*Friedrich Hebbel* Emil Kuh, 2001      *Hebbel's Prose Tragedies* Mary Garland, 1973-07-05 A study of the nineteenth century German writer Friedrich Hebbel concentrating on his tragedies in prose and examining in particular the way in which the language is used to convey Hebbel's beliefs attitudes and intellectual preoccupations and also the dramatic effects The three tragedies Judith Maria Magdalene and Agnes Bernauer are studied in turn      Studies in the Lyric Poems of Friedrich Hebbel Albert Gubelmann, 2015-07-16 Excerpt from *Studies in the Lyric Poems of Friedrich Hebbel* The Sensuous in Hebbel's Lyric Poetry The scope purpose and method of these Studies are discussed at some length in the introductory chapter The attempt is also there made to justify our investigation of the sensuous element in Hebbel's lyric poetry This justification is here stated in brief so that the nature of our Studies may be fairly understood at the outset One may well look with suspicion upon criticism that avowedly confines itself to the material side of poetic invention As related to the poetic art such criticism is a species of vivisection the successive steps are so many incisions into vital tissue that has been mechanically disengaged from the organism As related to the completed art work such criticism is a kind of autopsy The part under examination is dead It cannot live separated from the vital creation of which it formed a part And so there is a strong feeling that investigation of mental phenomena should be something more than mere isolation of constituent parts of such phenomena to their mutual destruction We expect the systematic psychologist to distinguish the mind's various functions and in addition to reveal the fine interfusion the subtle interplay of these functions in human consciousness Similarly we wish the literary critic to lay bare the distinct elements that have entered into a work and also to show the perfect co-ordination of these elements in an organic whole In his drama Sappho Grillparzer makes the poetess thank the Gods for conferring upon her der Dichtung vollen Kocher Ein Herz zu fuhlen einen Geist zu denken Und Kraft zu bilden was ich mir gedacht About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
