of interdisciplinary scholars address phenomena such as The dynamics of transfer between the performing and visual arts The philosophy and terminologies of transitioning between media Narratives and counternarratives in historical re creations The status of chronology and the document in art scholarship This is an essential contribution to a vibrant multidisciplinary and international field of research emerging at the intersections of performance visual arts and media studies [The Cambridge History of American Theatre](#) Don B. Wilmeth, Christopher Bigsby, 1998 This is an authoritative and wide ranging history of American theatre in all its dimensions from theatre building to playwriting directors performers and designers Engaging the theatre as a performance art a cultural institution and a fact of American social and political life the history addresses the economic context that conditioned the drama presented The history approaches its subject with a full awareness of relevant developments in literary criticism cultural analysis and performance theory At the same time it is designed to be an accessible challenging narrative All volumes include an extensive overview and timeline followed by chapters on specific aspects of theatre Volume Three examines the development of the theatre after World War II through the productions of Broadway and beyond and into regional theatre across the country Contributors also analyze new directions in theatre design directing and acting as well as key plays and playwrights through the 1990s
